

WATER HYDRANT AGREEMENT

This AGREEMENT made and entered into this _____ day of _____
 _____, 19____, by and between the EDMONSON COUNTY
 WATER DISTRICT, hereinafter called the DISTRICT, and _____,
 _____, of _____,
 Kentucky, hereinafter called CUSTOMER;

WITNESSETH:

WHEREAS, Customer wants to install, at its/his/her sole cost and expense,
 a hydrant connected to the water transmission system of the District;

WHEREAS, the location of the proposed hydrant is at a site where there is
 a lack of sufficient water capacity or pressure available to the direct connection
 of any fire fighting equipment;

WHEREAS, the Customer has been made fully aware of the deficiency of
 service for the purpose of direct firefighting.

NOW, THEREFORE, THE PARTIES HERETO AGREE:

1. The Customer is allowed to connect a water hydrant to the water
 transmission system of the District for the sole purpose of filling tanks for the
 indirect purpose of fighting fires and said location is marked on a map attached
 hereto and made a part hereof as Exhibit 1. Any connection shall be made by
 personnel of the District and the cost thereof shall be payable within thirty days
 from the issuance of an invoice for the cost.

2. No warranty is made by the District nor

Customer that there will be sufficient water or pressure to fill said tanks.

3. Customer shall make full and complete disclosure of this agreement to any insurance carrier that the water hydrant is not for the direct fighting of fires.

4. Customer understands that the primary purpose of the water transmission lines of the District are for the delivery of potable water for domestic or commercial use and not for the fighting of fires.

5. Should the Customer connect to the water hydrant for the direct fighting of fires, then, and in that event, the District shall, at Customer's sole cost and expense, remove said hydrant. Customer covenants with the District that it/he/she will indemnify the District for any damages sustained by reason of the connection to the water hydrant for the purpose of direct fighting of fires.

6. Customer covenants with the District that there will be no pumping from the hydrant and that the tank or tanks will be filled solely from the pressure supplied by the District in the transmission of its water.

IN TESTIMONY WHEREOF, witness the hands of the officers of the District and the hand(s) of Customer the day and year first above written.
