5th revision Sheet No. 28

CLASSIFICATION OF SERVICE

SCHEDULE 6 - STREET LIGHTING

APPLICABLE: Entire Service Area

AVAILABILITY OF SERVICE: This rate schedule is available for street lighting services shown herein, in any incorporated community in which the cooperative operates. Service is subject to the provisions herein and the provisions of the cooperative's standard contract. Should the service not meet the standard provision, then the Cooperative reserves the right to revise the charges listed hereinafter so as to include any unusual cost involved.

CONDITIONS OF SERVICE:

1. All night service shall be from dusk to dawn.
2. Standard Overhead System: Street lighting equipment furnished under the standard overhead rate shall consist of wood poles, brackets, appropriate fixtures for the lamps being used, the necessary overhead street lighting, protective equipment, controls and overhead wiring and transformers. The Cooperative will install, own, operate and maintain the entire street lighting service, included with the standard overhead rate. The Cooperative will, upon request furnish under the ornamental service rate, monolubar aluminum poles of its own choosing, together with overhead wiring and all other equipment and provisions set out above. The customer will pay the Ornamental Service Rate.
3. Other than Standard Overhead System: Should the customer require a system or equipment other than the standard overhead system set out above, the customer may make a non-refundable contribution to the Cooperative in an amount equal to the difference between the cost of the standard system and the cost of the system or equipment required. the customer shall similarly pay the difference in cost between replacements or required system or equipment and replacement of standard overhead systems or equipment. The Cooperative will maintain and operate the entire street lighting system. The customer shall pay the standard overhead rate, except where special or ornamental street lighting service or underground wiring is involved. However, if the customer agrees to maintain the underground wiring and to replace same when necessary at customer's expense, then the standard overhead rate or ornamental rate will apply as applicable. The system will either be series or multiple, mercury vapor or high pressure sodium, at the option of the Cooperative.
4. Any cost which are to be borne by the consumer will be paid at the time of the installations.
