TARIFF FORMAT

A. Sheet Numbering - Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.

B. Sheet Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet version on file with the PSC. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14. Because of various suspension periods, deferrals, etc. the PSC follows in their tariff approval process, the most current sheet number on file with the Commission is not always the tariff page in effect.

C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:

- 2.
- 2.1.
- 2.1.1.
- 2.1.1.A.
- 2.1.1.A.1.
- 2.1.1.A.1.(a).
- 2.1.1.A.1.(a).I.
- 2.1.1.A.1.(a).I.(i).
- 2.1.1.A.1.(a).I.(i).(1).

SECTION 2 - RULES AND REGULATIONS

2.1 Undertaking of Network Services, Inc.

Network Services, Inc. services and facilities are furnished for communications originating at specified points within the state of Kentucky under the terms of this Tariff.

Network Services, Inc. installs, operates, and maintains the communication services provided herein under in accordance with the terms and conditions set forth under this Tariff. It may act as the customer's agent for ordering access connection facilities provided by other carriers or entities when authorized by the customer, to allow connection of a customer's location to the Network Services, Inc. network. The customer shall be responsible for all charges due for such service arrangement.

The Company's services and facilities are provided on a monthly basis unless ordered on a longer term basis, and are available twenty-four hours per day, seven days per week.

2.2 Limitations

2.2.1 Service is offered subject to the availability of facilities and the provisions of this tariff.

2.2.2 Network Services, Inc. reserves the right to discontinue furnishing service, or limit the use of service necessitated by conditions beyond its control; or when the customer is using service in violation of the law or the provisions of this Tariff.

2.2.3 All facilities provided under this Tariff are directly controlled by Network Services, Inc. and the customer may not transfer or assign the use of service or facilities, except with the express written consent of The Company. Such transfer or assignment shall only apply where there is no interruption of the use or location of the service or facilities

SECTION 2 - RULES AND REGULATIONS

2.2 Limitations (Cont.)

2.2.4 Prior written permission from The Company is required before any assignment or transfer. All regulations and conditions contained in this Tariff shall apply to all such permitted assignees or transferee, as well as all conditions for service.

2.3 Liabilities of The Company

2.3.1 Network Services, Inc.'s liability for damages arising out of mistakes, interruptions, omissions, delays, errors, or defects in the transmission occurring in the course of furnishing service or facilities, and not caused by the negligence of its employees or its agents, in no event shall exceed an amount equivalent to the proportionate charge to the customer for the period during which the aforementioned faults in transmission occur.

2.3.2 Network Services, Inc. shall be indemnified and held harmless by the customer against:

(A) Claims for libel, slander, or infringement, of copyright arising out of the material, data, information, or other content transmitted over The Company's facilities.

(B) All other claims arising out of any act or omission of the customer in connection with any service or facility provided by Network Service, Inc.

2.4 Interruption of Service

2.4.1 Credit allowance for the interruption of service which is not due to The Company's testing or adjusting, negligence of the customer, or to the

PUBLIC UTILITY

SECTION 2 - RULES AND REGULATIONS
2.4 Interruption of Service (Cont.)

Failure of channels or equipment provided by the customer, are subject to the general liability provisions set forth in 2.3.1 herein. It shall be obligation of the customer to notify The Company immediately of any interruption in service for which a credit allowance is desired. Before giving such notice, the customer shall ascertain that the trouble is not being caused by any action or omission by the customer within his control, or is not in wiring or equipment, if any, furnished by the customer and connected to the companies facilities.

2.4.2 For purposes of credit computation, every month shall be considered 720 hours.

2.4.3 No credit shall be allowed for an interruption of a continuous duration of less than two hours.

2.4.4 The customer shall be credited for an interruption of two hours or more at the rate of 1/720th of the monthly charge for the facilities affected for each hour or major fraction thereof that the interruption continues.

Credit Formula:

$$\text{Credit} = \text{A Divided 720 Times B}$$

"A" - outage time in hours

"B" - total monthly charge for affected facility

2.5 Restoration of Service

The use and restoration of service shall be in accordance with the priority system specified in part 64, Subpart D of the Rules and Regulations of the Federal Communications Commission and the Kentucky Department of Public Service.

PUBLIC SERVICE COMMISSION

SECTION 3 - DESCRIPTION OF SERVICE3.1 Timing of Calls

The customer's long distance usage charge is based on the actual usage of Network Services, Inc.'s network. Usage begins when the called party picks up the receiver. When the called party picks up is determined by hardware answer supervision in which the local telephone company sends a signal to the switch or the software utilizing audio tone detection. When software answer supervision is employed, up to 60 seconds of ringing is allowed before it is billed as usage of the network. A call is terminated when the calling party hangs up. If a customer desires credit for a wrong number dialed, it will be issued once we receive notice of the wrong number situation by telephone call or in writing at our address.

3.2 Calculation of Distance

Usage charges for all mileage sensitive products are based on the airline distance between rate centers associated with the originating and terminating points of the call.

The airline mileage between rate centers is determined by applying the formula below to the vertical and horizontal coordinates associated with the rate centers involved. The Company uses the rate centers and associated vertical and horizontal coordinates that are produced by Bell Communications Research in their NPA-NXX V & H Coordinates Tape and Bell's NECA Tariff No. 4.

FORMULA:

$$\sqrt{\frac{(V1-V2)^2 + (H1-H2)^2}{10}}$$

Issued: August 21, 1990

Effective: September 22, 1990

PURSUANT TO 807 KAR 5:011
SECTION 9 (1)

BY: *[Signature]*

SECTION 3 - DESCRIPTION OF SERVICE3.2 Calculation of Distance (Cont.)

EXAMPLE: Distance between Miami and New York City -

	<u>V</u>	<u>H</u>
Miami	8,351	527
New York	<u>4,997</u>	<u>1,406</u>
Difference	3,354	-879

Square and add: $11,249,316 + 772,641 = 12,021,957$

Divide by 10 and round: $12,021,957 / 10 = 1,202,195.70$

Take square root and round: $1,202,196 = 1,096.4468 = 1,097$ Miles

3.3 Minimum Call Completion Rate

A customer can expect a call completion rate of 95% (number of calls completed/number of calls attempted).

3.4 Service Offerings

3.4.1 Dial One

Dial One is a mileage sensitive, direct access, inter/intrastate service designed for the commercial and residential customers. Direct access means the customer may simply dial "1" plus the area code and telephone number no codes are required with Dial One.

3.4.2 Travel Card

Travel Card is a dial-up service designed for the small customer with no premise facilities or who travels around the local area and needs access to Network Services, Inc.'s network. Service is gained through dialing a local number or 950- access and entering an authorization code. The authorization code is assigned and maintained by MCI and billing is included with the customers other long distance calls from MCI to NSI.

4.3 Special Promotions

The company will, from time to time, offer special promotions to its customers waiving certain charges. These promotions will be approved by the commission or board with specific starting and ending dates and under no circumstances run for longer than 90 days in any 12 month period. The first proposed special promotion will be to offer each new customer 240 free minutes. The customer will mail in a coupon every three months and we will send the customer a check for 60 free minutes.

The wording of the special promotion will be as follows:

Receive 240 minutes free service with NSI. Earn a check for 60 free minutes service each 90 days. That's right - we'll send you a check for 60 free minutes of service at our current interstate night/band one rates each 90 days just for signing up today! Minimum usage \$10 month to qualify for rebate.

Coupon 1 - Redeem this coupon & receive a check for 60 minutes free service from NSI, valid 3 months from installation.

Coupon 2 - Redeem this coupon & receive a check for 60 minutes free service from NSI, valid 6 months from installation.

Coupon 3 - Redeem this coupon & receive a check for 60 minutes free service from NSI, valid 9 months from installation.

Coupon 4 - Redeem this coupon & receive a check for 60 minutes free service from NSI, valid 12 months from installation.

This offer is valid for all new customers in all states.

See the attached brochure.

4.4 Billing Notice

Network services bills all customers through the customers local exchange carrier where local exchange carriers allow a local billing option by interexchange long distance carriers. NSI's name will appear the separate sheets of the local exchange carriers bill where interexchange long distance charges are itemized for the customer.
