SCHEDULE SL

Street Lighting

Availability:

This rate schedule is available, for street lighting services shown herein, in any community in which the Cooperative operates. Service is subject to the provisions herein and the provisions of the Cooperative's standard contract. Should the service not meet the standard provisions, then the Cooperative reserves the right to revise the charges listed hereinafter so as to include any unusual cost involved.

Conditions of Service:

1. All night service shall be from dusk to dawn.
2. Standard Overhead System: Street lighting equipment furnished under the standard overhead rate shall consist of wood poles, brackets, appropriate fixtures for the lamps being used, the necessary overhead street lighting circuit, protective equipment, controls and transformers. The Corporation will install, own, operate and maintain the entire street lighting service, including circuits, lighting fixtures and lamp replacements. The Customer shall pay the standard overhead rate. The Cooperative will, upon request furnish under the ornamental service rate, monolublar aluminum poles of it's own choosing, together with overhead wiring and all other equipment and provisions set out above. The Customer will pay the Ornamental Service Rate.
3. Other Than Standard Overhead System: Should the Customer require a system or equipment other than the standard overhead system set out above, the Customer may make a non-refundable contribution to the Cooperative in an amount equal to the difference between the cost of the standard system and the cost of the system or equipment required. The Customer shall similarly pay the difference in cost between replacements of required system or equipment and replacement of standard overhead systems or equipment. The Cooperative will maintain and operate the entire street lighting system. The Customer shall pay the standard overhead rate, except where special or ornamental street lighting service with underground wiring is involved, the Customer shall pay the ornamental service rate. However, if the Customer agrees to maintain the underground wiring and to replace same when necessary at Customer's expense, then the standard overhead rate will apply.
4. The system will be either series or multiple at the option of the Cooperative.
5. Any cost which are to be borne by the Customer shall be paid at the time of the installation.
