

AMENDMENT TO HIGH VOLUME POLE ATTACHMENT APPLICATION PLAN

This Amendment to High Volume Pole Attachment Application Plan ("Amendment") is made as of the 30th day of June, 2025, by and between Kentucky Utilities Company ("KU" or "Licensor" or "Company") and Spectrum Mid-America, LLC, a/k/a Charter Communications ("Charter" or "Licensee" or "Attachment Customer"), each a "Party" and together the "Parties."

RECITALS

KU is an electric utility company providing services in Kentucky, including in and around the city of Lexington. KU offers pole attachment services under its Pole and Structure Attachment Charges Rate Schedule ("PSA Rate Schedule"), which is on file with and approved by the Kentucky Public Service Commission ("the Commission") as part of KU's Electric Service Tariff.

Charter is a cable television system operator and a broadband internet provider that is currently building a communications network within KU's service area.

The Parties entered into a High Volume Pole Attachment Application Plan ("Plan") dated January 30, 2024 (the "Agreement"), to establish a process for Charter to submit High Volume Applications and a plan for KU to process those applications and perform the associated make-ready work.

The Plan was approved by the Commission on March 1, 2024.

The Parties recognize that this Amendment is a special contract and that it must be filed with the Commission for review and approval before becoming effective.

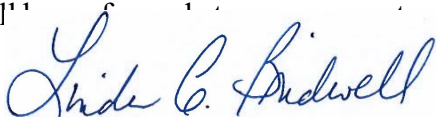

NOW THEREFORE, in consideration of the promises and the mutual covenants herein, and for other good and valuable consideration, the receipt of which is hereby acknowledged, the Parties agree to amend the Agreement as follows:

AGREEMENT

1. Defined terms shall have the same meaning ascribed to them in the Agreement.
2. Except as expressly amended herein, all the terms of the parties' January 30, 2024, High Volume Pole Attachment Application Plan remain in effect as written in that agreement.
3. Section 5(a)(i) shall be amended as follows:

Performance of Supply Space Make-Ready. For any approved High Volume Applications requiring Supply Space make-ready, including replacement of KU facilities or replacement of KU poles (and transfer of KU facilities), KU shall perform or have a Supply Space make-ready contractor perform all such Supply Space make-ready. Supply Space make-ready shall be at a rate of 300 poles per month beginning in June 2025, and KU shall complete all its Supply Space
