DEPOSITS

The Wood Creek Water District may require a cash deposit to secure payment of bills. Service may be refused or discontinued for failure to pay the required deposit. Interest, as prescribed by KRS 278.460 will be paid annually either by refund or credit to the customer's bill, except that no refund or credit will be made if the customer's bill is delinquent on the anniversary date of the deposit.

The deposit may be waived upon a customer's showing of satisfactory credit or payment history, and required deposits will be returned after one (1) year if the customer has established a satisfactory payment record for that period. If a deposit has been waived or returned and the customer fails to maintain a satisfactory payment record, a deposit may then be required. The District may require a deposit in addition to the initial deposit, if the customer's classification of service charge or if there is a substantial change in usage. Upon termination of service, the deposit, any principal amounts, and any interest earned and owed will be credited to the final bill with any remainder refunded to the customer.

In determining whether a deposit will be required or waived, the following criteria will be considered.

1. Previous payment history with the District. If the customer has no previous history with the District, statement from other utilities, banks, etc. may be presented by the customer as evidence of good credit.
2. Whether the customer has an established income or line of credit.
3. Length of time the customer has resided or been located in the area.
4. Whether the customer owns property in the area.
5. Whether the customer has filed bankruptcy proceedings within the last seven years.
6. Whether another customer with a good payment history is willing to sign as a guarantor for an amount equal to the required deposit.

RULES AND REGULATIONS

LEAK ADJUSTMENT POLICY

Determination of a Leak

Our field employees notice when reading meters if the usage of a customer is unusually high and if the meter is running. If so, they go to the customer's door to talk with them about a possible leak. If no one is at home they leave them a note for them to contact the office because they may have a leak. At other times the customers will call the office to ask for someone to come turn their meter off because they have a leak and need assistance. Leaks are then determined by field investigation by designated employees who then report back to the customer and to the office staff as to whether a leak was determined.

Adjustment of a Leak

The reduction of the bill is based on the total amount of the water usage. The amount of the customer's average three (3) months water usage bill is subtracted from the bill or bills which are higher than normal due to a water leak. The District will reduce the bill in the amount of 50%. The customer may be granted payments for this 50% payment if he chooses. This leak adjustment is a one time adjustment.

Example:	Absorbed by <u>District</u>	Due From <u>Customer</u>
Water usage bill or bills with leak	\$100.00	
3 months average bill	<u>-10.00</u>	
	\$90.00	
1/2 of Bill	\$45.00	\$45.00
3 months average bill		<u>10.00</u>
