RULES AND REGULATIONS

SEP 20 1984

A. GENERAL

PURSUANT TO 807 KAR 5:011,  
SECTION 9(1)

BY: Jordan Cheel

1. SCOPE

This Schedule of Rules and Regulations is a part of all contracts for receiving electric service from the Cooperative and applied to all service received from the Cooperative whether the service received is based upon a contract, agreement, signed application, or otherwise. No employee or individual director of the Cooperative is permitted to make an exception to rates or Rules and Regulations. Rates and service information can be obtained from the Cooperative's office or Cooperative personnel.

2. REVISIONS

These Rules and Regulations may be revised, amended, supplemented, or otherwise changed from time to time after approval of Big Sandy R.E.C.C.'s Board of Directors and the Public Service Commission. Such changes when effective shall have the same force as the present Rules and Regulations. The Consumers shall be informed of any changes as soon as possible, after adoption by the Board of Directors, through the Cooperative's monthly newsletter or direct mailing.

3. CONSUMER'S RESPONSIBILITY FOR COOPERATIVE'S PROPERTY

All meters, service connections, and other equipment furnished by the Cooperative shall be, and remain, the property of the Cooperative. The consumers shall exercise proper care to protect the property of the Cooperative on its premises; and in the event of loss or damage to the Cooperative's property arising from neglect of the consumer to care for same, the cost of necessary repairs or replacement shall be paid by the consumer.

4. CONTINUITY OF SERVICE

The Cooperative shall use reasonable diligence to provide a constant and uninterrupted supply of electric power and energy, but if such a supply should fail or be interrupted or become defective through an act of God, or the public enemy, or by accident, strikes, labor troubles, or by action of the elements, or by inability to secure right(s)-of-way or other permits needed, or for any other cause beyond the reasonable control of the Cooperative, the Cooperative shall not be liable.

5. RELOCATION OF LINES

The Cooperative will cooperate with all political subdivisions in the construction, improvement or rehabilitation of public streets and highways. It is expected that these political subdivisions will give reasonable notice to permit the Cooperative to relocate its lines to permit the necessary road construction. If the Cooperative's poles, anchors and other appurtenances are located within the confines of the public right(s)-of-way, the Cooperative shall make the necessary relocation at its own expense. If the Cooperative's poles, anchors or other facilities are located on private property, the political subdivision then shall agree to reimburse the Cooperative. Upon request by

BY: Jordan Chell

consumer-property owner, where facilities are to be relocated, relocation will be considered provided adequate right-of-way can be obtained for the relocation requested. The consumer-owner will be required to pay the cost of materials necessary to make the requested changes unless one or more of the following conditions are met:

- (a) The relocation is made for the convenience of the Cooperative.
- (b) The relocation will result in a substantial improvement in the Cooperative's facilities or their location.
- (c) That the relocation is associated with other regularly scheduled conversion or construction work and can be done at the same time.
- (d) Per consumer-owner request when right-of-way is provided. In such instance consumer-owner will be required to pay for making requested changes.

6. SERVICES PERFORMED FOR CONSUMERS

The Cooperative's personnel shall not while on duty make repairs or perform service to the consumer's equipment or property except in cases of emergency or to protect the public or consumer's person or property. When such emergency services are performed, the consumer shall be charged for such service(s) at the rate of time and material(s) used.

7. APPLICATION FOR SERVICE

Each prospective consumer desiring electric service will be required to sign the Cooperative's "Application for Membership and for Electric Service", also, sign a contract when applicable, before service is supplied by the Cooperative and provide the Cooperative with necessary easements or right(s)-of-way permits.

8. MEMBERSHIP FEE

Each prospective consumer shall pay the membership fee of twenty-five dollars(\$25.00) before or at the time service is supplied. A service connection fee of twenty-five dollars (\$25.00) shall be charged for each additional service connection. The membership fee will be refunded, if all bills are paid, or applied against any unpaid bills of the consumer at the time service is disconnected, which will automatically terminate the membership. The membership is jointly owned by husband and wife and is not transferable

9. RIGHT OF ACCESS

Each consumer shall give and grant right of access to the Cooperative without paid compensation to his, hers, or its lands and premises for the purpose of placing, locating, building, constructing, operating, replacing, rebuilding, relocating, repairing, improving, enlarging, extending and maintaining on, over, or under such lands and premises, or anchors and other necessary or appurtenant parts.

RULES AND REGULATIONS

10. CONSUMERS DESIRING SERVICE OR DISCONTINUANCE OF SERVICE

Any consumer desiring service, discontinuance of service, or changed from one location to another, shall give the cooperative three (3) days notice in person or in writing provided such notice does not violate contractual obligations.

11. RECONNECTION CHARGES

The Cooperative will make no charge for connecting service to the consumer's premises for initial installation of service. There shall be a fee of Fifteen dollars (\$15.00) for each service connection thereafter.

12. RESALE OF POWER BY CONSUMERS

All purchased electric service used on the premises of the member shall be supplied exclusively by the Cooperative, and the consumer shall not directly or indirectly sell, sublet, or otherwise dispose of the electric service or any part thereof, except by written contract approved by the Board of Directors.

13. TEMPORARY COMMERCIAL SERVICE

Facilities that are temporary in nature for commercial ventures such as mines, tipples, oilwells, sawmills, etc., will be provided if the applicant pays an advance fee equal to the reasonable cost of construction of the facilities.

14. DISTRIBUTION LINE EXTENSIONS TO MOBILE HOMES

- (a) All extensions of up to 150 feet from the nearest facility shall be made without charge.
- (b) Extensions greater than 150 feet from the nearest facility and up to 300 feet shall be made provided the consumer shall pay the Cooperative a "consumer advance for construction" of fifty dollars (\$50.00) in addition to any other charges required by the Cooperative for all consumers. This advance shall be refunded at the end of one (1) year if the service to the mobile home continues for that length of time.
- (c) For extensions greater than 300 feet and less than 1,000 feet from the nearest facility, the Cooperative may charge an advance equal to the reasonable costs incurred by it for that portion of the service beyond 300 feet plus fifty dollars (\$50.00).
- (d) This advance shall be refunded to the consumer over a four (4) year period in equal amounts for each year the service is continued.
- (e) If the service is discontinued for a period of sixty days, or should the mobile home be removed and another not take its place within sixty (60) days, or be replaced by a permanent structure, the remainder of the advance shall be forfeited.

RULES AND REGULATIONS

- (f) No refunds shall be made to any consumer who did not make the advance originally.
- (g) Extensions made under (c) and (d) above shall be made on an "Estimated Average Cost" per foot of line. This cost may be reviewed and updated at six-month intervals.
- (h) Non-electric heated mobile homes shall be required to pay a deposit not to exceed two-twelfths (2/12) of the estimated annual billing. The deposit will earn interest at the rate of six percent (6%) and paid to the consumer annually. The deposit will be refunded when service is discontinued and all bills are paid in full.
- (i) All electric mobile homes shall be required to pay a deposit not to exceed two-twelfths (2/12) of the estimated annual billing. The deposit will earn interest at the rate of six percent (6%) and paid to the consumer annually. The deposit will be refunded when service is discontinued and all bills are paid in full. For extensions beyond 1,000 feet from the nearest facility, the extension policies are the same as normal distribution lines extensions.

PUBLIC SERVICE COMMISSION  
OF KENTUCKY  
EXECUTIVE  
APR 1 1988  
SUBMITTED TO 807 KAR 5:011,  
SECTION 9 (1)  
BY: George Selby  
PUBLIC SERVICE COMMISSION MANAGER

15. DISTRIBUTION LINE EXTENSION FOR RESIDENTIAL CONSUMERS ONLY

- (1) Normal extensions. An extension of 1,000 feet or less shall be made by the Cooperative to its existing distribution line without charge for a prospective consumer who shall apply for and contract to use the service for one (1) year or more and provides guarantee for such service. The "service drop" to the point of attachment from the distribution line at the last pole shall not be included in the foregoing measurements.
- (2) Other Extensions. (a) When an extension of the Cooperative's line to serve an applicant or group of applicants amounts to more than 1,000 feet per consumer, the Cooperative may, if not inconsistent with its filed tariff, require the total cost of the excessive footage over 1,000 feet per consumer to be deposited with the Cooperative by the applicant or applicants based on the average estimated cost per foot of the total extension. (b) Each year for a period of not less than ten (10) years, which for the purpose of this rule shall be the refund period, the Cooperative shall refund to the consumer or consumers who paid for the excessive footage the cost of 1,000 feet of the extension in place for each additional consumer connected during the year whose service line is directly connected to the extension installed and not to extensions or laterals therefrom. In no case shall the total amount refunded exceed the amount paid the Cooperative. After the end of the refund period, no refund will be required to be made. (c) An applicant desiring an extension to a proposed real estate subdivision may be required to pay the entire cost of the extension. Each year for a period of not less than ten (10) years the Cooperative shall refund to the applicant who paid for the extension a sum equivalent to the cost of 1,000 feet of the extension installed for each additional consumer connected during the year, but in no case shall the total amount refunded exceed the amount paid to the Cooperative. After the end of the refund period from the completion of the extension, no refund will be required to be made.

BY: *Jordan Cheel*

(d) Nothing contained herein shall be constructed as to prohibit the Cooperative from making extensions under different arrangements provided such arrangements have been approved by the Commission. (e) Nothing herein shall be constructed as to prohibit the Cooperative from making at its expense greater extensions than herein prescribed, should its judgment so dictate, provided like free extensions are made to other consumers under similar conditions. (f) Upon complaint to and investigation by the Commission, the Cooperative may be required to construct extensions greater than 1,000 feet upon a finding by the Commission that such extension is reasonable.

16. DISCONTINUANCE AND REFUSAL OF SERVICE BY THE COOPERATIVE

The Cooperative may discontinue service of all classifications under the following conditions:

- (a) Fraudulent or illegal use of service.
- (b) In the event the current monthly bill is not paid by the 30th of the following month for which service is rendered, the service shall be discontinued and a reconnect or service charge of fifteen dollars (\$15.00), in addition to the bill for service, shall be made prior to the restoration of service. This charge shall be made whether or not the service is physically disconnected. The Cooperative shall require a cash payment prior to restoration of service after the 30th day of the following month for which service is received.

If discontinuance is for non-payment of bills, the customer shall be given at least ten (10) days written notice separate from the original bill and cut-off shall be effected not less than twenty-seven (27) days after the mailing date of the original bill, unless, prior to discontinuance, a residential customer presents to the utility a written certificate, signed by a physician, registered nurse, or public health officer, that such discontinuance will aggravate an existing illness or infirmity on the affected premises, in which case discontinuance may be effected not less than thirty (30) days from the date the utility notifies the customer, in writing, of local, state and federal programs which may be available to aid in payment of bills and the office to contact for such possible assistance.

When the following conditions exist, the Cooperative may refuse service:

- (a) Non-compliance with Cooperative's rules and regulations.
- (b) When dangerous conditions are found to exist.
- (c) When an applicant or consumer refused to provide reasonable access to premises.
- (d) When an applicant or consumer is indebted to the Cooperative for services furnished, until indebtedness is paid.

RULES AND REGULATIONS

SEP 20 1984

(e) Non-compliance with state, local, and other codes, rules and regulations that are applicable to providing service.

PURSUANT TO 807 KAR 5:011, SECTION 5(1)

BY: Jordan Cheel

If an application is received by a person residing with a delinquent consumer at the premises where power was supplied to the delinquent consumer, the application will be denied on the grounds that the applicant is applying as the agent of the delinquent consumer with the intent to defraud or make misrepresentation to the Co-op. If the application is accepted before the facts are established the membership of the agent applicant will be cancelled and the deposit, if any, applied to the delinquent consumer's account.

17. RECONNECTIONS

For all cases of refusal or discontinuance of service as herein defined where the cause for refusal or discontinuance has been corrected and all rules and regulations of the Cooperative and the Public Service Commission have been complied with, the Cooperative shall promptly render service to the consumer or applicant. When advance notice is required, such notice may be given by the Cooperative by mailing by United States mail, postage prepaid, to the last known address of the applicant or consumer.

18. TEMPORARY DISCONNECTION

Members requesting their service disconnected for reasons such as vacation, repairs to homes, etc., will not be charged for disconnecting the service. However, a service charge of fifteen dollars (\$15.00) will be made for reconnecting the service.

19. METER TESTS

The Cooperative will at its own expense make periodical tests and inspections of its meters in order to maintain a high standard of accuracy and to conform with the regulations of the Public Service Commission. The Cooperative will make additional tests of the meters at the request of the consumer, provided a fee of fifteen dollars (\$15.00) is paid in advance. In case the test made at the consumer's request shows that the meter is accurate within two percent (2%) slow or fast, no adjustment will be made to the consumer's bill and the fee paid will be forfeited to cover cost of testing. In case the test shows the meter to be in excess of two percent (2%) fast or slow, an adjustment shall be made in the consumer's bill in accordance with the Rules and Regulations of the Public Service Commission and the cost of testing will be borne by the Cooperative and the fifteen dollars (\$15.00) fee paid by the consumer will be refunded.

20. FAILURE OF METER TO REGISTER

In the event a consumer's meter should fail to register, the consumer shall be billed from the date of such failure at the average consumption of the consumer based on the twelve

(12) month period immediately preceding the failure, or some other equitable basis.

21. CONSUMER EQUIPMENT

Point of Delivery - The point of delivery is the point as designated by the Cooperative on consumer's premises where current is to be delivered to building or premises; namely the point of attachment shall be the meter. A consumer requesting a delivery point different from the one designated by the Cooperative will be required to pay the additional cost of providing the service at such delivery point. All wiring and equipment beyond this point of delivery shall be supplied and maintained by the consumer.

22. CONSUMER'S WIRING STANDARDS

All wiring of consumer's buildings and premises must conform to Distributor requirements and accepted modern standards, as exemplified by the requirements of the National Electrical Safety Code and the National Electric Code.

INSPECTIONS

The Cooperative shall have the right, but shall not be obligated to inspect any installation before electricity is introduced, or at any later time, and reserves the right to reject any wiring or appliances not in accordance with the National Electric Code or other governing bodies, but such inspection or failure to inspect or reject shall not render the Cooperative liable or responsible for any loss or damage resulting from defects in the installation, wiring, or appliances, or from violation of the Cooperative's rules, or from accidents which may occur upon consumer's premises. Further, if it is required, it shall be the responsibility of the consumer to present to the Cooperative a certificate of inspection covering all State and Local ordinances in effect at the time, before such connections are to be made.

24. BILLING

Consumers will receive statements for electric service on or about the 1st of each month for services rendered for the previous month. All bills are due on the 10th day of each month and no later than the 15th of each month. Failure to receive a bill will not release the consumer from payment obligation. Should the statement not be paid within fifteen (15) days of the date of mailing, the member will receive a delinquent notice that if payment of bill is not received by the 30th of the month, electric service is subject to discontinuance. All delinquent accounts shall be subject to the gross rates.

25. RETURNED CHECKS FOR INSUFFICIENT FUNDS

A service charge in the amount of ten dollars (\$10.00) shall be charged for all bad checks returned by the bank due to insufficient funds.

BY: Jordan Meel

26. COLLECTION OF DELINQUENT ACCOUNTS

Should it become necessary for the Cooperative's representative to call at the consumer's premises or other locations for the purpose of collecting a delinquent account, a charge of fifteen dollars (\$15.00) will be applied to the consumer's account for the extra service rendered, due and payable at time such delinquent account is collected. If service is disconnected for non-payment, a charge of fifteen dollars (\$15.00) will be made for reconnecting service due and payable at time of such reconnection. If the consumer requests reconnection after regular working hours, the charge will be thirty-five dollars (\$35.00).

27. METER READING

Each consumer receiving service will read his meter the first of each month. In the event that the consumer fails to read the meter as outlined or fails to notify the Cooperative office for two successive months, the Cooperative will read same meter and bill the consumer fifteen dollars (\$15.00) for this service.

28. DEPOSITS

The Cooperative may require from any consumer or applicant for service a minimum cash deposit or guaranty to secure payment of bills of an amount not to exceed two-twelfths (2/12) of the estimated annual bill of such consumer or applicant. The required deposit will earn interest at the rate of six percent (6%) and paid to the consumer annually. The deposit will be refunded when service is discontinued and all bills are paid in full.

29. ELECTRIC UNDERGROUND EXTENSIONS

A. Purpose of Policy

The purpose of this policy is to formulate Big Sandy R.E.C.C. requirements for underground electrical service, the application of which will insure adequate service and safety to all persons engaged in the construction, maintenance, operation or use of underground facilities and the public in general.

B. Applicability

This policy shall apply to all underground electrical supply facilities used in connection with electric service distribution in new residential subdivisions after the effective date of this policy.

C. The following words and terms, when used in this policy shall have the meaning indicated:

Applicant - the developer, builder or other person, partnership, association, corporation or governmental agency applying for the installation of an underground

electrical distribution system.

Building - a structure enclosed within exterior walls or fire walls, built, erected and framed of component structural parts and designed for less than five (5) family occupancy.

Multiple-Occupancy Building - a structure enclosed within exterior walls or fire walls, built, erected and framed of component structural parts and designed to contain five (5) or more individual dwelling units.

Distribution System - electric service facilities consisting of primary and secondary conductors, transformers, and necessary accessories and appurtenances for the furnishing of electric power at utilization voltage.

Subdivision - the tract of land which is divided into ten (10) or more lots for the construction of new residential buildings, or the land on which is constructed two (2) or more new multiple-occupancy buildings.

Trenching and Backfilling - opening and preparing the ditch for the installation of conductors including placing of raceways under roadways, driveways, or paved areas, providing a sand bedding below and above conductors when required, and back-fill of trench to ground level.

D. Rights of Way and Easements

1. The Cooperative shall construct, own, operate, and maintain distribution lines only along easements, public streets, roads, and highways which are by legal right accessible to the utility's equipment and which the utility has the legal right to occupy, and on the public lands and private property across which rights of way and easements satisfactory to the Cooperative are provided without cost or condemnation by the Cooperative.
2. Rights of way and easements suitable to the Cooperative for the underground distribution facilities must be furnished by the Applicant in reasonable time to meet service requirements. The Applicant shall make the area in which the underground distribution facilities are to be located accessible to the Cooperative's equipment, remove all obstructions from such area, stake to show property lines and final grade, perform rough grading to a reasonable approximation of final grade, and maintain clearing and grading during construction by the Cooperative. Suitable land rights shall be granted to the Cooperative obligating the Applicant and subsequent property owners to provide continuing access to the utility for operation, maintenance or replacement of its facilities, and to prevent any encroachment in the utility's easement or substantial changes in grade or elevation thereof.

PURSUANT TO 807 KAR 5:011,  
SECTION 9(1)

BY: Jordan Cheel

E. Installation of Underground Distribution System Within New Subdivisions

1. Where appropriate contractual arrangements have been made, the Cooperative shall install within the subdivision an underground electric distribution system of sufficient capacity and suitable materials which, in its judgment, will assure that the property owners will receive safe and adequate electric service for the foreseeable future.
2. All single-phase conductors installed by the utility shall be underground. Appurtenances such as transformers, pedestal-mounted terminals, switching equipment and meter cabinets may be placed above ground.
3. Multi-phase primary mains or feeders required within a subdivision to supply local distribution or to serve individual multi-phase loads may be overhead unless underground is required by governmental authority or chosen by the Applicant, in either of which case the differential cost of underground shall be borne by the Applicant.
4. If the Applicant has complied with the requirements herein and has given the Cooperative not less than 120 days written notice prior to the anticipated date of completion (i.e., ready for occupancy) of the first building in the subdivision, the Cooperative shall complete the installation 30 days prior to the estimated completion date. (Subject to weather and ground conditions and availability of materials and barring extraordinary or emergency circumstances beyond the reasonable control of the Cooperative.) However, nothing in this policy shall be interpreted to require the Cooperative to extend service to portions of the subdivisions not under active development.
5. A non-refundable payment shall be made by the Applicant equal to the difference between the cost of providing underground facilities and that of providing overhead facilities. The payment to be made by Applicant shall be determined from the total footage of single-phase primary, secondary, and service conductor to be installed at an average per foot cost differential in accordance with the Average Cost Differential filed herewith as Exhibit A., which Average Cost Differential shall be updated annually as required by order dated February 2, 1973, of the Public Service Commission of Kentucky in Administrative Case No. 146. (Three [3] wire secondary and service conductor runs shall be considered as one conductor, i.e. triplex.) The average cost differential per foot, as stated is representative of construction is soil free of rock, shale, or other impairments which increase cost of construction. Where rock, shale, or other impairments are anticipated or encountered in construction the actual increased cost of trenching and backfilling shall be borne by the Applicant.
6. The Applicant may be required to deposit the entire estimated cost of the extension. If this is done, the amount deposited in excess of the normal charge for the

RULES AND REGULATIONS

underground extensions, as provided in paragraph 5, above, shall be refunded to the Applicant over a ten (10) year period as provided in Public Service Commission Rule Elec-1-X-3.

SEP 20 1984  
FILED IN PUBLIC SERVICE  
SECTION 9 (1)  
BY: Jordan Noel

7. The Applicant may be required to perform all necessary trenching and backfilling in accordance with the Cooperative's specifications. The Cooperative shall then credit the Applicant's cost in an amount equal to the Cooperative's normal cost for trenching and backfilling.
8. The Cooperative shall furnish, install, and maintain the service lateral to the Applicant's meter base, which normally will be at the corner of the building nearest the point to be served.
9. Plans for the location of all facilities to be installed be approved by the Cooperative and the Applicant prior to construction. Alterations in plans by the Applicant which require additional cost of installation or consideration shall be at the sole expense of the Applicant.
10. The Cooperative shall not be obligated to install any facility within a subdivision until satisfactory arrangements for the payment of charges have been completed by the Applicant.
11. The charges specified in these rules are based on the premise that each Applicant will cooperate with the utility in an effort to keep the cost of construction and installation of the underground electric distribution system as low as possible and make satisfactory arrangements for the payment of the above charges prior to the installation of the facilities.
12. All electrical facilities shall be installed and constructed to comply with the rules and regulations of the Kentucky Public Service Commission, National Electric Safety Code, Big Sandy R.E.C.C. Specifications, or other rules and regulations which may be applicable.
13. Service pedestals and method of installation shall be approved by Big Sandy R.E.C.C. prior to installation.
14. In unusual circumstances, when the application of these rules appears impracticable or unjust to either party, or discriminatory to other consumers, the Cooperative or applicant shall refer the matter to the Commission for a special ruling or for the approval of special conditions which may be mutually agreed upon, prior to commencing construction.
