## RULES AND REGULATIONS

## INSPECTION FEES

An inspection fee of five dollars (\$5.00) will be charged for each inspection, both rough-in and final on all new residential construction. The same fee will be charged for inspections of re-wiring and major changes in the electrical wiring system. This inspection fee also includes meter poles, temporary services and mobile homes. In the event that a re-inspection is required, an additional inspection fee for each re-inspection of \$5.00 will be charged.

On commercial, industrial or other large installations, the Cooperative will determine the cost of such an inspection and the owner will be billed accordingly.
