**KENTUCKY PUBLIC
SERVICE COMMISSION**

W I T N E S S E T H: That

WHEREAS, The District is engaged in the treatment, transmission and sale of potable water; and

WHEREAS, The Customer is the owner of real property near or adjacent to the service area of the District with a water transmission line within connecting distance; and

WHEREAS, The Customer desires to receive water service, but the District has not the funds, equipment or manpower to lay and construct lines to serve the Customer;

WHEREAS, The Customer is willing to construct and lay water transmission line or lines from the end of the District's line; and

NOW, THEREFORE, THE PARTIES AGREE:

1) Customer shall prepare or cause to be prepared and submit plans for the construction of water transmission lines, which shall comply with all regulations of any responsible agency or agencies of the Commonwealth of Kentucky, at the cost to Customer. Said plans shall be prepared in consultation with the Manager of the District and shall comply with specifications established by the District. After approval by the appropriate state agencies, said plans shall be submitted to the Commissioners of the District for consideration or approval.

2) Said plans shall state the number of customers who shall be served upon completion of the project.

3) The customer and the manager of the District shall determine the total cost of the proposed water main extension (exclusive of the meter connections) and the total length of the extension. Construction to be done in the most economical manner available. If construction is done by someone other than the District then the District shall inspect the construction. Copies of quotes, bids, checks, etc., shall be filed with the District for verification of cost where it shall be open to public examination. The District shall pay that portion of the cost of the water main extension equal to 50 feet for each applicant for service. That part of the cost not covered by the District's portion shall be contributed equally by those applicants desiring service on the main extension. Each applicant shall also be required to pay the District's approved "Tap-on-fee" for a meter _____ to the main extension.

For a period of ten years after the original construction of the main extension each additional customer directly connected to each particular extension will be required to contribute to the cost of that water main extension based on a recomputation of both the District's portion of the total cost and each customer's contribution as set out above. The District must refund to those customers that have previously contributed to the cost of each main extension itself that amount necessary to reduce their contribution to the currently calculated amount for each customer connected to that extension. All customers directly connected to each main extension for a ten year period after it is placed in service are to contribute equally to cost of construction of the water main extension itself. In addition each customer must pay the approved "Tap-on-fee" applicable at the time of their application for the meter connection. The "Tap-on-fee" is not part of the refundable cost of the extension it may be changed during the refund period. In no case will the total amount refunded exceed the amount paid by the District. After the ten year refund period expires, any additional customer applying for service on each main extension must be connected for the amount of the approved "tap-on-fee" only.

4) Customer & District together shall obtain and provide all necessary easements, licenses, or permits for rights-of-way required for the water transmission lines.

5) The Customer shall convey the title to all water transmission lines, their appurtenances, to the District, its successors and assigns, with covenants that there are no liens or encumbrances on said lines at the time the lines are put in service.

6) The District has the right to extend the lines or to connect laterals therefrom.

7) This contract is valid only upon acceptance by the Commissioners of the District and the affixing to this contract of the signature of duly authorized Chairman of the Commission.

IN TESTIMONY WHEREOF, witness the hands of the Chairman of the Edmonson County Water District and the Customer the day and year appearing to the right of their signatures.
