

FOR ENTIRE TERRITORY SERVED
Community, Town or City

P.S.C. KY. NO. 8
REVISION #4 SHEET NO. 34.1

INTER-COUNTY ENERGY

(Name of Utility)

CANCELLING P.S.C. KY. NO. 8
REVISION #3 SHEET NO. 34.1

CLASSIFICATION OF SERVICE

Large Industrial Rate Schedule IND G

Applicable

Entire territory served.

Availability

Available to contracts with demand of 15,000 kW and greater with a monthly energy usage equal to or greater than 438 hours per kW of billing demand.

Character of Service

Three-phase, 60 Hertz AC, at available primary voltages. Consumer's equipment shall be operated in such a way that it does not cause electrical disturbances to other customers.

Monthly Rates

Facility Charge	\$5,726.70
Demand Charge per Billing kW	\$ 7.30
Energy Charge per kWh for all kWh	\$ 0.05184

Billing Demand

CANCELLED

April 2, 2025

**KENTUCKY PUBLIC
SERVICE COMMISSION**

(I)

The kW billing demand shall be the greater of (a) or (b) listed below:

- (a) The contract demand;
- (b) The consumer's highest demand during the current month or preceding eleven (11) months. Demand is the highest rate at which energy is used during any fifteen (15) minute interval and adjusted for power factor use.

(continued)

(D)

Minimum Monthly Bill

The minimum monthly charges shall not be less than the sum of (a) through (c) below:

- (a) Facility Charge, plus
- (b) The product of the billing demand multiplied by the demand charge, plus
- (c) The product of the contract demand multiplied by 438 hours and the energy charge per kWh, minus the fuel base per kWh.

Power Factor Adjustment

The customer agrees to maintain a unity power factor as nearly as practicable. The power factor may be measured at any time. When the power factor is determined to be less than 90% at the time of the monthly maximum demand, the demand will be adjusted by multiplying the customer's actual monthly maximum demand by 90% and dividing this product by the actual power factor at the time of the monthly maximum demand. When the power factor adjustment does not cause the billing demand to exceed the amount determined in the "BILLING DEMAND" section, there will be no adjustment for the power factor. If the power factor adjustment causes the billing demand to exceed the amount determined in the "BILLING DEMAND" section, the adjusted demand will not set a new demand level for purposes of computing the future demand level.

Fuel Adjustment Clause

The rate may be increased or decreased by an amount per kWh equal to the fuel adjustment amount per kWh as billed by the wholesale power supplier plus an allowance for line losses. The allowance for line loss will not exceed 10% and is based on a twelve-month moving average of such losses. *This clause is only applicable to actual energy usage.* The Fuel Adjustment Clause is subject to all applicable provisions as set forth in 807 KAR 5:056.

Special Provisions

Delivery Point – The delivery point shall be the metering point unless otherwise specified in the contract for service. All wiring, pole lines, other electrical equipment, except for metering equipment, on the load side of the delivery point shall be owned and maintained by the consumer.

Terms of Payment

The customer's bill will be due fifteen (15) days from the issuance of the bill. In the event the current monthly bill is not paid within fifteen (15) days from the issuance of the bill, ten percent (10%) shall be added to the bill.

Temporary Service

Consumers requiring temporary service under this rate schedule may be required to pay all costs of connecting and disconnecting, including any incidental amounts that arise from the supplying and removing of service. In addition to this amount, the consumer will be required to pay a deposit in an amount required to cover the estimated consumption of electricity. All of these amounts are to be paid in advance of the temporary service being connected.
