Minimum Bill Adjustments for Seasonal Air Conditioning Loads:

For the purpose of determining minimum monthly charges hereunder, motors used solely for air conditioning equipment which is in service only during the period April 15 to October 15 will not be considered as part of customer's total connected power load on bills rendered for those months of the year when such air conditioning equipment is not in service. Provided, however, that for billing purposes air conditioning equipment shall not be considered as out of service for more than six months in any one year. In no event shall the minimum bill for any month be less than \$1.00 for single-phase service, nor less than \$2.00 for three-phase service.
