TARIFF FORMAT

A. Page Numbering - Page numbers appear in the upper right corner of the page. Pages are numbered sequentially. When a new page is added between pages already in effect, a decimal is added. For example, a new page added between pages 14 and 15 would be 14.1.

B. Page Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the KCC. For example, the 4th revised Page 14 cancels the 3rd revised Page 14. Consult the Check Sheet for the page currently in effect.

C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:

- 2.
- 2.1.
- 2.1.1.
- 2.1.1.A.
- 2.1.1.A.1.
- 2.1.1.A.1.(a).
- 2.1.1.A.1.(a).I.
- 2.1.1.A.1.(a).I.(i).
- 2.1.1.A.1.(a).I.(i).(1).

D. Check Sheets - When a tariff filing is made with the KCC, an updated Check Sheet accompanies the tariff filing. The Check Sheet lists the pages contained in the tariff, with a cross reference to the current revision number. When new pages are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this page if these are the only changes made to it (i.e., the format, etc. remain the same, just revised revision levels on some pages.)

SECTION 1 - TECHNICAL TERMS AND ABBREVIATIONS

Access Line - An arrangement which connects the Subscriber's or Customer's location to the Carrier's designated point of presence or network switching center.

Aggregator - A person, firm, corporation, or other legal entity which contracts with ConQuest for installation of the Company's services. Aggregators make available the Company's services for use by guests, patrons, visitors or other transient third parties at the Aggregator's location. The Aggregator is also responsible for compliance with the terms and conditions of this tariff.

Authorization Code - A pre-defined series of numbers to be dialed by the Customer or End User upon access to the Company's system to notify the caller and validate the caller's authorization to use the services provided. The Customer is responsible for charges incurred through the use of his or her assigned Authorization Code.

Authorized User - A person, firm, corporation, or any other entity authorized by the Customer to communicate utilizing the Carrier's service.

Calling Card Call- A billing arrangement whereby the originating caller may bill the charges for a call to an approved LEC-issued calling card. The terms and conditions of the local exchange carrier apply to payment arrangements.

Collect Billing Call- A billing arrangement whereby the originating caller may bill the charges for a call to the called party, provided the called party agrees to accept the charges.

Commercial Credit Card Call- A billing arrangement whereby the originating caller may bill the charges for a call to an approved commercial credit card. The terms and conditions of the credit card company apply to payment arrangements.

Commission - The Kentucky Public Service Commission.

Company or Carrier - Whenever used in this tariff, "Carrier" or "Company" refers to New Millennium ConQuest Service Corporation unless otherwise specified or clearly indicated in this context.

Customer - The person, firm or corporation, or other entity which orders, cancels, amends, or uses service and is responsible for the payment of charges and/or compliance with tariff regulations.

SECTION 1 - TECHNICAL TERMS AND ABBREVIATIONS, CONT'D.

Customer Dialed Calling Card Call - A service whereby the End User dials all of the digits necessary to route and bill the call to a calling card.

End User - Any person, firm, corporation, partnership or other entity which uses the services of the Company under the provisions and regulations of this tariff. The End User is responsible for payment unless the charges for the services utilized are accepted and paid by another Customer.

LATA - Local Area of Transport and Access.

LEC - Local Exchange Company.

NM ConQuest - Refers to New Millennium ConQuest Service Corporation.

Operator Dialed Surcharge - A charge applying to calls made when the user dials "00" only or any valid company operator access code and requests that the operator dial the destination number.

Operator Station Call - A service whereby the caller places a non-Person to Person call with the assistance of an operator (live or automated).

Person to Person Call - A service whereby the person originating the call specifies a particular person to be reached, or a particular station, room number, department or office to be reached through a PBX attendant.

Personal Identification Number (PIN)- See Authorization Code.

Subscriber - The person, firm, partnership, corporation, or other entity who orders telecommunications service from ConQuest. Service may be ordered by, or on behalf of, those who own, lease or otherwise manage the pay telephone, PBX, or other switch vehicle from which an End User places a call utilizing the services of the Company.

Third Party Billing - A billing arrangement by which the charges for a call may be billed to a telephone number that is different from the calling number and the called number.

SECTION 2 - RULES AND REGULATIONS, CONT'D.

2.5 Taxes and Fees

Any governmental assessments, fees, license, or other similar taxes or fees imposed upon the Company shall be added pro rata, insofar as practical, to the rates and charges stated in the Company's rate schedules. Company shall add to the bills of the Customers an amount sufficient to recover any such tax or fee.

2.6 Miscellaneous Rates and Charges

The Company may adjust its rates and charges or impose additional rates and charges on its Customers in order to recover amounts it is required by governmental or quasi-governmental authorities to collect from or pay to others in support of statutory or regulatory programs. Examples of such programs include, but are not limited to, the Universal Service Fund, the Primary Interexchange Carrier Charge, and compensation to payphone service providers for the use of their payphones to access the Company's service.

2.7 Terminal Equipment

The Company's facilities and service may be used with or terminated in Customer-provided terminal equipment or Customer-provided communications systems, such as a telephone set, PBX or key system. Such terminal equipment shall be furnished and maintained at the expense of the Customer, except as otherwise provided. The Customer is responsible for all costs at his or her premises, including personnel, wiring, electrical power, and the like, incurred in the use of the Company's service. When such terminal equipment is used, the equipment shall comply with the generally accepted minimum protective criteria standards of the telecommunications industry as endorsed by the Federal Communications Commission.

2.15 Interruption of Service

Credit allowances for interruptions of service which are not due to the Carrier's testing or adjusting, to the negligence of the Customer, or to the failure of channels, equipment or communications systems provided by the Customer, are subject to the general liability provisions set forth in this tariff. It shall be the obligation of the Customer to notify Carrier immediately of any interruption in service for which a credit allowance is desired by Customer. Before giving such notice, Customer shall ascertain that the trouble is not within his or her control.

The Company will provide a credit equal to one minute of applicable service for calls that are interrupted or subject to inadequate transmission. Credits will not be issued when an interruption or service deficiency is not reported to the Company or is caused by the failure of power, equipment or systems not provided by the Company.

2.16 Other Rules

The Company may temporarily suspend service without notice to the Customer by blocking traffic to certain cities or NXX exchanges or by blocking calls using certain Personal Identification Numbers when the company deems it necessary to take such action to prevent unlawful use of its service. SECTION 3 - DESCRIPTION OF SERVICE AND RATES, CONT'D.

3.2 Calculation of Distance

Usage charges for all mileage sensitive services are based on the airline distance between the rate center locations associated with the originating and terminating points of the call.

The distance between the originating and terminating points is calculated by using the "V" and "H" coordinates of the applicable rate centers as defined by BellCore (Bell Communications Research) and on file with the FCC in AT&T FCC Tariff No. 10, in the following manner:

Step 1 - Obtain the "V" and "H" coordinates for the rate center of the originating and the destination points.

Step 2 - Obtain the difference between the "V" coordinates of each of the rate centers. Obtain the difference between the "H" coordinates.

Step 3 - Square the differences obtained in Step 2.

Step 4 - Add the squares of the "V" difference and "H" difference obtained in Step 3.

Step 5 - Divide the sum of the square obtained in Step 4 by ten (10). Round to the next higher whole number if any fraction results from the division.

Step 6 - Obtain the square root of the whole number obtained in Step 5. Round to the next higher whole number if any fraction is obtained. This is the distance between the originating and terminating rate centers of the call.

Formula:
$$\sqrt{\frac{(V_1 - V_2)^2 + (H_1 - H_2)^2}{10}}$$

SECTION 3 - DESCRIPTION OF SERVICE AND RATES, CONT'D.

3.3 Timing of Calls

Billing for calls placed over the network is based in part on the duration of the call.

3.3.1 Timing for all calls begins when the called party answers the call (i.e. when two way communications are established). Answer detection is based on standard industry answer detection methods, including hardware and software answer detection.

3.3.2 Chargeable time for all calls ends when one of the parties disconnects from the call.

3.3.3 Initial and additional call durations for billing purposes are as stated in the service description of each service.

SECTION 3 - DESCRIPTION OF SERVICE AND RATES, CONT'D.

3.5 Direct Dial Services

(T)

3.5.1 Direct Dial Service - Plan 101

(T)

Direct Dial Service - Plan 101 is a flat rate outbound service over switched facilities. Rates are not mileage or time-of-day sensitive. Calls are billed in six (6) second increments. The minimum call duration for billing purposes is six (6) seconds.

(T)

Per minute rate: \$0.058 (R)

3.5.2 Direct Dial Service - Plan 105

(N)

Direct Dial Service - Plan 105 is for large volume Customers who wish to pay the same flat rate for both interstate and intrastate service. Rates are not mileage or time-of-day sensitive. A Customer's rate depends upon the Customer's estimated monthly billing. Should the Customer not meet the monthly estimated usage for three consecutive months the Customer rate will change to the next higher increment for all calls going forward for the following three months. The Customer may contact the Company during that time and renegotiate the monthly commitment. Calls are billed in six (6) second increments. The minimum call duration for billing purposes is six (6) seconds.

(N)

<u>Minimum Monthly Commitment</u>	<u>Rate Per Minute</u>
\$1500.00	\$0.099

SECTION 3 - DESCRIPTION OF SERVICE AND RATES, CONT'D.

3.6 Operator Assisted Calling

3.6.1 NM ConQuests's Operator Assisted Calling is available for use by transient end users from Aggregator locations. Calls are billed in one minute increments, with additional per call charges reflecting the level of operator assistance and billing method. Operator service charges are not discounted for time of day.

The Company offers many operator service rate plans depending upon the needs of a particular Aggregator location. The types of calls handled are as follows:

Customer Dialed Calling/Credit Card Call - This charge applies in addition to long distance usage charges for station to station calls billed to an authorized Calling Card or Commercial Credit Card. The Customer must dial the destination telephone number where the capability exists for the Customer to do so. A separate rate applies in the event operator assistance is requested for entering the Customer's card number for billing purposes.

Operator Dialed Calling/Credit Card Call - This charge applies in addition to long distance usage charges for station to station calls billed to an authorized telephone Calling Card or Commercial Credit Card and the operator dials the destination telephone number at the request of the Customer.

Operator Station - These charges apply in addition to long distance usage charges for non-Person-to-Person calls placed using the assistance of a Company operator and billed Collect, to a Third Party, by deposit of coins in Pay Telephones, or via some method other than a Calling Card or Commercial Credit Card.

Person-to-Person - This charge applies in addition to long distance usage charges for calls placed with the assistance of a Company operator to a particular party at the destination number. This charge applies regardless of billing method, including but not limited to billing to a Calling Card, Commercial Credit Card, Collect, by deposit of coins in Pay Telephones, or to a Third Party. Charges do not apply unless the specified party or an acceptable substitute is available.

SECTION 3 - DESCRIPTION OF SERVICE AND RATES, CONT'D.

3.7 Public Telephone Surcharge

(N)

In order to recover the Company's expenses to comply with the FCC's pay telephone compensation plan effective on October 7, 1997 (FCC 97-371), an undiscountable per call charge is applicable to all interstate, intrastate and international calls that originate from any domestic pay telephone used to access the Company's services. This surcharge, which is in addition to standard tariffed usage charges and any applicable service charges and surcharges associated with the Company's service, applies for the use of the instrument used to access The Company service and is unrelated to the Company service accessed from the pay telephone.

Pay telephones include coin-operated and coinless phones owned by local telephone companies, independent companies and other interexchange carriers. The Public Pay Telephone Surcharge applies to the initial completed call and any reoriginated call (i.e., using the "#" symbol).

Whenever possible, the Public Pay Telephone Surcharge will appear on the same invoice containing the usage charges for the surcharged call. In cases where proper pay telephone coding digits are not transmitted to the Company prior to completion of a call, the Public Pay Telephone Surcharge may be billed on a subsequent invoice after the Company has obtained information from a carrier that the originating station is an eligible pay telephone.

The Public Pay Telephone Surcharge does not apply to calls placed from pay telephones at which the Customer pays for service by inserting coins during the progress of the call.

3.8 Travel Card Service

(N)

Travel Card Service is available to business and residential Customers. Calls originate via a toll free telephone number, followed by a PIN and terminating telephone number. Calls may originate from standard residential, business, hotel or pay telephone access lines and may terminate to any intrastate location. Customers dialing into the Company's proprietary card platform may default to or request an operator and will be billed an additional charge for operator assistance in placing the call or providing for a billing arrangement other than the Travel Card. Calls are billed in six (6) second increments. The minimum call duration for billing purposes is six (6) seconds.

Rate per minute: \$0.35

Operator assistance per call charge: \$1.00

3.9 Directory Assistance

A per call charge applies to each call to the Directory Assistance Bureau. Up to two requests may be made on each call. The per call charge applies to each call regardless of whether the Directory Assistance Bureau is able to furnish the requested number.

Per call charge: \$0.95
