**Re: Electronic Application of Louisville Gas and Electric Company for an Adjustment of its Electric and Gas Rates and Approval of Certain Regulatory and Accounting Treatments Case No. 2025-00114**

Dear Mr. Smith:

This letter is to notify you that, on May 30, 2025, Louisville Gas and Electric Company ("LG&E") filed an application for approval of adjustments to its gas and electric rates, terms, and conditions with the Kentucky Public Service Commission ("the Commission"). On October 20, 2025, LG&E filed a Stipulation and Recommendation with the Commission. On February 16, 2026, after evidentiary hearings, the Commission issued an Order approving the Stipulation with modifications. On March 27, 2026, the Commission issued an Order with corrections.

Louisville Water Company receives electric service from LG&E under a special contract dated October 10, 1961, with LG&E. The proposed revisions applicable to electric service under this power contract are set forth below:

- Demand Charge:** Increase from \$18.20 per kW to \$19.80 per kW of billing demand per month
- Energy Charge:** Increase from \$0.03660 per kWh to \$0.03879 per kWh
- Fuel Clause:** This special contract is subject to the provisions of the Fuel Adjustment Clause found in LG&E's Tariff PSC of KY. Electric No. 14, Original Sheet No. 85 and Original Sheet No. 85.1

All other provisions of your contract, not specifically mentioned here, remain the same as those in effect to the date of the Commission's Order of March 27, 2026, and all other Tariffs and Riders applicable to this contract will continue to apply.

Please contact me if you have any questions regarding this filing.
