CLASSIFICATION OF SERVICE

SCHEDULE A - FARM AND HOME SERVICE

RATE  
PER UNIT

APPLICABLE: In all territory served by the seller.

AVAILABILITY:

Available to residents for all uses in the home and on the farm and for other consumers using single-phase service requiring 25 KVA or less of transformer capacity for ordinary merchandising establishments, repair shops, garage and service stations, schools, churches and community buildings, all subject to the established rules and regulations of the seller.

(T)

TYPE OF SERVICE:

Single-phase, 60 cycles, at available secondary voltages.

RATES PER MONTH:

First	25 KWH	@	8¢ per KWH
Next	25 KWH	@	4¢ per KWH
Next	50 KWH	@	3¢ per KWH
Next	100 KWH	@	2¢ per KWH
Remaining	KWH	@	1¢ per KWH

MINIMUM CHARGES:

The minimum monthly charge to consumers billed under the above rate shall be \$2.00 except for schools, churches and community buildings. See paragraph below. Payment of the minimum charge shall entitle the consumer to the use of the number of kilowatt hours corresponding to the minimum charge in accordance with the foregoing rate.

(R)

The minimum annual charge to schools, churches and community buildings billed under the above rate shall be

SCHEDULE B - COMMERCIAL & INDUSTRIAL LIGHTING & POWER SERVICE

RATE  
PER UNIT

POWER FACTOR ADJUSTMENT:

The consumer agrees to maintain unity power factor as nearly as practicable. Demand charges will be adjusted to correct for average power factors lower than 80% when the Seller deems necessary. Such adjustments will be made by increasing the measured demand 1% of each 1% by which the average power factor is less than 80% lagging.

MINIMUM MONTHLY CHARGE:

The minimum monthly charge under the above rate shall be \$2.00 for single-phase service. The minimum monthly charge for three-phase service shall be 75¢ per KVA of installed transformer capacity. Where it is necessary to extend or re-enforce existing distribution facilities, the minimum monthly charge may be increased to assure adequate compensation for the added facilities. Where the minimum charge is increased in accordance with the terms of this section, additional energy and demand shall be included in accordance with the foregoing rate schedule.

SERVICE AT PRIMARY VOLTAGE:

If service is furnished at primary distribution voltage, a discount of 10% shall apply to the demand and energy charges. If the minimum charge is based on transformer capacity, a discount of 10% shall also apply to the minimum charge. However, service may be metered at secondary voltage and adjusted to primary metering by adding the estimated transformer losses to the metered kilowatt hours and kilowatt demand.

1st Revised SHEET NO. 7

CLASSIFICATION OF SERVICE

SCHEDULE LPR - LARGE POWER RATE

RATE  
PER UNIT

POWER FACTOR ADJUSTMENT:

The consumer agrees to maintain unity power factor as nearly as practicable. Power factor may be measured at any time. Should such measurements indicate that the power factor at the time of maximum demand is less than 85%, the demand for billing purposes shall be the demand as indicated or recorded by the demand meter multiplied by 85% and divided by the per cent power factor.

MINIMUM MONTHLY CHARGE:

The minimum monthly charge shall be the higher one of the following:

1. The minimum monthly charge specified in the service contract.
2. A charge of \$0.75 per KVA per month of installed transformer capacity.

PRIMARY SERVICE:

If service is furnished at 7200/12470 volts or above, a discount of 10% shall apply to the Demand and Energy charges. The Seller shall have the option of metering at secondary voltage.

WATER PUMPING SERVICE:

Water pumping loads for water districts or other legal entities may be served under this rate at a discount. Off-peak operation, load factor, plant investment, cost of service and other related information shall be considered in order to determine the rate of discount which may apply and which may be written into the contract for service.

TERMS OF PAYMENT:

The above rates are net, the gross rates being 10% higher on the first \$25.00. If the current monthly bill is not paid by the 15th of the month following the meter reading date, the gross rates shall then apply.

**RULES AND REGULATIONS**

1. SCOPE - This Schedule of Rules and Regulations is a part of all contracts for receiving electric service from the Cooperative and applies to all service received from the Cooperative whether the service received is based upon a contract, agreement, signed application, or otherwise. No employee or individual director of the Cooperative is permitted to make an exception to rates or Rules and Regulations. Rates and rules of service may be obtained from the Cooperative's office.
2. REVISIONS - These Rules and Regulations may be revised, amended, supplemented or otherwise changed from time to time without notice. Such changes, when effective, shall have the same force and effect as the present Rules and Regulations. The members shall be informed of any changes as soon as possible, after adoption by the Board of Directors, through the Cooperative's monthly newsletter.
3. CONSUMER'S RESPONSIBILITY FOR COOPERATIVE'S PROPERTY - All meters, service connections, and other equipment furnished by the Cooperative shall be, and remain, the property of the Cooperative. The member shall exercise proper care to protect the property of the Cooperative on its premises and, in the event of loss or damage to the Cooperative's property arising from neglect of member to care for same, the cost of necessary repairs or replacements shall be paid by the member.
4. CONTINUITY OF SERVICE - The Cooperative shall use reasonable diligence to provide a constant and uninterrupted supply of electric power and energy. However, if such supply should fail or be interrupted or become defective through act of God, or public enemy, or by accidents, strikes, labor troubles, or by action of the elements, or inability to secure rights-of-way or other permits needed, or for any other cause beyond the reasonable control of the Cooperative, the Cooperative shall not be liable therefor.
5. RELOCATION OF LINES BY REQUEST OF MEMBERS - The Cooperative's established lines shall not be relocated unless the expense for moving and relocating is paid by the member, except in instances where it would be to the advantage of the Cooperative to make such relocation.
6. APPLICATION FOR SERVICE - Each prospective member desiring electric service shall be required to sign the Cooperative's "Application for Membership and Electric Service," before service is supplied by the Cooperative and provide the Cooperative with necessary easements or right-of-way permits.

**RULES AND REGULATIONS**

7. MEMBERSHIP FEE - The membership fee as set forth in the By-Laws shall be ten (I) dollars (\$10.00), upon the payment of which a member shall be eligible for one service connection. An additional fee of ten dollars (\$10.00) shall be charged for each additional service. The membership fee shall be refunded, if all bills are paid, or shall be applied against any unpaid bills of the member at the time service is discontinued, which will automatically terminate the membership. Service covered by each meter shall be billed separately.

8. RIGHT OF ACCESS - The Cooperative's employees shall have access to member's premises at all reasonable times for the purpose of reading meter, testing, repairing, removing, or exchanging any and all equipment belonging to the Cooperative.

9. MEMBER'S DISCONTINUANCE OF SERVICE - Any member desiring service discontinued or changed for one location to another shall give the Cooperative three (3) days notice in person or in writing, provided such notice does not violate contractual obligations.

10. SERVICE CHARGES - No charge will be made for the initial installation of service, or for a service replacing one which has been destroyed by fire. However, a service charge of \$2.50 will be made to a new occupant for the reconnecting or transferring of such service. Service charge will be due and payable at time of connection or transfer or upon notice of said charge. Also, service calls made by the Cooperative pertaining to the consumer's premises shall be charged for at the rate of \$2.50 per call. No service calls shall be made and no service shall be connected or reconnected after working hours unless there exists circumstances that will justify the additional expense. (N)

11. TEMPORARY SERVICE - Temporary service may be supplied to circuses, carnivals, fairs, and services of a transient nature in accordance with the existing rate schedules of the Cooperative except that the consumer shall pay, in addition to the regular rates, the total cost of connecting and disconnecting service less the value of materials returned to stock. An advance deposit may be required of the full amount of the estimated bill for service, including the cost of connection and disconnection.

12. SERVICE TO CONSUMERS WHICH MAY BE OF SHORT DURATION - In cases of service to power the pumping of oil wells, the operation of oil fields, and any and all other types of consumer services which may be of short duration, the Cooperative must and shall protect its investments on same in the following manner:

The consumer, at the time application is made for such service, shall pay a deposit to the Cooperative, in each instance, an amount equal to the cost of construction and

retirement, covering both material and labor involved, less salvage value on all material returned into stock. This deposit may be refunded at the rate of ten percent (10%) of the consumer's monthly power bills thereafter.

In case of a transfer of the lease or ownership on an oil well, or other property, the parties involved may make the necessary arrangements regarding the transfer of the deposit and settlement of same.

- 13. METER TESTS - All meters shall be checked for accuracy before installation. The Cooperative shall, at its own expense, make periodic tests and inspections of its meters in order to maintain a high standard of accuracy and to conform with the regulations of the Public Service Commission.

The Cooperative shall make additional tests of meters at the request of the member upon advance payment of a fee of two dollars and fifty cents (\$2.50). When the test, made at the member's request, shows the meter to be accurate within 2% slow or fast, no billing adjustment shall be made and the fee paid shall be forfeited to cover cost of the test.

When test shows the meter to be in excess of 2% fast or slow, an adjustment shall be made to the member's bill by recalculating the monthly bills for a period equal to one-half (1/2) of the time lapsed since the last previous test, which in no case shall exceed twelve (12) months and the cost of testing shall be borne by the Cooperative and the two dollars and fifty cents (\$2.50) fee paid by the member shall be refunded.

- 14. FAILURE OF METER TO REGISTER - In the event a member's meter shall fail to register, the member shall be billed from the date of such failure at the average consumption of the member based on the three (3) month period immediately preceding the failure.

- 15. DISCONTINUANCE OF SERVICE BY COOPERATIVE - The Cooperative may refuse to connect or may discontinue service to a member for the violation of any of its rules and regulations. The Cooperative may discontinue service to a member for theft of current or for the appearance of current-theft devices found on the premises of the member. The discontinuance of service by the Cooperative for any cause stated in this rule does not release the member from his obligation for all bills due

- 16. POINT OF DELIVERY - The point of delivery is the point designated by the Cooperative on member's premises where current is to be metered. All wiring and equipment beyond this point of delivery shall be supplied and maintained by the member. The member

Farmers Rural Electric Cooperative Corp.

RULES AND REGULATIONS

shall, however, notify the Cooperative of any proposed changes in his equipment or wiring which will materially increase or decrease his load so the Cooperative may check its equipment for adequacy to accommodate the consumer's requirement.

- 17. CONSUMER'S WIRING - All wiring of the member must conform to Cooperative's requirements and accepted modern standards. The member agrees to wire his premises in accordance with specifications at least equal to those prescribed by the National Electrical Code. The Cooperative, however, assumes no responsibility in respect to the type, standard of construction, protective equipment or the condition of the member's property, and will not be liable for any loss or injury to persons or property occurring on the premises or property of the member.

The member agrees to operate and maintain its facilities so as not to interfere with the service of the Cooperative to its other members. The member will have complete responsibility for all construction, operation, and maintenance beyond the meter and will save the Cooperative harmless against liability for injury or damages resulting in any manner from construction, location, operation, or maintenance of the member's facilities.

INSPECTION - All consumer's wiring must be inspected and approved before permanent connection for electric service is made by the Cooperative except where temporary service is desired during the construction of any permanent building. Fee for such inspection is payable at the Cooperative office.

- 19. METER READING - Each member receiving service shall supply the Cooperative with monthly readings on such date as designated by the Cooperative. Upon failure by the member to supply the Cooperative with three consecutive meter readings the Cooperative shall then read the meter and charge the member two dollars and fifty cents (\$2.50) for the extra service rendered. In the event an error in meter reading is made or member fails to return meter reading, the member shall pay an amount approximately equal to his average bill.

- 20. MINIMUM ANNUAL CHARGE FOR SEASONAL SERVICE - Consumers requiring service only during certain seasons, not exceeding 9 months per year, may guarantee a minimum annual payment of 12 times the minimum monthly charge determined in accordance with the rate applicable. In this case there shall be no minimum monthly charge. Payment of minimum annual charge shall entitle the consumer to the use of the corresponding number of kilowatt-hours in accordance with the rate applicable.

Charges shall be computed each month during which service is used in accordance with the rate applicable. The minimum annual charge shall be paid in advance each year before service is connected. No deduction shall be allowed for payments in excess of the minimum annual charge during the previous season. In case the consumer requires more than 3 KVA transformer capacity, the minimum annual charge may be

RULES AND REGULATIONS

increased at the rate of nine dollars (\$9.00) per additional KVA. The Cooperative may also charge for the cost of connecting and disconnecting this type of service.

- 21. CONSUMER BILLING AND COLLECTING POLICY - Bills are to be mailed on or before the first day of each month covering service rendered during the month ending at the first of the preceeding month.

Electric energy bills are due and payable from first through fifteenth of each month after which the gross amount will be 10% higher on the first \$25.00 of the current monthly bill. Failure to receive bill shall not release the obligation to pay. (T)

Delinquent letters are to be sent out on or about the 19th of each month. Field collection date for delinquent accounts shall be on or about the 25th of each month.

A \$2.50 fee is to be collected on first call and on all subsequent calls for purposes of collecting delinquent accounts.

No consumer is to be reconnected at any location without first having paid all previous indebtedness to Cooperative.

A service charge of \$2.50 shall be applied to each reconnect, regardless of whether a trip is required, and on service calls for trouble on consumer's side of meter. (N)

Invoice statement to be issued on or about 19th of following month covering each delinquent account.

Periodically all unpaid invoice statements are to be turned over to an attorney or competent collecting agency for further proceedings, provided such amount exceeds the membership fee.

When checks are returned from bank marked "Insufficient Funds" the drawer of said check is to be notified by letter and his service placed on the cut-off list along with other delinquent accounts and handled in the same manner as outlined above.

All consumers are to be members of the Cooperative. Cases of failure to pay membership fee shall be treated in the same manner as outlined above on delinquent accounts.

When a member-consumer is delinquent, the Cooperative may require an advance deposit of an amount equal to the estimated electric bills for two months. In certain cases of temporary service, and/or questionable cases, an advance deposit for two months estimated consumption may be charged at the time of initial service connect. Such advance payments may be refunded or consumed in electric energy used after 24 months of prompt payment.

LIGHTING LEASE AGREEMENT

The Farmers Rural Electric Cooperative Corporation, hereinafter called the Cooperative, and \_\_\_\_\_, a member of the Cooperative, hereby mutually agree as follows:

1. Cooperative will install, service and maintain, at no expense to the member-consumer, a lighting unit on a thirty foot pole at a location suitable to both parties and will furnish electricity for same which shall be controlled by a photo cell to energize the unit.
2. The member hereby agrees to furnish the location for the unit, to permit any tree trimming required for installation and will pay for the foregoing service at the rate of two dollars and fifty cents (\$2.50) monthly as billed on the regular electric bills.
3. The member further agrees that the unit, together with the poles and conductors may be removed at any time by the Cooperative upon failure to pay the charges set forth herein.
4. The member also agrees to protect the unit from damage insofar as said member is able and will be held liable for vandalism or willful destruction of same.
5. It is mutually agreed that the unit, as installed, remains the property of the Cooperative and will be removed at the request of the member upon the anniversary date of this agreement in any year. The minimum such period shall be one year.

6. Standard rate per lamp per year for overhead service on wood poles:
