b. EXpressCARD Service

This service is available as an option to all customers and is provided in conjunction with all services.

1. EXpressCARD Service provides access to the Carrier's network for call completion and Operator Services through a 1-800 number provided by the carrier from all points in the continental United States.

a. Upon dialing a 1-800 number to access EXpressCARD Service the subscriber will receive a prompt tone from the Carrier's switch. The subscriber must then enter the personal identification number (PIN) assigned by the carrier. When the subscriber's PIN has been verified as valid, the carrier's switch will return a prompt tone. The subscriber then has access to long distance services, including Operator Services.

b. If the subscriber fails to enter a PIN after the prompt tone has been generated or if the PIN entered is not recognized as valid, the Carrier's Operator will intercept the call. The operator will assist in validating the subscriber's PIN or to complete the user's call as an Operator treated call (e.g. collect, person-to-person, third party billed) in the event the PIN is determined to be invalid.

c. When the subscriber receives the valid code prompt tone calls may be placed by inputting O+NPA+NXX+XXXX or 0 thereby allowing direct dialed or operator handled calling.
