is not paid within fifteen (15) days from the date of the bill, the gross rates shall apply.

SPECIAL RULES: (Conditions of Service)

The single-phase power service is limited to a single phase motor not in excess of ten horsepower capacity.

Motors having a rated capacity in excess of ten horsepower must be three-phase.

In those cases where additional investment is required for three-phase service, it will be rendered only after the following conditions are met:

1. The consumer will give satisfactory assurance by means of a written agreement as to the character, amount and duration of the business offered.
2. The consumer will guarantee a minimum monthly bill for the three-phase service which will be computed on the basis of  $1\frac{1}{2}$  per cent of the additional investment, which includes the additional cost of transformers, necessary to make three-phase service available. This minimum bill will be effective for a period of three (3) years from the date on which service commences. After this period the regular monthly minimum charge will be effective.
3. In no case, however, will the minimum bill for three-phase service be less than the previously specified "Minimum Monthly Charge."
