**SECTION DSM**

**BUTTON-UP WEATHERIZATION PROGRAM**

**PURPOSE**

The Button-Up Weatherization Program offers an incentive for reducing the heat loss of a home. The retail member/homeowner may qualify for this incentive by improving insulation, installing higher efficiency windows and doors, or by reducing the air leakage of their home.

**AVAILABILITY**

| This program is available to residential members/homeowners served by Shelby Energy Cooperative.

**ELIGIBILITY**

This program is targeted at older single-family, multi-family or manufactured dwellings. Eligibility requirements are:

- Home must be two (2) years old or older to qualify for the incentive.
- Primary source of heat must be electricity.
- Eligible dwellings may qualify for one of four levels:

**BUTTON-UP LEVEL I**

The insulation portion of the Button-Up incentive will promote the reduction of energy usage on the part of the retail member by providing an incentive of \$40 per one thousand British thermal unit per hour (Btuh) reduced, up to \$520 resulting from improved insulation or installing higher efficiency windows or doors. Heat loss calculation of Btuh reduced will be made by Shelby Energy Cooperative using either Manual J 8<sup>th</sup> Edition or through other methods approved by East Kentucky Power Cooperative (EKPC). Heat loss calculations in Btuh are based on the winter design temperature.

**SECTION DSM**

**BUTTON-UP WEATHERIZATION PROGRAM**

**BUTTON-UP LEVEL I W/ AIR SEALING**

The air sealing portion of the Button Up incentive will promote the reduction of energy usage through air sealing on the part of retail members. Typical air sealing could include caulking, improved weather stripping, sealing attic accesses, etc. To receive this incentive either an EKPC approved contractor or Shelby Energy Cooperative representative must perform a "pre" and "post" blower door test to measure actual Btuh reduced. This portion of the Button Up incentive will also pay \$40 per thousand Btuh's reduced and increases the Button-Up Level I maximum incentive to \$750.

**BUTTON-UP LEVEL II**

The Button-Up Level II portion of this incentive will promote energy conservation through a whole house approach. This level of incentive is targeted at retail members experiencing high energy bills as a result of excessive heat loss from multiple causes. The incentive promotes the member to address all of the problems in their home at one time. Retail members who reduce their home's energy needs by 26,500 Btuh are eligible for the full Button up Level I Air Seal incentive plus an additional \$310 for a total of \$1,060. To receive this incentive either an EKPC approved contractor or Shelby Energy Cooperative representative must perform a "pre" and "post" inspection/blower door and duct leakage test of the home to measure actual Btuh reduced. Each home must meet minimum requirements as determined by Shelby Energy Cooperative.

**BUTTON-UP LEVEL III**

The Button-Up Level III portion of this incentive will promote energy conservation through a whole house approach. This level of incentive is targeted at retail members experiencing extremely high energy bills as a result of excessive heat loss from multiple causes. The incentive promotes the member to address all of the problems in their home at one time. Retail members who reduce their home's energy needs by 34,250 Btuh are eligible for the full Button-Up Level I Air Seal incentive plus an

additional \$620 for a total of \$1,370. To receive this incentive either an EKPC approved contractor or Shelby Energy Cooperative representative must perform a "pre" and "post" inspection/blower door and duct leakage test of the home to measure actual Btuh reduced. Each home must meet minimum requirements as determined by Shelby Energy Cooperative

**BUTTON-UP LEVEL I INCENTIVE**

Shelby Energy Cooperative will provide an incentive to residential members/homeowners of \$40 per one thousand Btuh reduced, up to \$520. A blower door test is not required to receive this incentive up to the maximum incentive of \$520.

**BUTTON-UP LEVEL I WITH AIR SEALING INCENTIVE**

Shelby Energy Cooperative will provide an incentive to residential members/homeowner of \$40 per one thousand Btuh reduced, up to \$750. To qualify for the increased maximum incentive of \$750 as noted herein, a blower door test is required.

**BUTTON-UP LEVEL II INCENTIVE**

Shelby Energy Cooperative will provide an incentive of \$1,060 to residential members/homeowner who reduce their home's energy needs by 26,500 Btuh. To qualify for the increased maximum incentive as noted herein, the home must pass a blower door test, duct leakage test, and meet the minimum program requirements.
