SCHEDULE E (Continued)

**RATE
PER UNIT**

(B) Bills for actual usage shall be rendered each month during which energy is used without regard to monthly minimum charge. If at the end of twelve months the total charges are less than the minimum annual charge, a charge for the difference shall be added to the bill for the twelfth month.

Delayed Payment Charge:

In the event the current monthly bill is not paid before or on the 18th day of the following month, five percent will be added to the bill.

SCHEDULE NO. 3

LARGE POWER INDUSTRIAL

KW DEMAND IN EXCESS OF 299 KW

AVAILABILITY:

Available to consumers served by the Jackson Purchase Rural Electric Cooperative Corporation located at or near the Cooperative's three phase lines using 300 KW or more per month.

RATE:

DEMAND CHARGE:

\$1.00 per month per KW of billing demand.

ENERGY CHARGE:

First	2,000 KWH per month @ 2.0¢ per KWH	(N)
Next	8,000 KWH per month @ 1.5¢ per KWH	
Next	20,000 KWH per month @ 1.3¢ per KWH	
Next	70,000 KWH per month @ 1.1¢ per KWH	
Over	100,000 KWH per month @ 1.0¢ per KWH	(N)

DETERMINATION OF BILLING DEMAND:

The billing demand shall be the maximum average kilowatt load used by the consumer for any period of fifteen (15) consecutive minutes during the month for which the bill is rendered as indicated or recorded by a demand meter.

POWER FACTOR:

The consumer agrees to maintain unity power factor as nearly as practicable. The Cooperative reserves the right to measure such power factor at any time. Should such measurements indicate that the power factor at the time of his maximum demand is less than 80%, the demand for billing purpose shall be the demand as indicated or recorded by the demand meter multiplied by 80% and divided by the percent power factor.

MINIMUM MONTHLY CHARGE:

The minimum monthly charge under the above rate shall be 75¢ per KVA of required transformer capacity or fraction thereof per month but in no case shall the minimum charge be less than \$225.00 per month.

Issued July 24, 1965 Effective: November 15, 1965

ISSUED BY:

Hobart C. Adams
Name of Officer

TITLE:

Manager

CONDITIONS OF SERVICE:

1. Motors having a rated capacity in excess of ten horsepower (10 H.P.) must be three-phase.
2. The consumer may connect lighting to power circuits from the power meter. Any additional transformers or regulating equipment which may be required for such lighting shall be furnished by the consumer.
3. All wiring, pole lines, and other electrical equipment beyond the metering point, exclusive of the service transformers and protective equipment, is considered the distribution system of the consumer and shall be furnished and maintained by the consumer.
4. If service is furnished at primary distribution voltage, a discount of ten percent (10%) shall apply to both the bill and to the above minimum charges.
5. Service will be rendered only under the following conditions:
 - (a) The consumer shall give satisfactory assurance supported by a written agreement as to the character, amount, and duration of the business offered.
 - (b) The consumer shall guarantee a minimum annual revenue of not less than 18% of the estimated additional investment required to extend service, which shall include the additional cost of meters, transformers, and any additions or alterations of lines and equipment necessary to make service available. Minimum charges for service shall be based on the additional investment only when this results in greater charges than those based on the KVA of installed transformer capacity as hereinbefore provided.

TERMS OF PAYMENT:

The above rates are net, the gross rates being five percent higher on the first \$225.00 and 2% on the remainder of the bill. In the event the current monthly bill is not paid before or on the 18th day of the following month, the gross rates shall apply.
