RULES AND REGULATIONS

1. SCOPE

(T) This schedule of Rules and Regulations is hereby made a part of all contracts for electric service received from Shelby Energy Cooperative Inc., hereinafter referred to as the Cooperative, and applies to all service received, whether such service is based upon a contract, agreement, signed application, or otherwise. No employee or director of the Cooperative is permitted to make an exception to rates and rules. Regulations are on file at the Cooperative's office and can be obtained there from Cooperative personnel. All Rules and Regulations shall be in effect so long as they do not conflict with Public Service Commission Rules and Regulations.

2. REVISIONS

(T) These Rules and Regulations may be revised, amended, supplemented, or otherwise changed from time to time after approval by Shelby Energy Cooperative, Inc.'s Board of Directors and the Public Service Commission. Such changes, when effective, shall have the same force as the present Rules and Regulations.

3. SERVICE AREA

The Cooperative furnishes electric power supplied in portions of Shelby, Henry, Trimble, Carroll, Oldham, Franklin, Owen, Spencer, Anderson, and Jefferson Counties.

CANCELLED

KENTUCKY PUBLIC SERVICE COMMISSION

4. AVAILABILITY

Available to all members of the Cooperative as specified in the tariff sheets and classifications of service.

KENTUCKY PUBLIC SERVICE COMMISSION

5. AVAILABILITY OF SERVICE TO DELINQUENT MEMBERS

If an application is received by a person residing with a delinquent member at the premises where power was supplied to the delinquent member, the application will be denied on the grounds that the applicant is applying as the agent of the delinquent member.

RULES AND REGULATIONS

6. EASEMENTS

Each member, together with his/her spouse and all other real estate title owners, shall grant or convey to the Cooperative, without cost, any permanent easements reasonably required by the Cooperative to provide electric service to that member for the installation, maintenance, and operation of the Cooperative's electrical distribution system, both existing and future, with right of ingress and egress for these purposes over the Member's property, provided such electrical distribution system is located on real estate owned, rented, or otherwise controlled by the member. The failure or refusal to convey such easements shall constitute grounds for discontinuing service.

7. RIGHT OF ACCESS

Each member shall, at the time of application provide the Cooperative with permits or shall sign right-of-way easements furnished by said Cooperative. The Cooperative shall at all reasonable hours have access to meters, service connections, and other property owned by it and located on the consumer's premises for purposes of placing, locating, building, constructing, operating, replacing, rebuilding, relocating, repairing, improving, enlarging, extending, and maintaining on, over, or under such lands and premises, or removing therefrom its electrical distribution system, new or existing lines, wires, poles, anchors, and other necessary parts.

Any employee or agent of the Cooperative whose duties require him/her to enter the consumer's premises shall wear a distinguishing uniform or insignia, identifying him/her as an employee of the Cooperative, or carry on his/her person a badge or other identification which will identify them as an employee or agent of the Cooperative, the same to be shown upon request.

RULES AND REGULATIONS

9. APPLICATION OF ELECTRIC SERVICE

Each prospective member and/or spouse desiring electric service will be required to sign the Cooperative's form of "Application for Membership and Electric Service". Also, where applicable, the prospective consumer must sign a contract pertaining to their particular service. The prospective consumer must provide the Cooperative with all necessary electrical permits and fully executed right-of-way easements for his/her property, and all necessary load information at the time of application for service. The consumer may be required to furnish his/her Social Security number, phone number, permanent address, place of employment, and name of spouse.

10. (T) MEMBERSHIP

- (T) No member may hold more than one membership in the Cooperative. Discontinuance of service
- (T) will automatically terminate membership. Membership is not transferable from one member to
- (T) another.

11. CONTINUITY OF SERVICE

The Cooperative shall use reasonable diligence to provide a constant and uninterrupted supply of electrical power and energy, but if such a supply should fail or be interrupted or become defective through an act of God, or the public enemy, or by accident, strikes or labor troubles, or by action of the elements, or other permits needed, or for any other cause beyond the reasonable control of the Cooperative, the Cooperative shall not be liable.

12. NON-STANDARD SERVICE

The member or consumer shall pay the cost of any special installation necessary to meet his/her requirements for service at other than standard voltage, or for the supply of closer voltage regulation than required by standard practices.

RULES AND REGULATIONS

BY: Stephan D. Bell
SECRETARY OF THE COMMISSION

13. BILLING

The Cooperative's billing period and billing procedures are as specified in the applicable rate schedule/tariff for electric service. Failure to receive the bill will not release the consumer from payment obligation.

14. DEPOSITS

The Cooperative may require a minimum cash deposit or other guaranty to secure payment of bills except for consumers qualifying for service reconnection pursuant to 807 KAR 5:006, Section 15, Winter Hardship Reconnection. Service may be refused or discontinued for failure to pay the requested deposit. Interest, as prescribed by KRS 278.460, will be paid annually either by refund or credit to the consumer's bill, except that no refund or credit will be made if the consumer's bill is delinquent on the anniversary date of the deposit.

The deposit may be waived upon a consumer's showing of satisfactory credit or payment history, and required deposits will be returned after one (1) year if the consumer has established a satisfactory payment record for that period. If a deposit has been waived or returned and the consumer fails to maintain a satisfactory payment record, a deposit may then be required. The Cooperative may require a deposit in addition to the initial deposit if the consumer's classification of service changes or if there is a substantial change in usage. Upon termination of service, the deposit, any principal amounts, and any interest earned and owing will be credited to the final bill with any remainder refunded to the consumer.

Residential/Commercial consumer's deposit shall be based upon actual usage of the consumer at the same or similar premises for the most recent 12-month period, if such information is available. If usage information is not available, the deposit will be based on the average bills of similar consumers and premises in the system. The deposit amount shall not exceed 2/12 of the consumer's actual or estimated annual bill where bills are rendered monthly.

In determining whether a deposit will be required or waived, the following criteria will be considered:

RULES AND REGULATIONS

14. DEPOSITS (continued)

1. Previous payment history with the Cooperative. If the consumer has no previous history with the Cooperative, statements from other utilities, banks, etc. may be presented by the consumer as evidence of good credit.
2. Whether the consumer has an established income or line of credit.
3. Length of time the consumer has resided or been located in the area.
4. Whether the consumer owns property in the area.
5. Whether the consumer has filed bankruptcy proceedings within the last seven years.
6. Whether another consumer with a good payment history is willing to sign as a guarantor for an amount equal to the required deposit.
- (T) 7. Whether the member has a satisfactory credit record and rating as reported by credit bureaus/agencies.
- (T) 8. Whether the member has been found to have previously diverted or tampered with service.

If a deposit is held longer than 18 months, the deposit will be recalculated at the consumer's request based on the consumer's actual usage. If the deposit on account differs from the recalculated amount by more than \$10.00 for a residential consumer or 10% for a non-residential consumer, the Cooperative may collect any underpayment and shall refund any overpayment by check or credit to the consumer's bill. No refund will be made if the consumer's bill is delinquent at the time of the recalculation.

15. LEVELIZED (BUDGET) BILLING

Levelized/Budget Billing is available to all residential customers. The Levelized Payment Plan for each account is determined by:

1. A. For consumers on service with twelve (12) month's usage history, the charges for the past twelve (12) month's usage will be totaled.

For consumers with less than twelve (12) month's usage history, the available monthly charges for usage plus monthly charges from previous usage history to equal twelve (12) consecutive month's usage will be totaled. If no previous usage history is available, the remaining month's charges will be estimated by the Cooperative based on the electric needs of the service location.

SHEET NO. _____

15. LEVELIZED (BUDGET) BILLING

1. A. For new consumers connecting to an established service location, charges for twelve (12) consecutive month's usage from previous usage history will be totaled. If no previous usage history is available, the charges will be estimated by the Cooperative based on the electric energy needs of the service location.

For consumers connecting to a new service location, the charges will be estimated by the Cooperative based on the electric energy needs of the service location.
- B. Dividing this total by twelve (12). This amount will then be the monthly payment for the account. Accounts with estimated payments will be monitored monthly and adjusted if usage indicates that the account will not be current upon payment of last budget amount.
- C. Each month the twelfth (12th) month of charges is dropped and the current month of charges added, keeping a twelve (12) month current average, thereby never having a catch-up month. Estimated accounts will be monitored monthly and adjusted if usage indicates that the account will not be current upon payment of last budget amount.
2. Each monthly bill will reflect the actual amount of electricity used and the status of the member's account, including the current amount to be paid.
3. Consumer agrees to make monthly payments when due or the agreement will be voided and the total balance, if any, will be due and payable.
4. The agreement remains in effect until canceled by the consumer or the Cooperative or by the member's failure to make payments as outlined above.

16. PARTIAL PAYMENT PLAN

Consumers who are unable to pay their bills may come to the office during regular office hours and make arrangements for a partial payment plan and retention of service. The consumer must

appear in person within the ten (10) day notice period to negotiate the partial payment plan to avoid collection of the bill or disconnection of the service.

The Cooperative shall negotiate and accept reasonable partial payment plans. The partial payment plan shall be mutually agreed upon and permit the consumer to become current in payment of the account within a timely manner. Should the partial payment plan extend for a period of longer than 30 days, the plan must be in writing and signed by the consumer. In addition to the payment of the current bill, the consumer may be offered an option of payment arrears by one (1) payment per month or more than one (1) payment per month. The consumer will be allowed to make additional payments or larger payments, at any time, in order to become current. The Cooperative will not negotiate a partial payment plan with a consumer who is delinquent under a previous partial payment plan.

17. CERTIFICATE OF NEED FROM DEPARTMENT FOR SOCIAL INSURANCE

Upon written certification from one of the Kentucky Department for Social Insurance offices, a consumer who is eligible for energy assistance under the Department's guidelines or is certified as being in genuine financial need, defined as any household with gross income at or below 130% of the poverty level, and who has been given a ten (10) day notice for nonpayment of his/her electric bill rendered between November 1 and March 31 and who presents such notice to the Department for Social Insurance, shall be allowed thirty (30) days in addition to such ten (10) day notice period in which to negotiate a partial payment plan with Shelby Energy provided such certification is delivered to Shelby Energy during the initial ten (10) day notice period by the applicant in person, by his/her agent, by mail, or by telephone call from an employee of the Department of Social Insurance. The thirty (30) day period shall begin to run at the end of the tenth day of the ten (10) day period.

will also inform the consumer on the reverse side of the (10) day notice of the telephone number and address of the nearest office of the Kentucky Cabinet for Human Resources, Department of Social Insurance.

18. LOCATION OF METERS

Meters shall be easily accessible for reading, testing, and making necessary adjustments and repairs and shall be located at a site designated by Shelby Energy.

19. MONITORING OF CONSUMER USAGE

If a customer is discovered to have an unusual deviation in his/her monthly usage, the Cooperative will contact that customer to investigate that unusual deviation and offer energy auditing services to assist in determining the source of the deviation.

The Cooperative utilizes computer programs to flag unusual deviations in a consumer's usage on consumer accounts. KWH readings are also compared to the previous month's reading to assure that the new reading is at least greater than the previous reading. Any extremely large variations are also marked at this time.

The computer programs used to monitor unusual deviations are:

A. Data Entry Exception History: Immediately upon completion of data entry of new kWh readings, an exception listing appears which flags any readings that do not conform to previously set standards. Those standards are:

1. Attempt to enter a five digit reading to an account where only a four dial meter is installed.
2. A reading which would generate a bill for over 5,000 kWh for all accounts.
3. A reading which is lower than the previous month's reading.

RULES AND REGULATIONS

19. MONITORING OF CONSUMER USAGE (continued)

B. High-Low Exception Report: Before the monthly bill calculations, a high-low exception report is run which flags any readings which would generate a bill usage 50% higher or 50% lower than the average of the three preceding months or the corresponding month one year ago.

If an unusual deviation cannot be readily determined, such as a keypunch error, the source document is checked to determine cause for excepting listing.

If the cause for unusual deviation cannot be identified from available documents, a meter reader is dispatched to obtain a new reading. This reading is then compared to the reading previously entered to determine variance.

20. RECONNECTION CHARGE:

When service has been disconnected for other than non-payment of delinquent bill and the Cooperative is requested to reconnect at the same location, a thirty-five dollar (\$35.00) ® reconnect fee will be charged if reconnected outside the regular working hours.

21. COLLECTION OF DELINQUENT ACCOUNTS:

Should it become necessary for the Cooperative to send a representative to the consumer's premises for collection of a delinquent account, there may be a service call charge of thirty dollars (\$30.00) assessed if service is terminated, the bill is paid in the course of the trip, or payment arrangements are made. The charge can only be made once in a billing period. The charge will be due and payable at the time such delinquent account is collected.

In the event a member is disconnected for non-payment of a delinquent account and requests reconnection during regular working hours, a thirty-five dollar (\$35.00) service call charge and a (T) and a thirty dollar (\$30.00) collection fee will be assessed for a total amount of sixty-five dollars (T) (\$65.00). After regular working hours, the service call charge will be seventy-five dollars (\$75.00). (I)

22. CHECKS RETURNED - UNHONORED BY BANK

When a check received in payment of a consumer's account is returned unpaid by the bank for any reason, the Cooperative will notify such consumer by letter, stating the amount of the check and reason for its return. Returned checks will then be considered the same as a delinquent account, and if payment is not received for the check within ten (10) business days after notification, service may be discontinued as prescribed under the section of Rules #16, 17, #21 and #25 dealing with unpaid accounts. A \$25.00 service charge shall be added to all returned unhonored checks. (I) The Cooperative shall have the right to refuse to accept checks in payment of an account from any consumer that has demonstrated poor credit risk.

23. TAMPERING

If meters or other property belonging to the Cooperative are tampered on interfered with, the consumer being supplied through such equipment shall pay the amount which the Cooperative may estimate is due for service rendered, but not registered on the Cooperative's meter and for such replacement and repairs as are necessary, as well as for costs of inspection, investigation, and protective installations.

24. NOTICE OF TROUBLE

The consumer shall give immediate notice at the office of the Cooperative of any interruption or irregularities or unsatisfactory service and of any defects known to the consumer.

The Cooperative may, as of deems necessary, suspend supply of electrical energy to any consumer or consumers for the purpose of making repairs, changes or improvements upon any part of its system.

25. DISCONTINUANCE AND REFUSAL OR TERMINATION OF SERVICE

Any member desiring service discontinued or changed from one address to another shall give the Cooperative three (#) days' notice, in person, writing, or telephone, provided such notice does not violate contractual obligations or tariff provisions. The consumer shall not be responsible for charges for service beyond the three (3) day notice period if the consumer provides reasonable notice.

25. DISCONTINUANCE AND REFUSAL OF SERVICE (continued)

access to the meter during the notice period. If the consumer notifies the utility of their request for termination by telephone, the burden of proof is on the consumer to prove that service termination was requested if a dispute arises.

The Cooperative may refuse or discontinue to serve an applicant or consumer under the following conditions:

- A. For noncompliance with its Rules and Regulations. However, the Cooperative shall not discontinue or refuse service to any consumer or applicant for violation of its Rules and Regulations without first having made reasonable effort to induce the consumer or applicant to comply with the Rules and Regulations as filed with the Public Service Commission. After such effort on the part of the Cooperative, service may be disconnected or refused only after the member shall have been given at least ten (10) days written notice of such intention, mailed to his/her last known address.
- B. When a dangerous condition is found to exist on the member's or applicant's premises, the service shall be discontinued without notice or refused, provided that the Cooperative notify the consumer or applicant immediately of the reasons for the discontinuance or refusal and the corrective action to be taken by them before service can be installed or restored.
- C. When a consumer or applicant refuses or neglects to provide reasonable access to the premises for the purposes of installation, operation, meter reading, maintenance, or removal of the Cooperative's property, employees or agents of the Cooperative may discontinue or refuse service only after the consumer or applicant shall have been given at least fifteen (15) days written notice of such intention.
- D. The Cooperative may not furnish service to any applicant when such applicant is indebted to the Cooperative for service furnished until such applicant shall have paid such indebtedness or negotiated a satisfactory agreement.

25. DISCONTINUANCE AND REFUSAL OR TERMINATION OF SERVICE (continued)

- E. The Cooperative may refuse or discontinue service to a member or applicant if the consumer or applicant does not comply with state, county, or other codes, rules, and regulations applying to such service.
- F. THE COOPERATIVE MAY DISCONTINUE SERVICE UNDER THE FOLLOWING CONDITIONS:

For non-payment of bills. However, the Cooperative shall not discontinue service to any member for non-payment of bills (including extra charges) without first having made reasonable effort to induce the member to pay same. The consumer shall be given at least ten (10) days written notice, but the disconnect shall not be effective for twenty-seven (27) days after the mailing date of the original bill. Such termination notice shall be exclusive of and separate from the original bill. If, prior to discontinuance of service, there is delivered to the Cooperative office or to its employees empowered to discontinue service, payment of the amount in arrears, the discontinuance of service shall not be made, or where a written certificate is filed signed by a physician, a registered nurse, or a public health officer, stating that in the opinion of the person making the certification, discontinuance of service will aggravate an existing illness or infirmity on the affected premises, service shall not be discontinued until the affected resident can make other living arrangements or until thirty (30) days elapse from the time of the Cooperative's notification to the member in writing of the existence of local, state, and federal programs providing for the payment of the Cooperative bills under certain conditions and of the offices to contact for such possible assistance. The written notice for any discontinuance of service shall advise the consumer of his/her rights to dispute service reasons for such discontinuance.

26. INSPECTIONS

- (T) Shelby Energy Cooperative, Inc. shall not initiate new permanent electric service until the required certificate of approval has been issued by a certified electrical inspector as required by local or state laws.

27. TEMPORARY SERVICE

A member or consumer requesting temporary service may be required to pay all cost of construction, removing, connecting, and disconnecting service. Construction contractors, camps, campsites, barns, barnsites, sawmills, oil wells, carnivals, fairs, camp meetings, etc., after making application for service, will be provided service after they pay an advance fee equal to the reasonable cost of constructing and removing such facilities along with a deposit for estimated kWh usage.

Upon termination of temporary service, the payment paid on estimated usage will be adjusted to actual usage and either a refund or additional billing will be issued to such temporary member or consumer.

Temporary service used for such construction may only be utilized for a period not to exceed twelve (12) months after which time the service will be disconnected unless a written extension of time is obtained from the Cooperative.

28. CONSUMER'S LIABILITY

The consumer shall assume full responsibility for service upon his/her premises at and from the point of delivery thereof, and for wires, apparatus, devices, and appurtenances thereon used in connection with service. Consumer shall indemnify, hold harmless and defend the Cooperative against all claims, demands, cost or expense for loss, damage, or injury to persons or property in any manner directly or indirectly arising from, connected with, or growing out of the transmission or use of electricity by consumer at or on the consumer's side of point of delivery.

29. PROTECTION OF THE COOPERATIVE EQUIPMENT

The consumer shall protect the equipment of the Cooperative on his/her premises and shall not interfere with or alter or permit interference with or alteration of the Cooperative's meter or other property except by duly authorized representatives of the Cooperative.

For any loss or damage to the property of the Cooperative due to or caused by or arising from carelessness, neglect, vandalism, or misuses by the consumer or other unauthorized persons, the

cost of the necessary replacement and repairs shall be paid for by the consumer. After proper negotiations with the Cooperative and if unable to reach an agreement, a court of law having jurisdiction over the parties shall determine the cost.

30. POINT OF DELIVERY

1. A. Approval shall be obtained from the Cooperative as to the proper location for a service entrance.
- B. Service entrances will be located on the exterior of the building nearest to the Cooperative's lines. For members desiring service entrances on any building at a location other than that closest to the Cooperative's lines, the additional estimated cost of such special construction as may be found necessary shall be borne by the member, and such cost shall be paid in advance before service can be connected.
- C. Service entrances, both overhead and underground, shall be installed in accordance with applicable codes, and the Cooperative shall not connect until the required certificate of compliance has been issued by the required certified electrical inspector. In event of an emergency, a temporary waiver may be issued by the Cooperative to allow connection pending completion of electrical inspection.
2. Point of service (or delivery) shall be that point where the facilities of the Cooperative join the member's facilities, irrespective of the location of the meter, and will normally be at the weatherhead on overhead lines and at the meter base on underground service. All wiring and equipment beyond this point of service shall be supplied and maintained by the member. The member will, however, notify the Cooperative of any proposed changes in his equipment or wiring which will materially increase or decrease his load so the Cooperative may check its equipment to make certain it will accommodate the member's load requirements.

RULES AND REGULATIONS OF THE COMMISSION

31. RESALE OF POWER BY MEMBERS

All purchased electric service used on the premises of the member shall be supplied exclusively by the Cooperative, and the member shall not directly or indirectly sell, sublet, or otherwise dispose of the electric service or any part thereof, except by written contract approved by the Board of Directors of this Cooperative.

32. METER BASES

Meter bases are provided by the Cooperative for all normal new services and all normal service upratings. Special designs or unusual situations may require a contribution from the member.

33. METER READING

The Cooperative will provide meter reading services to all consumer accounts in accordance with the rates and tariffs filed with the Public Service Commission.

34. SEPARATE METER FOR EACH SERVICE

The Cooperative will normally furnish a single meter at the point of connection to the consumer's premises. Any consumer desiring service at two or more separately metered locations of connection to the system shall be billed separately at each point and the registration of such meters shall not be added for billing purposes, except by written contract approved by the Board of Directors of the Cooperative. Only one residence may be served for each meter location.

35. FRAUDULENT USE

When the Cooperative has discovered evidence that by fraudulent or illegal means, a consumer has obtained unauthorized service or has diverted the service for unauthorized use or has obtained same without being properly measured, the service to the consumer may be disconnected immediately and without notice. Within 24 hours after such termination, the utility shall send written notification to the consumer of the reasons for termination or refusal of service and of the consumer's right to challenge the termination by filing a complaint with the Public

Service Commission. The Cooperative shall not be required to restore service until the Cooperative has been reimbursed for the estimated amount of service rendered and the cost incurred by fraudulent use.

It shall be the duty of the Cooperative before making service connections to a new consumer to ascertain the condition of the meter and service facilities for such consumer in order that prior fraudulent use of the facilities, if any, will not be attributed to the new consumer, and the new consumer shall be afforded the opportunity to be present at such inspection. The Cooperative shall not be required to render service to such consumer until all defects in the consumer-owned portion of the service, if any, have been corrected.

36. METER POLE

The Cooperative may, upon request, serve a meter pole to be wired by the consumer. The electrical load should be sufficient to justify at least a 200 ampere service. A means of disconnect satisfying National Electric Code requirements shall be installed on the load side of the meter base. The meter pole and all equipment on said pole, exclusive of the meter shall be installed and owned by the consumer. The pole location shall be determined by the Cooperative and the service must comply with the applicable codes and be inspected as required by state and local laws.

37. RELOCATION OF LINES

When the Cooperative is requested or required to relocate its facilities for any reason, any expense involved will be paid by the firm, person, or persons requesting the relocation, unless one or more of the following conditions are met:

- A. The relocation is made for the convenience of the Cooperative.
- B. The relocation will result in a substantial improvement in the Cooperative's facilities.

37. RELOCATION OF LINES (continued)

C. That the relocation is associated with other regularly scheduled conversion or construction work and can be done at the same time.

38. A. NORMAL SERVICE EXTENSIONS

An extension to a permanent residence of one thousand (1,000) feet or less shall be made by Shelby Energy to its existing distribution line without charge for a prospective member who shall apply for and agree to use the service for one year or more and provides guarantee for such service. The "service drop" to the structure from the distribution line at the last pole shall not be included in the foregoing measurements. This distribution line extension shall be limited to service where installed transformer capacity does not exceed 25 KVA. Any extensions to a consumer who may require polyphase service or whose installed transformer capacity will exceed 25 KVA will be required to pay in advance additional cost of construction which exceeds that for a single phase line where the installed transformer capacity does not exceed 25 KVA.

38. B. OTHER EXTENSIONS

1. When an extension of Shelby Energy's line to service a member or a group of members amounts to more than 1,000 feet per member, the total cost of the excessive footage over 1,000 feet per member shall be deposited by the applicant or applicants based on the estimated cost of the total extension.
2. Each member receiving service under such extension will be reimbursed under the following plan:

Each year for a period of ten (10) years, which for the purpose of this rule shall be the refund period, the Cooperative shall refund to the member or members who paid for the excess footage the cost of 1,000 feet of the extension in place for each additional member connected during the year whose service line is directly connected to the extension installed and not to extensions or laterals therefrom, but in no case shall the total

2. amount refunded exceed the amount paid the Cooperative. After the end of the refund period, no refund will be required to be made. For additional consumers connected to an extension or lateral from the distribution line, the Cooperative shall refund to any consumer who paid for excessive footage the cost of 1,000 feet of line less the length of the lateral or extension.
3. An applicant desiring an extension to a proposed real estate subdivision may be required to pay the entire cost of the extension. Each year for a period of ten (10) years, the Cooperative shall refund to the applicant who paid for the extension, a sum equivalent to the cost of 1,000 feet of the extension installed for each additional member connected during the year; but in no case shall the total amount refunded exceed the amount paid to the Cooperative. After the end of the refund period from the completion of the extension, no refund will be required to be made.
4. The member may elect to clear the right-of way to reduce his cost of connection.

39. LINE EXTENSION TO MOBILE HOMES

- A. All extensions up to 300 feet from the nearest facility shall be made ~~at no extra charge.~~
- B. All required fee charges and advances shall be paid before construction begins, and mobile home must be set in place before service can be extended.
- C. The consumer shall install and own the meter pole and it shall ~~meet the requirements of~~ the applicable codes and shall be located at a site designated by Shelby Energy.

41. UNDERGROUND ELECTRIC SERVICE BY Stephen D. Bell
SECRETARY OF THE COMMISSION

- C. 1. private property across which rights-of-way and easements satisfactory to the Cooperative are provided without cost or condemnation by the Cooperative.
2. Rights-of-way and easements suitable to the Cooperative for the underground distribution facilities must be furnished by the applicant in reasonable time to meet service requirements. The applicant shall make the area in which the underground distribution facilities are to be located accessible to the Cooperative's equipment, remove all obstructions from such area, stake to show property lines and final grade, perform rough grading to a reasonable approximation of final grade, and maintain clearing and grading during construction by the Cooperative. Suitable land rights shall be granted to the Cooperative, obligating the applicant and subsequent property owners to provide continuing access to the Cooperative for operation, maintenance, or replacement of its facilities, and to prevent any encroachment in the Cooperative's easement including changes in grade or elevation thereof.

D. Installation of Underground Distribution System Within New Subdivision

1. Where appropriate contractual arrangements have been made, the Cooperative shall install within the subdivision an underground electric distribution system of sufficient capacity and suitable materials which, in its judgment will assure that the property owners will receive safe and adequate electric service for the foreseeable future.
2. All single-phase conductors installed by the utility shall be underground. Appurtenances such as transformers, pedestal-mounted terminals, switching equipment, and meter cabinets may be placed above ground.
3. Three-phase primary mains or feeders required within a subdivision to supply local distribution or to serve individual three-phase loads may be overhead unless underground is required by governmental authority or chosen by the applicant, in

41. UNDERGROUND ELECTRIC SERVICE continued

D. Installation of Underground Distribution System Within New Subdivisions

- 12. All electrical facilities shall be installed and constructed to comply with the Rules and Regulations of the Public Service Commission, all applicable codes, and Shelby Energy specifications.
- 13. For all other developments that do not meet the conditions set forth in these rules underground distribution will be installed provided a Customer Advance For Construction to the Cooperative is made in an amount equal to the difference between the Cooperative's estimated cost of underground facilities and overhead facilities, which it would otherwise provide.

42. METER TESTING

Each and ever watt-hour meter installed by the Cooperative on consumer's premises shall be tested periodically without charge to the consumer. Any other request for meter test shall be complied with by the Cooperative and the consumer may be required to pay a \$32.50 meter test deposit. If the meter tests more than 2% fast, the \$32.50 deposit shall be returned to the consumer and a credit, based on Public Service Commission Rules and Regulations shall be issued by the Cooperative to the consumer. If the meter is more than 2% slow, the member shall be billed for the difference, based on Public Service Commission Rules and Regulations. If the meter tests within the Commission's limits, the \$32.50 may be retained to offset the cost of the meter test. Such tests may not be made more frequently than once each twelve (12) months.

32. TAXES

Pursuant to the authority vested in KRS 139.210, there shall be added to the bill of all applicable subscribers, the sales and use tax imposed by KRS 1239.200. The Utility Gross Receipts License Tax for schools is authorized by KRS 160.613 shall be added to all applicable subscriber's bills in accordance with KRS 160.617, which authorizes a rate increase for the school tax.

RULES AND REGULATIONS

44. VOLTAGE FLUCTUATIONS CAUSED BY MEMBER OR CONSUMER

Electric service must not be used in such a manner as to cause unusual fluctuations or disturbances to the Distribution System. The Cooperative may require the consumer, at his/her own expense, to install suitable apparatus which will reasonably limit such fluctuation.

45. CONFLICT

In case of conflict between any provisions of any rate schedule and the schedule of Rules and Regulations, the rate schedule/tariff shall apply.

46. FILING AND POSTING

A copy of these Rules and Regulations, together with a copy of the Cooperative's schedule of rates and charges, shall be kept open to inspection at the office of the Cooperative.

47. CLASSIFICATION OF CONSUMERS

Classification of consumers for accounting purposes is in accordance with the prescribed RUS Manual of Accounts.

48. STANDARD NOMINAL VOLTAGES

The standard nominal voltages for single and polyphase services throughout the distribution system are as specified below. Availability of a service voltage(s) is contingent upon existing service voltages(s) and other system parameters.

<u>Single Phase (volts)</u>	<u>Three Phase (volts)</u>
120/240	120/208 Y
240/480	240 delta
7,200	240 delta, 120/240 lighting
14,400	277/480 Y
	480 delta

50. ENERGY EMERGENCY CONTROL PROGRAM - Re: PSC Admin. Case No. 353

(T) Purpose - To provide a plan for reducing the consumption of electric energy on Shelby Energy Cooperative, Inc.'s system in the event of a severe electric energy shortage.

For the purpose of this program, the following priority levels have been established:

- I. Essential Health and Safety Uses -- as defined in Appendix A
- II. Residential Use
- III. Commercial and Industrial Uses
- IV. Nonessential Uses -- as defined in Appendix B
- V. Interruptible Loads
- VI. Direct Load Control

CANCELLED
OCT 01 2013
 KENTUCKY PUBLIC
 SERVICE COMMISSION

Procedures - The Wholesale Power Cooperative, East Kentucky Power Cooperative, Inc., ("EKPC"), will notify Shelby Energy in the event of a severe electric energy shortage, and the following steps will be implemented. These steps will be carried out to the extent not prohibited by contractual commitments or by order of the regulatory authorities having jurisdiction.

EKPC and Shelby Energy will take the following actions listed in priority order PUBLIC SERVICE COMMISSION
OF KENTUCKY
EFFECTIVE

1. EKPC will initiate Direct Load Control and notify Shelby Energy.
2. EKPC will interrupt Interruptible Loads and notify Shelby Energy.
3. Shelby Energy will initiate its Load Reduction Procedure, Appendix C.

APPENDIX "A"

ESSENTIAL HEALTH AND SAFETY USES

Essential health and safety uses given special consideration in these procedures shall, insofar as the situation permits, include the following types of use and such other uses which the Commission may subsequently identify:

- (a) "Hospitals", which shall be limited to institutions providing medical care to patients.
- (b) "Life Support Equipment", which shall be limited to kidney machines, respirators, and similar equipment used to sustain the life of a person.
- (c) "Police Stations and Government Detention Institutions", which shall be limited to essential uses required for police activities and the operation of facilities used for the detention of persons. These uses shall include essential street, highway and signal-lighting services.
- (d) "Fire Stations", which shall be limited to facilities housing mobile fire-fighting apparatus.
- (e) "Communication Services", which shall be limited to essential uses required for telephone, telegraph, television, radio and newspaper operations.
- (f) "Water and Sewage Services", which shall be limited to essential uses required for the supply of water to a community, flood pumping and sewage disposal.
- (g) "Transportation and Defense-related Services", which shall be limited to essential uses required for the operation, guidance control and navigation of air, rail and mass transit systems, including those uses essential to the national defense and operation of state and local emergency services.
- (h) "Other Energy Source Services", which shall be limited to essential uses required for the production, transportation, transmission and distribution -- for fuel -- of natural or manufactured gas, coal, oil or gasoline.

Appendix "A" - Essential Health and Safety Uses (continued)

- (i) "Perishable Food or Medicine", which shall be limited to refrigeration for the storage and preservation of perishable food or medicine, when that use is substantially all of the customer's load.

Although these types of uses will be given special consideration when implementing the manual load-shedding provisions of this procedure, these customers are encouraged to install emergency generation equipment if continuity of service is essential. In case of customers supplied from two utility sources, only one source will be given special consideration. Also, any other customers who, in their opinion, have critical equipment should install emergency generation equipment. Shelby Energy's specific emergency list is on file in its office.

NONESSENTIAL USES

The following and similar types of uses of electric energy and others which the Commission may subsequently identify shall be considered nonessential for all customers:

- (a) Outdoor flood and advertising lighting, except for the minimum level to protect life and property, and a single illuminated sign identifying commercial facilities when operating after dark.
- (b) General interior lighting levels greater than minimum functional levels.
- (c) Show-window and display lighting.
- (d) Parking-lot lighting above minimum functional levels.
- (e) Energy use greater than that necessary to maintain a temperature of not less than 76 degrees during operation of cooling equipment and not more than 68 degrees during operation of heating equipment.
- (f) Elevator and escalator use in excess of the minimum necessary for non-peak hours of use.
- (g) Energy use greater than that which is the minimum required for lighting, heating or cooling of commercial or industrial facilities for maintenance cleaning or business-related activities during non-business hours.

RULES AND REGULATIONS

APPENDIX "C"

LOAD REDUCTION PROCEDURE

Objective:

To reduce demand at Shelby Energy's facilities over the time period during which an electric energy shortage is anticipated.

Criteria:

This procedure is implemented when a *Load Reduction Alert* is issued. The President and General Manager has the responsibility of issuing a Load Reduction Alert.

Procedure:

1. The President and General Manager receives notice from EKPC of capacity shortage.
2. The President and General Manager is responsible for seeing that employees are participating in achieving the largest load reduction possible while still maintaining the service of the facility and not unduly jeopardizing safety.
3. Each Department Manager is responsible for seeing that employees are participating in achieving the largest load reduction possible while still maintaining the service of the facility and not unduly jeopardizing safety.
4. Examples of load reduction are:
 - turning off all but a minimum of indoor and outdoor lighting
 - turning off microcomputers, printers, copiers, and other office equipment except as they are used
 - in the winter, setting thermostats no higher than 68 degrees, and in the summer no lower than 76 degrees

VOLTAGE REDUCTION PROCEDURE

Objective:

To reduce demand on Shelby Energy's system over the period during which an electric energy shortage is anticipated by reducing the set point on system voltage regulators.

Criteria:

This procedure is implemented when requested by EKPC System Operator.

Procedure:

Shelby Energy will immediately dispatch personnel to reduce set points on regulators as much as possible while continuing to maintain minimum voltage requirements as prescribed by the Kentucky Public Service Commission. Shelby Energy's specific plan is on file in its office.

APPENDIX "E"

VOLUNTARY LOAD REDUCTION PROCEDURE

Objective:

To reduce demand on Shelby Energy's system over the period during which an electric energy shortage is anticipated through media appeal for consumers to curtail energy use.

Criteria:

This procedure is implemented when requested by EKPC Marketing and Communications Division personnel.

Procedure:

Notify the following radio stations: WHAS, Louisville; WIKI, Carrollton; WKX, Eminence; and WCND, Shelbyville of the electrical shortage and ask them to make the public service announcement recommended by EKPC personnel. An example announcement is as follows:

"Attention all Rural Electric Members:

Shelby Energy is experiencing a critical shortage of electricity to its members, and is requesting that all non-essential electrical appliances and lighting be turned off, and thermostats be lowered/raised immediately until (time of emergency).

(T) **Shelby Energy is encountering record high usage of electricity during this period of extreme low/high temperatures, and to help us keep from having a power blackout in your area, we need your help NOW until (time of emergency).**

Please turn off all electricity you do not have to have on.

Thank you for your cooperation."

Notify the following industrial or large commercial consumers to request them to curtail their energy use as well: Shelby Energy's specific industrial or large commercial consumer listing is on file in its office.

APPENDIX "F"

MANDATORY LOAD CURTAILMENT PROCEDURE

Objective:

To reduce demand on Shelby Energy's system over the period during which an electric energy shortage is anticipated by interrupting firm consumer load in five percent (5%) blocks up to a total of twenty percent (20%) of the system load.

Criteria:

This procedure is implemented when requested by the EKPC System Operator. This procedure will only be requested after the Governor of Kentucky has issued a statewide State of Emergency Order.

Procedures:

Shelby Energy will immediately dispatch personnel to interrupt service to member consumer loads to achieve the reduction requested by EKPC. This may be achieved by interrupting services to certain nonessential loads for the entire period of the emergency or by rotating outages to various substation feeder circuits. Shelby Energy's specific plan is on file in its office.
