CONTRACT FOR WATER SERVICES

This contract witnesseth that for and in consideration of the effort of the above named water system, to secure financing for construction of this system and continued maintenance of system, the above applicant petitions to connect to the water system.

*If a membership fee is charged, this application shall serve as a Certificate of Membership. If a deposit is charged, this application shall serve as a Certificate of Deposit.

The applicant hereby agrees to connect to the System. If it is a new connection, it is understood and agreed that at such a time as the connection is constructed, the applicant agrees to connect to the System immediately. If for any reason the connection is not made immediately, the applicant understands that a minimum charge will still be due and payable to the System for the connection. Failure to pay such charges and/or connect with the system will void this contract. Should the applicant desire to connect with the System in the future, all fees and connection charges will be due again IN FULL, and any and all amounts previously billed.

The applicant agrees to install and maintain a service line that will meet with the System's suggested guidelines. The applicant also agrees that no other residence will be connected to their service line. A separate meter must be installed for each residence. The applicant also agrees not to resell or give away water purchased from this System.

A separate contract may be required for trailer parks/commercial.

The applicants rights hereunder are subject to such further rules and regulations as the System may prescribe. The System may terminate service to any customer who is in violation of any Rule or Regulation of the System.

The System may terminate service to any customer who is past due with their bill unless an agreement for partial payment is reached with the appropriate representative at the billing office. Deposits to insure payment of monthly water bills and penalties on delinquent water accounts shall be as the System may prescribe.

The applicant agrees to permit the System to lay, maintain, repair, remove and disconnect a service line and meter, and read meters at a point on customer's property, and to be designated by the System for each connection with right of ingress and egress for these purposes over customer's property, and to grant an easement for installation of water lines when required.

Non-payment by the due date may subject the account to be assessed a penalty. Non-payment by the disconnect date will result in the service being shut off. If service is discontinued because of non-payment, the entire amount due for the account plus all pertinent Service Charges, minimum bills, penalties, etc., must be paid before service will be restored.
