

Louisville Gas and Electric Company

P.S.C. Electric No. 11, First Revision of Original Sheet No. 80
Canceling P.S.C. Electric No. 11, Original Sheet No. 80

Standard Rate

STOD SCHOOL TIME-OF-DAY SERVICE

APPLICABLE

In all territory served.

AVAILABILITY OF SERVICE

This rate schedule is available as an option for secondary service P-12 schools whose 12-month-average monthly minimum loads exceed 250 kW.

Service under this rate schedule is limited until the total projected revenue impact for customers taking service under SPS and STOD combined is \$750,000 annually compared to the projected annual revenues for the participating schools under the rates under which the schools would otherwise be served; wherein such projected impacts shall be calculated on billing data for the most recent 12-month period available to the Companies. The Kentucky School Boards Association ("KSBA") will be responsible for proposing schools for participation in this optional rate and the order in which such schools are proposed. LG&E will calculate and provide to KSBA the projected revenue impact of each proposed school.

A customer electing to take service under this rate schedule who subsequently elects to take service under another rate schedule, may not be allowed to return to this optional rate for 12 months from the date of exiting this rate schedule.

This rate schedule will expire on July 1, 2020 or when LG&E files its next base rate case, whichever is earlier. Customers on this rate schedule will be transferred at that time to the rate schedule under which they were formerly served.

RATE

	Secondary
Basic Service Charge per month:	\$200.00
Plus an Energy Charge per kWh:	\$ 0.03752
Plus a Maximum Load Charge per kW:	
Peak Demand Period:	\$ 6.13
Intermediate Demand Period:	\$ 4.64
Base Demand Period:	\$ 4.13

Where:

the monthly billing demand for the Peak and Intermediate Demand Periods is the greater of:

- the maximum measured load in the current billing period, or
- a minimum of 50% of the highest measured load in the preceding eleven (11) monthly billing periods, and

the monthly billing demand for the Base Demand Period is the greater of:

- the maximum measured load in the current billing period but not less than 250 kW, or
- the highest measured load in the preceding eleven (11) monthly billing periods, or
- the contract capacity based on the maximum load expected on the system or on facilities specified by Customer.
