**Case No. 2020-00350**

Dear Mr. Dowd:

On November 25, 2020, Louisville Gas and Electric Company ("LG&E") filed an application with the Kentucky Public Service Commission ("Commission") for approval of adjustments to its gas and electric rates, terms, and conditions. These adjustments resulted in changes to the rates for electric service under the power contract dated November 18, 2019, between LG&E and Mill Creek Clean Fuels, LLC.

On April 19, 2021, LG&E filed a Stipulation and Recommendation with the Commission proposing rates lower than those originally proposed in the Application dated November 25, 2020. On June 30, 2021, after evidentiary hearings, the Commission issued an Order approving the Stipulation with modifications.

The revisions applicable to electric service under the power contract dated November 18, 2019, between LG&E and Mill Creek Clean Fuels, LLC, are set forth below:

<b>Daily Basic Service Charge</b>	-	\$ 7.89 per day
<b>Energy Charge</b>	-	\$ 0.09172 per kWh
