SIP Trunking - Solution Applications & Benefits

- Reduce monthly telephony & Internet costs by using a single connection for both.
- Lower usage-related costs with NHC's competitive domestic, toll-free & international calling, plus free intra-company calls for multi-location businesses
- Eliminate the need for Primary Rate Interface (PRI) connections
- Maximize flexibility & efficiency by purchasing incremental capacity as needed, as opposed to adding a full T1 or paying a premium for fractional T1s
- Further reduce long distance charges in an IP PBX environment by outsourcing PSTN connectivity with NHC
- Service is available anywhere a customer uses an Internet connection
- Establish local telephone numbers from almost any wire center
- Begin leveraging the functional advantages of VoIP without discarding existing investments in a traditional phone system by utilizing NHC's Integrated Access Devices
- Experience improved voice quality over traditional analog lines
