

JACKSON COUNTY RURAL ELECTRIC COOPERATIVE CORPORATION

MCKEE, KENTUCKY

POLICY ON UNDERGROUND SERVICE

1. The applicant shall pay the Cooperative a non-refundable fee equal to the Estimated Average Cost Differential between underground and overhead lines.
2. The applicant shall furnish and install the necessary conduit as required by the Cooperative to meet its standards for wiring. An allowance will be made for this at an average of \$.25 per foot of underground line.
3. The applicant shall do the necessary trenching and backfilling to the specifications of the Cooperative. An allowance will be made for this at an average of \$.75 per foot of underground line.
4. The Cooperative will furnish, own, install, and maintain the service lateral to the meter base providing the applicant installs in the building adequate electric service entrance capacity to the satisfaction of the Cooperative to assure that the underground service conductors will be adequate to handle present and future load requirements of the building; and in this instance the utility will determine the size and type of the service lateral conductors, and appurtenances to be used in any installation.
5. The non-refundable payment to be made by the applicant to the utility may be computed as follows:

400 AMP Services:

A. Estimated average cost differential per foot of line	\$3.00
B. Less: Allowance for conduit per foot of line	.25
C. Less: Allowance for trenching and backfilling per foot	.75
D. Difference to be paid per foot of line	<u>\$2.00</u>

Up to 200 AMP Services:

A. Estimated average cost differential per foot of line	\$2.60
B. Less: Allowance for conduit per foot of line	.25
C. Less: Allowance for trenching and backfilling per foot	.75
D. Difference to be paid per foot of line	<u>\$1.60</u>

6. In any case where the applicant prefers to install his own underground service from the meter to the point of use, special arrangements may be made on individual basis.
7. The requirements as to wiring specifications of the Utility and those of any regulatory body having jurisdiction must be followed. The Utility's Rates, Rules and Regulations for Furnishing Electric Service apply in the case of underground service and overhead service alike.

SCHEDULE 10
RESIDENTIAL, FARM AND NON-FARM SERVICE

Availability

Available to the Customers of the Jackson County Rural Electric Cooperative Corporation located on its lines for general residential and farm and home uses including lighting, incidental appliances, refrigeration, cooking, heating and power for motors up to and including ten horsepower; also available to public buildings and commercial buildings which are heated electrically; all subject to the rules and regulations of the contract covering this service.

C10-79

Rate

First	25 kilowatt hours or less per month	\$ 3.48	(I)
Next	55 kilowatt hours per month	.0576	(I)
Next	120 kilowatt hours per month	.0367	(I)
Next	600 kilowatt hours per month	.0330	(I)
All Over	800 kilowatt hours per month	.0267	(I)

Minimum Charges

The minimum monthly charge under the above rate shall be \$3.48 or the amount (I) provided in the contract for service, whichever shall be higher. Payment of the minimum charge shall entitle the consumer in all cases to the use of number of kilowatt hours corresponding to the minimum charge in accordance with the foregoing rate.

Type of Service

Single-phase and three-phase where available, at available voltage. In those cases where additional investment is required for three-phase service, it will be rendered only after the following conditions are met: The customer will give satisfactory assurance by means of a written agreement as to the character, amount, and duration of the business offered and make such guarantees or deposits as may be required under the Cooperative's Policies.

CHECKED

SCHEDULE 20
COMMERCIAL, SMALL POWER, AND THREE-PHASE FARM SERVICE

C10-79

Availability

Available to commercial, small power and three-phase farm customers of the Jackson County Rural Electric Cooperative Corporation located on its lines for service including lighting, incidental appliances, cooking, heating, and motors, all subject to the established rules and regulations of the Corporation covering this service, Single-phase customers having their homes on the same premises may include farm and home service on the same meter.

Service under this schedule is limited to customers whose load requirements do not exceed 50 KW. Service under this schedule is not available to seasonal customers unless otherwise provided for. Those with electric heat will have the option of service under Schedule 10.

Rate

First	25 kilowatt hours or less per month	\$ 3.48	(I)
Next	55 kilowatt hours per month	.0576	(I)
Next	1920 kilowatt hours per month	.0362	(I)
All Over	2000 kilowatt hours per month	.0330	(I)

Minimum Monthly Charge

The minimum monthly charge under the above rate shall be \$3.48 or the amount (I) provided in the contract for service, whichever shall be higher. The minimum charge shall entitle the consumer in all cases to the use of the number of kilowatt hours corresponding to the minimum charge.

Type of Service

Single-phase and three-phase where available, at available voltage.

Conditions of Service

Single-phase power service is limited to motors not in excess of ten horsepower.

Motors having a rated capacity in excess of ten horsepower must be three-phase. In those cases where additional investment is required for three-phase service, it will be rendered only after the following conditions are met: The customer will give satisfactory assurance by means of a written agreement as to the character, amount and duration of the business offered and make such guarantees or deposits as may be required under the Cooperative's Policies.

Terms of Payment

Payment is due within 10 days from the date of the bill.

SCHEDULE 30
LARGE POWER SERVICE LESS THAN 50 KW

C-10-79

Availability

Available to consumers served by the Jackson County Rural Electric Cooperative Corporation located on or near its three-phase lines.

Conditions

An agreement for Purchase of Power shall be executed by the consumer for service under this schedule.

Rate

	Per month per KW of billing Demand	\$ 2.75	
Plus Energy Charges of			
First	25 kilowatt hours per month	.1139	(I)
Next	55 kilowatt hours per month	.0473	(I)
Over	80 kilowatt hours per month	.0308	(I)

Determination of Billing Demand

The billing demand shall be the maximum kilowatt load used by the consumer for any period of fifteen consecutive minutes during the month for which the bill is rendered as indicated or recorded by a demand meter.

Power Factor

The consumer agrees to maintain unity power factor as nearly as practicable. The Jackson County Rural Electric Cooperative Corporation reserves the right to measure such power factor at any time. Should such measurements indicate that the power factor at the time of his maximum demand is less than 80%, the demand for billing purposes shall be the demand as indicated or recorded by the demand meter multiplied by 80% and divided by the per cent power factor.

Minimum Monthly Charge

The minimum monthly charge shall be the highest one of the following charges as determined for the consumer in question.

- (1) The minimum monthly charge specified in the contract for service.
- (2) A charge of \$0.84 per KVA of installed transformer capacity.
- (3) A charge of \$28.11.

SCHEDULE 33
WATER PUMPING SERVICE

C10-79

Availability

Available for water pumping service in areas served by Jackson County Rural Electric Cooperative Corporation. The customer shall have the option of service under this schedule or any other standard rate schedule. The customer, having selected one schedule, will continue to be billed under such schedule for not less than 12 consecutive months unless there should be a material and permanent change in the customers use of service.

Conditions

The service hereunder is conditioned upon the customer operating pumping loads at hours other than at those which the company's system load occurs at all time except in case of emergencies. Service hours and other operating problems to be agreed upon by contract.

Rate

Per KWH for the first 10,000 KWH used per month	\$.0304	(I)
Per KWH for the next 40,000 KWH used per month	.0283	(I)
Per KWH for all over 50,000 KWH used per month	.0252	(I)

Minimum Monthly Charge

The minimum monthly charge shall be the highest one of the following charges as determined for the consumer in question.

- (1) The minimum monthly charge specified in the contract for service.
- (2) A charge of \$0.84 per KVA of installed transformer capacity.
- (3) A charge of \$28.11.

LARGE POWER MORE THAN 50 KW BUT LESS THAN 275 KW

C10-79

Availability

Available to consumers served by the Jackson County Rural Electric Cooperative Corporation located on or near its three-phase lines.

Conditions

An agreement for Purchase of Power shall be executed by the Consumer for service under this schedule.

Rate

Per month per KW of billing demand	\$2.75	
Plus Energy Charges of:		
Per KWH for the first 10,000 KWH used per month	.0304	(I)
Per KWH for the next 40,000 KWH used per month	.0283	(I)
Per KWH for all over 50,000 KWH used per month	.0252	(I)

Determination of Billing Demand

The billing demand shall be the maximum kilowatt load used by the consumer for any period of fifteen consecutive minutes during the month for which the bill is rendered as indicated or recorded by a demand meter.

Power Factor

The Consumer agrees to maintain unity power factor as nearly as practicable. The Jackson County Rural Electric Cooperative Corporation reserves the right to measure such power factor at any time. Should such measurements indicate that the power factor at the time of his maximum demand is less than 80%, the demand for billing purposes shall be the demand as indicated or recorded by the demand meter multiplied by 80% and divided by the per cent power factor.

Minimum Monthly Charge

The minimum monthly charge shall be the highest one of the following charges as determined for the consumer in question.

- (1) The minimum monthly charge specified in the contract for service.
- (2) A charge of \$0.84 per KVA of installed transformer capacity.
- (3) A charge of \$28.11.

Special Provisions

1. Primary Service. If service is furnished at 7200/12470 volts or above, a discount of 5% shall apply to the Demand and Energy Charges.

The Seller shall have the option of metering at secondary voltage.

2. Delivery Point. If service is furnished at secondary voltage the delivery point shall be the metering point unless otherwise specified in the contract for service. All wiring, pole lines and other electric equipment on the load side of the delivery point shall be owned and maintained by the consumer.

If service is furnished at Seller's primary line voltage, the delivery point shall be the point of attachment of Seller's primary line to Consumer's transformer structure unless otherwise specified in the contract for service. All wiring, pole lines and other electrical equipment (except metering equipment) on the load side of the delivery point shall be owned and maintained by the Consumer.

3. Lighting. Both power and lighting shall be billed at the foregoing rate.

LARGE POWER RATE - OVER 275 KW

C10-79

Applicable:

In all territory served by the Seller.

Availability

Available to all public buildings, commercial and industrial consumers whose kilowatt demand shall exceed 275 KW for lighting and/or heating and/or power.

Conditions

An agreement for Purchase of Power shall be executed by the consumer for service under this schedule.

Character of Service

The electric service furnished under this schedule will be 60 cycle, alternating current and at available nominal voltage.

Rate

Maximum Demand Charge

Per month per KW of billing demand

\$2.75

Energy Charge Per KWH

First	3,500 KWH used per month	.0371	(I)
Next	6,500 KWH used per month	.0283	(I)

Next	550,000 KWH used per month	.0191	(I)
In excess of	1,300,000 KWH used per month	.0176	(I)

Determination of Billing Demand

The billing demand shall be the maximum kilowatt demand established by the consumer for any period of fifteen consecutive minutes during the month for which the bill is rendered, as indicated or recorded by a demand meter and adjustment for power factor as provided below.

Power Factor Adjustment

The consumer agrees to maintain unity power factor as nearly as practicable. Power factor may be measured at any time. Should such measurements indicate that the power factor at the time of his maximum demand is less than 85%, the demand for billing purposes shall be the demand as indicated or recorded by the demand meter multiplied by 85% and divided by the per cent power factor.

ALL ELECTRIC SCHOOLS (A.E.S.)

C10-79

Applicable
In all territory served by Seller

Availability
Available to all public or non-profit private schools whose total energy requirements, including but not limited to heating, air conditioning, lighting and water heating is supplied by electricity furnished by the Cooperative.

Character of Service
The electric service furnished under this rate schedule will be 60 cycle, alternating current, single-phase or three-phase service, present facilities permitting, and at the following nominal voltages: Single-phase, 120, 120/240, 480, 240/480 volts; three-phase, 120/240, 120/280Y, 240/480, 277/480Y volts

Rate
Per KWH \$.0273 (I)

Minimum Charge
The minimum annual charge will be not less than \$11.04 per KVA or required transformer capacity as determined by the Cooperative.

Terms of Contract
Service under this rate schedule will be furnished under an "Agreement for Purchase of Power" for a term of not less than five (5) years.

Special Terms and Conditions
Consumer shall furnish the Cooperative information necessary to permit the Cooperative to determine and install the necessary transformer capacity to adequately serve the load under maximum operating conditions.

Fuel Adjustment Clause
All rates are applicable to the Fuel Adjustment Clause and may be increased or decreased by an amount per KWH equal to the fuel adjustment amount per KWH as billed by the wholesale power supplier plus an allowance for line losses. SCHEDULE SL
OUTDOOR LIGHTING SERVICE - SECURITY LIGHTS

C 10-79

Availability

Available to all consumers of the Cooperative for dusk to dawn outdoor lighting, including street lighting, in close proximity to existing overhead secondary circuits.

Rate Per Light Per Month

Mercury Vapor Lamp 175 Watt 90 KWH \$3.82 per month (I)

Conditions of Service

The Cooperative shall furnish, install, operate, and maintain the outdoor lighting equipment including lamp, luminair bracket attachment and control device on an existing pole of the Cooperative, electrically connected so that the power for operation of the light does not pass through the meter for the consumer's other usage, at a location mutually agreeable to both the Cooperative and the Consumer. If a pole is required for outdoor lighting service, the full cost of installing such pole will be paid by the consumer and must be within 200 feet of existing secondary circuits.

The Cooperative shall maintain the lighting equipment including lamp replacement, at no additional cost to the consumer within a reasonable time after the consumer notifies the Cooperative of the need for maintenance of the lighting equipment except that in case of lamp or fixture damage because of vandalism, replacement will be made only once at no cost to the consumer. After that the consumer will be required to pay for the cost of replacement.

The lighting equipment shall remain the property of the Cooperative. The consumer shall protect the lighting equipment from deliberate damage.

The consumer shall allow authorized representatives of the Cooperative to enter upon the consumer's premises and to trim trees and shrubs as necessary for maintenance of the lighting equipment and for removal of lighting equipment upon termination of service under this schedule.

The Cooperative and the consumer shall execute an agreement for service under this schedule for a period of not less than one year.

Terms of Payment

The customer's bill will be due at the same time as his bill for metered service.

ISSUED BY AUTHORITY OF AN ORDER OF THE PUBLIC SERVICE COMMISSION OF KENTUCKY IN CASE NO. 7232 DATED OCTOBER 26, 1978.
