**Touchstone Energy Manufactured Home Program**

**Purpose**

The Touchstone Energy Manufactured Home Program is a conservation program that encourages the sale of more energy-efficient manufactured homes. It is based on the *Energy Star* standards for manufactured homes, a nationally recognized symbol of energy efficiency and quality developed and operated jointly by the U.S. Environmental Protection Agency (EPA) and the U.S. Department of Energy (DOE).

**Availability**

This program is available in all service territory served by Shelby Energy Cooperative.

**Eligibility**

To qualify as a Touchstone Energy Manufactured Home under this program, the participating manufactured home must be located in the service territory of Shelby Energy Cooperative and meet the *Energy Star* standards by including additional floor, wall and ceiling insulation, double pane windows and an electric heat pump.

**Rebate**

Shelby Energy Cooperative will provide an incentive to members who participate in this program by offering a one-time rebate. Shelby Energy Cooperative will rebate \$200 per certified manufactured home to the participating member. Rebates will be paid to the participant upon written certification that the participant has met *Shelby Energy Cooperative* standards for newly constructed manufactured homes.

**Annual Reports**

Shelby Energy Cooperative in coordination with East Kentucky Power Cooperative, Inc. ("EKPC"), will submit annual reports on the Program that contain the number of participants from each Member System, the annual costs, including the costs of the rebates, and the status of the rebate provision. EKPC will file the first report by March 31, 2009, and annually thereafter.

**Term**

The Touchstone Energy Manufactured Home Program will remain in effect through the end of 2011. If Shelby Energy Cooperative should decide to continue the entire program beyond 2011, an application for approval from the Kentucky Public Service Commission will be filed 6 months prior to the date of continuation.
