E. Electric Bills

22. BILLING

Members will receive statment for electric service on the twenty-fifth day of each month for service rendered for a thirty-day period ending the twenty-fifth of the preceding month. All statements are due and payable upon receipt and shall be paid at the office of the Cooperative within ten (10) days from date of bill. Failure to receive electrical statement will not release the member from payment obligation. Should the statement not be paid as above, the Cooperative may at any time thereafter on a five (5) days' notice to the member discontinue service. Should it become necessary for the Cooperative's representative to call at the Consumer's premises or other locations for the purpose of collecting a delinquent account, a charge of \$2.50 will be made to the members account for the extra service rendered due and payable at time such delinquent account is collected. If service is disconnected for non-payment, an additional charge of \$2.50 will be made for re-connecting service due and payable at time of such reconnection.

23. METER READING

Each member receiving service will be required to supply the Cooperative with the reading of each meter on the form as furnished by the Cooperative on such date as designated by the Cooperative. If any member shall fail to read his or her meter and mail same to the Cooperative Office for two (2) consecutive months, such meter shall be ready by a representative of the Cooperative and the member shall pay a service charge of \$2.50 to cover cost of trip by such representative. In the event that an error in meter reading should be made or member fails to send in meter reading card the member shall pay for that month either the minimum bill for the service which he receives, or if he should be a large user, he shall pay an amount approximately equal to his average bill. Then the following month his bill shall be computed on the regular schedule prorated for two months and the amount paid shall be credited.
