1st Revised SHEET NO. 3

The following rules and regulations are subject to change by the Commission at any time upon approval of the Kentucky Public Service Commission. These rules and regulations are intended to supplement the bond resolution, the rate resolution, and the tariff.

1. Meters will be read monthly between the 20<sup>th</sup> and the 30<sup>th</sup> of the month.
2. Bills will be dated and mailed the first of every month. Said bills will state that they are to be paid within 15 days. However provisions contained in the rate regulations as to penalties and cut-offs will apply.
3. All meters will be located on district mains and in the absence of – special permission on the property to be served. Reference is made to a mere detailed explanation contained in the tariff.
4. Complaints may be made to the operator or manager of the system and may be appealed to the district commission within 10 days.
5. The principal place of business of the district will be the office at 2573 Mary Ingles Hwy Dover Kentucky 41034.
6. Water bills can be paid in person at the Dover office Monday thru Friday from 8:00 am to 4:00 pm. There is a payment box on the front porch that can be used after hours. Water bills can be mailed to the Western Mason Co Water District PO Box 49 Dover KY 41034. Bills can also be paid by credit/debit card by visiting the company website’s Pay My Bill Tab at [www.wmwd.biz](http://www.wmwd.biz) or by calling the office.
7. **Deposits** – 2/12ths of an annual average bill will be required as a security deposit. Interest (T)  
will accrue on all deposits at the rate prescribed by law and/or by interest accrued from the bank (T)  
beginning on the date of the deposit. Interest accrued will be refunded to the customer or credited (T)  
to the customer’s bill on an annual basis. If interest is paid or credited to the customer’s bill prior to (T)  
twelve (12) months from the date of deposit or the last interest payment date, the payment or credit (T)  
shall be on a prorated basis. Deposits will be refunded to customers upon termination of service. (T)

8. **Turn On Fee** – This service charge is for turning on the water for a new customer each time they change occupancy in our district. **Turn on Charge . . . . . \$10.00**

9. **New Service Connection** – This charge is for a new service installation.  
5/8 inch meter connection . . . . . **\$1,840.00**  
All other sizes . . . . . **Actual Cost**

10. **Meter Reading Charge** **\$ 0.00**  
This is charged if it is requested by the customer when they think their meter was read incorrectly and we re-read their meter and find that the meter was read correctly.

11. **Late Payment Penalty**  
Penalty of 10% will be added to all un-paid bills after 15 days from date of bill.

12. **Return Check Charge** **\$10.50**  
This charge will be levied and paid by the customer to the district on each check of the customer “returned” for whatever reason

13. **Reconnection Charge** **\$21.00**  
When service is turned off, disconnected, or removed for non-payment of the water bill and reconnected

14. Credit/Debit Cards (T)

All customers may pay their bill by credit or debit card. This method of payment may be made in person at the utility office, by telephone, or by visiting the "Pay My Bill" tab on the company's website at [www.wmwd.biz](http://www.wmwd.biz). (T)

If on the bill due date an attempt to pay the credit card or debit card is made and the card is declined for any reason, payment is still due in full on that date and will be considered late after that date. All late charges and penalties will be applied. If a customer is paying on our disconnect day and the card is denied the same rules as above apply, in addition to service being disconnected. (T)

When a customer makes a payment by credit or debit card, the utility will assess a fee equal to that charged to the utility by the credit or debit card processing company to process the transaction. This fee is generally calculated using a formula applied to the balance of the amount charged to the credit or debit account but may be a flat fee per transaction.

Prior to processing the transaction, the customer will be informed of the fee amount and, upon request by the customer, the formula employed to arrive at this fee amount.

**APPLICATION FOR SERVICE:** Each prospective customer desiring water service shall be required to sign the district's standard water service contract before any service is supplied by the District. No service will be installed unless there is a main distribution line existing along the road from which service is requested. If service is desired on the same side of the road as the main water line, the meter shall be installed within five feet of the main line. If service is desired on the opposite side of the road from the water line, the service line will be run under the road and the meter installed on private property adjacent to the highway right of way. If the distance from the main line to either side of the road is greater than 50 feet, the customer will be required to pay the cost of installing the pipe for the additional footage. A contribution in aid of construction as provided in the schedule of Rates and Charges must be paid on all new connections to the existing water line. Application for service connection installation will not be processed if the applicant is indebted to the District in any manner. Extensions to the utility's lines shall be made in accordance with 807 KAR 5:066, Section 12 (2). A Declaration of Domicile form must be filled out upon application for service declaring the service will be used as the primary residence and will be exempt from Kentucky Sales Tax per KRS 139.470(7). If this service will not be primary residence then no form is needed and the customer's service will be subject to sales tax.

(N)  
(N)  
(N)  
(N)

**DISCONTINUANCE OF SERVICE:** District may refuse to connect or may discontinue service for the violation of any of its Rules and Regulations or for violation of any provisions of the Schedules of Rates and Charges or of the customer service contract. District may discontinue service to customer for theft of water services on premises of customer. The District shall not be required to restore service until the customer has complied with all rules and regulations of the District and the said District has been paid for the estimated amount of the service rendered and for any cost incurred by reason of the fraudulent use All discontinuance of services is subject to the Notice requirements 807 KAR 5:006, Section 11.

Original SHEET NO. 6 and 7

**DEPTH OF SERVICE LINE:** All service lines shall be laid at a depth sufficient to prevent freezing during the coldest weather normally experienced except where services are not intended for use during freezing weather and are actually drained during such periods. Depth shall be no less than 30 inches in all cases.

**INSPECTION OF SERVICE LINE:** Local plumbing inspector will inspect all service lines installed by the customer and proof and approval of that inspection must be provided to the District before service is granted. The District reserves the right to inspect the line should the need arise. (T)  
(T)  
(T)

**BACKFLOW PREVENTOR:** All services shall have a means of backflow prevention, such type and location subject to approval of District.

**SHUT OFF VALVE:** Each customer is required to have their own personal shut off valve as not to use the meter for shutting off service or need to call company personnel to shut off service.

**CUSTOMER'S SERVICE LINE:** All service lines beyond the metering point must be installed of materials approved by the District, thus insuring the highest quality materials for proper service. Materials such as copper, PVC, PE (polyethylene), or underground PEX pipe for example with a rating of at least 200 PSI is generally acceptable. The size of the service line beyond the point of delivery should not be less than 3/4 inch, however a larger line may be required for adequate service. It is recommended that the customer consult with a reputable engineer or plumber to know the proper size of their service line. The proper size of the service line is the responsibility of the customer. (T)  
(T)

**INTERRUPTION OF SERVICE** The District will use reasonable diligence in supplying water service and shall make effort to notify effected customers in the event of a planned service interruption and giving time of approximate service restoration.

**MONITORING OF CUSTOMER USAGE** The District monitors monthly when the meters have been read for excessive usage and non-usage. The customer will be notified immediately by phone or written notice for an immediate investigation. Once the issue has been found the District will take the appropriate measures depending on the findings. If the findings cannot be explained, the District shall test the customers meter to determine if the meter shows an average meter error greater than two percent fast or slow. (T)

**RIGHT OF ACCESS** The customer shall agree to permit the District to lay, maintain, repair or remove water lines which are the property of the District which may be located on customer's property, the District having the right of ingress and egress over customer property. This permit applies for any agent of the District and also toward any person required to inspect the lines or for anyone required to be upon the property for water business.

**NOTICE OF TROUBLE** Customer will notify the District immediately should the service be unsatisfactory. Such notices, if verbal should be confirmed in writing.

**NONSTANDARD SERVICE** Customer shall pay the cost of any special installation necessary for the customer's requirements, other than standard water connection.

**DAMAGES TO DISTRICT'S WATER SYSTEM:** Any person causing damage willful or by negligence to District's lines or properties, shall be responsible for the repairs thereto. Should such person be a customer, service will be immediately discontinued at the option of the District. District has the right to take the appropriate legal action to collect for such damages.

**RELOCATION OF WATER FACILITIES:** District may at customer's request, relocate or change existing District owned equipment, customer to pay the cost thereof.

**METER MAINTENANCE:** It is the responsibility of each customer to keep meter clear of any trees, bushes, or shrubs and also free of any foreign objects or vehicles that would interfere with the reading or maintenance of the meter or meter vault.

**FAILURE OF METER:** Where a meter has ceased to register, or meter reading could not be obtained, the quantity of water consumed will be based upon an average of the prior six months consumption and the conditions of water service prevailing during the period in which the meter failed to register. Should a prior six month base evaluation period not be available then quantity shall be estimated by District's engineer.

**READING OF METER:** Meters will generally be read between the 20th and the 30th of the month. However the District reserves the right to estimate bills and/or to vary the dates or length of period covered, if necessary or desirable due to inclement weather or other reason.

**SALE OF WATER:** Water furnished by the District may be used for domestic consumption by the customer's household or business only. (ONE HOUSEHOLD PER METER) The customer shall not sell, donate, or give water to anyone except those members of his household.

**FIRE PROTECTION:** The District's system IS NOT designed nor intended for use for fire protection in any manner whatsoever. Any customers using same for fire protection does so at his own full and sole responsibility and risk. The District makes no warranty as to the sufficiency of the water supply or the adequacy of the water pressure at any time. Customers are notified of this disclaimer in their water user contract and on their monthly bill.

(T)

**FIRE HYDRANTS:** Conventional fire hydrants will be installed only on 6 inch or larger water mains and only when a professional engineer with a KY registration certifies that adequate and reliable fire flows can be obtained in conformance with good engineering practice.

**FIRE DEPARTMENTS:** Any city, county, urban-county, charter county, fire protection district, or fire protection district ("User") may withdraw water from the utility's water distribution system for the purpose of fighting fires and or training firefighters at no charge on the condition that it maintains estimates of the amount of water used for fighting fires and or training during the calendar month and reports the amount of this water usage to the utility no later than the 15<sup>th</sup> day of the following calendar month.

Any city, county, urban-county, charter county, fire protection district, or fire protection district that withdraws water from the utility's water distribution system for fighting fires and/or training purposes and fails to submit the required report on water usage within 60 days of the report calendar month shall be assessed the cost of the water.

A non-reporting user's usage shall be presumed to be .3 percent of the utility's total water sales for the calendar month. The utility should consider this evidence and may adjust the presumed usage amount accordingly.

The non-reporting user shall be billed for this usage at the lowest usage block rate regardless of customer classification and the utility charges

A non-reporting user shall also be assessed a penalty of \$25.00 for each failure to submit a report in within 60 days of the report calendar month.

**EXTENSION OF DISTRIBUTION MAINS**

A. For this section the following definitions shall apply:

1. The term "cost of extension" as used herein shall mean all costs involved in extending a water main to include the actual laying of pipe and appropriate fixtures (excluding meters), administrative costs, legal fees, engineering fees, any fees required by state or federal agencies, any costs or right-of-way acquisition, and right-of-way restoration costs as well as any fees required by the utility as approved by the Kentucky Public Service Commission or assessed by other regulatory authorities. The cost of extension includes the costs for both on-site facilities and off-site facilities as defined below in this section.
2. The term "new subdivision" as used herein shall mean any new subdivision or residential and/or commercial lots for which a plat has been filed in the county clerk's office and. sub-divider has or will construct roads or streets as public roadways to said lots.
3. The term "lot" as used herein shall mean any plot of ground laid out for building purposes.
4. The term "on site facilities" as used herein shall include all water mains with related fixtures and other facilities, if any, to be installed and located wholly within the boundaries of the property to which service is to be extended.
5. The term "off-site facilities" as used herein shall include all water mains with related fixtures and other facilities, if any, to be installed and located outside of the boundaries of the property to which service is to be extended, as said boundaries are depicted on plat of record, in order to deliver an adequate supply of water from existing mains of the Company to the new subdivision or prospective Customer.

- 6. The term "current estimated cost" as used herein shall mean a cost figure as determined by the Company's engineering firm to establish a water main extension as defined by definition #1 above.

**B. GENERAL WATER SERVICE OTHER THAN NEW SUBDIVISIONS:**

- 1. Free extension: The Company will upon written request for service by a prospective Customer or a group of prospective Customers located in the same neighborhood, make free of charge an extension of fifty (50) feet of distribution main per prospective Customer.
- 2. Extensions above the free limit: If the cost of an extension requested in order to furnish general water service to a prospective Customer or group of prospective Customers is greater than the free extension specified herein, such an extension will be made under the following conditions: the Company will require a payment of the cost of the extension above the free limit based on an engineering estimate to include an estimate of the actual construction cost, engineering cost, legal cost and administrative cost. For each additional Customer directly connected to the extension between its original beginning and original terminus within a period of ten (10) years from the making of such extension, the Company will refund an amount equal to the average cost of fifty (50) feet of the extension, but at no time shall the aggregate refund made to any Customer exceed the original payment by such Customer.
- 3. No interest will be paid by the Company on the Customer's payment made in accordance with paragraph 2 of this section.

4. Extensions made under this rule shall be and remain the property of the Company.
5. The Company reserves the right to further extend its water main from and beyond the terminus of each water main extension made under this rule. The Customer paying for an extension shall not be entitled to any refund for the attaching of Customers to any further extension or branch mains so installed.
6. In determining the length of a main extension to a lot or lots, the Company shall require that the extension be constructed to a point on the lot or lots so that service may be provided as requested and so that a gate valve may be established in an appropriate place and operated as a flush valve. If the extension is to be built on general unplatted road frontage or farm land, the extension construction shall be required only to an appropriate location near the last point of service. If the Company should determine that the extension shall not have to extend over the entire frontage of the property or lot, it shall require that the Customer grant a right-of-way over the entire frontage.
7. Actual construction costs for the extension will be calculated on a "line-item" basis. Other costs associated with the extension will be calculated on an "as incurred" basis. When the construction project is finished the prospective Customer (s) will be required to pay any cost above their initial payment for the cost of extension or be refunded any balance not used for the extension.

1. When an extension of the District's water mains is requested to be extended into a subdivision or parcel of property, the owner of that property shall submit six (6) copies of the plat as filed in the county clerk's office to the District with a written request that water service is requested to the property. The proposed extension shall be handled in the following manner: (T)

I. The subdivision owner shall submit the plats as required above, along with adequate monies to pay for administrative costs, the preliminary engineering work, and a preliminary cost estimate for the construction of the water mains and associated facilities, if any, to include on-site facilities, off-site facilities, if any, engineering costs, legal costs, and administrative costs. When the estimate is completed and presented to the prospective developer, he or she may then decide to proceed or not proceed with the construction.

II. If the subdivider decides to proceed with the water main extension after reviewing the preliminary costs, the District will have final plans and specifications prepared. A current estimated cost figure will be rendered to the subdivider showing the cost of on-site facilities and of site facilities, if any. (T)

III. Before construction, the subdivider will pay the District the current estimated cost. The District will solicit bids from responsible contractors and select the bid that is found most appropriate. The District shall reserve the exclusive right to select the contractor. If bid is received at or above the current estimated cost further bids may be solicited or the subdivider may pay to the District monies adequate to pay the difference of the low and acceptable bid in addition to the estimated cost. distribution main and therefore creates no new service area, those off-site costs shall be calculated separately and refunds paid as prescribed above only if new services are connected to the new parallel pipe.

- IX. The owner of such subdivision, in consideration of an accelerated development of said subdivision to be obtained through District's proceeding, on the basis of a preliminary plat, with its plans and specifications and at District's option, with construction of its mains and facilities, shall warrant to District that the location and grade of street curbs, sidewalks, building plots, building lines and utility easements as depicted on said preliminary plat will not be altered or changed in any respect in the final plat of said subdivision or part thereof and recorded in the Office of the Clerk of the Mason County Court. In the event the location or grade of streets, sidewalks, curbs, building plots, building lines or utility easement be altered, amended or changed in a final plat or in an amended plat of said subdivision, whether such changes are made with or without the consent of said subdivider, and in the event such alteration, amendment of change requires, in the sole judgment of the District, the relocation, removal, replacement, reconstruction, change in site or additions to the mains and related facilities, the subdivider shall indemnify and hold harmless District of and from any and all damages and costs of such removal, replacement, relocation, reconstruction and any and all other expenses or costs resulting to District because of change of location or grade of streets, curbs, sidewalks, lots, building lines, or utility easement in said subdivision or part thereof.

## Water Leak Verification Form

Account # \_\_\_\_\_

Date: \_\_\_\_\_

Customer Name \_\_\_\_\_

1. Date repairs were made: \_\_\_\_\_
2. Person doing repairs: \_\_\_\_\_
3. Location of leak: \_\_\_\_\_

I understand that adjustments are figured by the difference between my average water bill and the bill that reflects the leak. The adjustment is then based on what my average usage is. Any water metered above that amount is my leak amount. I understand that half the leakage will be charged to me and the other half will be covered by the District. A customer account shall be considered to be current while the leak adjustment request is being reviewed if the customer continues to make undisputed payments and stays current on subsequent bill.

I also understand that only one leak adjustment will be permitted every two years. If any PVC pipe is used for any repairs of underground water service lines, it must be no less than 200 PSI pipe.

I realize that no adjustment will be made until this form is signed and dated and returned to the District. The District reserves the right to inspect your water system for verification.

I hereby verify that I have read the information given above and that all statements are true and correct and that the leak has now been fixed.

We are not responsible for mail delivery, checks in transit and/or checks lost in transit. Failure to receive bill is no excuse for non-payment. Our records show that your account is Past Due! As a result, a Late Penalty has been added to your account. To avoid termination of service and any additional fees related to disconnection, please pay the amount due before the Disconnect Date. Once service is scheduled for Disconnect, you will be assessed a Reconnect Fee and all must be Paid-in-Full before service can be scheduled for restoration. Restoration is only performed during business hours.

Please address any billing questions and/or disputes by calling the office prior to the Disconnect Date. Make check payable to & remit to: Western Mason Water District ♦ P.O. Box 49 ♦ Dover, KY 41034

# CONTRACT FOR WATER SERVICES

This contract made and entered into this \_\_\_\_ day of \_\_\_\_\_, 20\_\_.

(LOCATION #) \_\_\_\_\_ (meter ID#) \_\_\_\_\_ (begin rdg) \_\_\_\_\_

(NAME) \_\_\_\_\_

(ADDRESS) \_\_\_\_\_

\_\_\_\_\_

Hereinafter referred to as Customer and Western Mason Water District of Mason County, Kentucky, a body corporate, hereinafter referred to as District, witnesseth that the Customer petitions to connect to the proposed Waterworks System of the District and Customer does further agree that he will make advance payment as required by the District in payment of expense of connecting to said Water System the sum of money checked as stated in the filed tariff with the Kentucky Public Service Commission for each connection requested:

\_\_\_\_\_ New Service Connection Charge

\_\_\_\_\_ Deposit

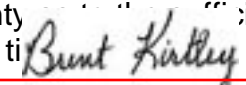

It is understood and agreed that the District reserves the right to (determine the size of service connection to be used to supply water. A five-eighths (5/8") meter will be used unless otherwise approved by the Board of Commissioners.

This Contract does not give Customer the right to resell or give away water purchased hereunder. **Only one household per meter.**

Customer's rights hereunder are subject to such further rules and regulations as the District Commissioners may prescribe. The District may terminate any customer's service upon his failing to pay a water bill when thirty (30) days past due or for violating a District regulation.

Deposits to insure payment of monthly water bills and ~~penalties on delinquent water accounts shall be as the District may hereinafter prescribe.~~

The District's system is not designed nor intended for use for fire protection in any manner whatsoever. Any customers using same for fire protection does so at his own full and sole responsibility and risk. The District makes no warranty of the water supply or the adequacy of the water pressure at any time.
