<b>RULES AND REGULATIONS</b>
<b>DSM 10 – COMMERCIAL/INDUSTRIAL GENERAL ENERGY EFFICIENCY PROGRAM</b>

**Availability**

DSM program rates, terms and conditions are available to any Member receiving service from a non-dedicated delivery point and being billed under Jackson Purchase Energy Corporation's (JPEC) Rate Schedules C-1, C-3, D, I-E, or L, subject to the limitations and eligibility requirements of this program, and to the rules and regulations of this tariff and as stipulated by the Big Rivers corresponding tariff.

**Purpose**

This program promotes increased implementation of energy efficiency projects among eligible Members by paying a Commercial and/or Industrial Member an incentive who implements an energy efficiency project(s) at its commercial or industrial facilities.

**Eligibility**

An eligible Member is a Member served from a non-dedicated delivery point and billed under JPEC's Rate Schedules C-1, C-3, D, I-E, or L, who implements an energy efficiency project(s) at its commercial and/or industrial facilities in JPEC's service area in accordance with the terms and conditions of this program.

**Member Incentives**

JPEC will pay a Commercial and/or Industrial Member an incentive payment of \$350.00 per kW of measureable improvements in demand reduction achieved by an energy efficiency project implemented by an eligible Member. The maximum incentive available per project is \$25,000.00

**Terms & Conditions**

To qualify for the incentive under this program, a Commercial and/or Industrial Member shall submit to JPEC the following information:

<b>RULES AND REGULATIONS</b>
<b>DSM 10 – COMMERCIAL/INDUSTRIAL GENERAL ENERGY EFFICIENCY PROGRAM</b>

1. Information from which the energy efficiency of the existing commercial and/or industrial facility can be calculated;
2. Information from which the energy efficiency of the upgraded commercial and/or industrial facility can be calculated after completion of the energy efficiency project, and the improvements in the energy efficiency of the commercial and/or industrial facility can be determined;
3. Information that documents the plans and specifications of the energy efficiency project, the purchase, construction or installation of the improvements of the energy efficiency project at the commercial and/or industrial facility, including a copy of the invoice(s) for materials and installation services associated with the project;
4. Certification by the Commercial and/or Industrial Member or a third party acting on behalf of the Commercial and/or Industrial Member, of the installation of the improvements specified in the energy efficiency project at the Commercial and/or Industrial Member's facility in JPEC's service area; and
5. A copy of the form showing the calculation of the demand reduction achieved by the energy efficiency project improvements, signed by the Commercial and/or Industrial Member.

**Evaluation, Measurement and Verification**

JPEC and Big Rivers will initiate a process of evaluation, measurement and verification for the program. The process will ensure the quality and effectiveness of the program and optimal use of resources.
