RULES AND REGULATIONS

1. Additional Rules and Regulations These Rules and Regulations are in addition to the rules of the Kentucky Public Service Commission.
2. Application for Service Each prospective customer desiring water service may be required to sign the District's Standard Application for Water Service before service is supplied by the District. No service will be installed unless there is a main distribution line existing along the road from which service is requested. If service is desired on the same side of the road as the water main, the meter shall be installed within five feet of the water main. If service is desired on the opposite side of the road from the water main, the service line will be run under the road and the meter installed on private property adjacent to the highway right of way, provided the distance from the main line to the meter point is not more than 60 feet. If the distance is greater than 60 feet, the customer will be required to pay the cost of installing the pipe for the additional footage. A contribution in aid of construction as provided in the Schedules of Rates and Charges must be paid on all new connections to the existing water line.
3. Discontinuance of Service by District District may refuse to connect or may discontinue service for the violation of any of its Rules and Regulations, or for violation of any of the provisions of the Schedules of Rates and Charges, or of the application of customer or contract with customer. District may discontinue service to customer for the theft of water or the appearance of water theft devices on premises of customer. The District shall not be required to restore service until the customer has complied with all rules of the utility and regulations of the commission and the District has been reimbursed for the estimated amount of the service rendered and for any cost incurred by reason of the fraudulent use.

RULES AND REGULATIONS

4. Billing Bills will be rendered monthly and shall be paid within ten days from date of bills at the office of District. Failure to receive bill will not release customer from payment obligations. Should bills not be paid as above, the District may at any time subsequent to twenty (20) days after the mailing date of the original bill, and upon at least five (5) days written notice, discontinue service. Such termination notice shall be exclusive of and separate from the original bill. If, prior to discontinuance of service, there is delivered to the District office payment of the amount in arrears, then discontinuance of service shall not be made, or as to residential services where a written certificate is filed, signed by a physician, a registered nurse or a public health officer stating that in the opinion of the person making the certification discontinuance of service will aggravate an existing illness or infirmity on the affected premises, service shall not be discontinued until the affected resident can make other living arrangements or until ten (10) days elapse from the time of the District's notification. Bills paid on or before the final date of payment shall be payable at the net rates, thereafter the gross rates shall apply as provided in the Schedule of Rates and Charges. Should the final date for payment of the bill at the net rates fall on a Sunday or holiday, the business day next following the final date will be held as a day of grace for delivery of payment.
5. Deposits The Company requires a minimum cash deposit to secure payment of bills. Service may be refused or discontinued for failure to pay the requested deposit. Interest, as prescribed by KRS 74.050, will be paid annually either by refund or credit to the customer's bill, except that no refund or credit will be made if the customer's bill is delinquent on the anniversary date of the deposit.

The deposit may be waived upon a customer's showing of satisfactory credit or payment history, and required deposits will be returned after one (1) year if the customer has established a satisfactory payment record for that period. If a deposit has been waived or returned and the customer fails to maintain a satisfactory payment record, a deposit may then be required.

RULES AND REGULATIONS

The Company may require a deposit in addition to the initial deposit if the customer's classification of service changes or if there is a substantial change in usage. Upon termination of service, the deposit, any principal amounts, and any interest earned and owing will be credited to the final bill with any remainder refunded to the customer.

In determining whether a deposit will be required or waived, the following criteria will be considered:

1. Previous payment history with the Company. If the customer has no previous history with the Company, statements from other utilities, banks, etc. may be presented by the customer as evidence of good credit.
2. Whether the customer has an established income or line of credit.
3. Length of time the customer has resided or been located in the area.
4. Whether the customer owns property in the area.
5. Whether the customer has filed bankruptcy proceedings within the last seven years.
6. Whether another customer with a good payment history is willing to sign as a guarantor for an amount equal to the required deposit.

If a deposit is held longer than 18 months, the deposit will be recalculated at the customer's request based on the customer's actual usage. If the deposit on account differs from the recalculated amount by more than \$10.00 for a residential customer or 10 percent for a non-residential customer, the Company may collect any underpayment and shall refund any overpayment by check or credit to the customer's bill. No refund will be made if the customer's bill is delinquent at the time of the recalculation.

Residential customers will pay equal deposits in the amount of \$40.00. This amount does not exceed the average bill of residential customers served by the Company and is equal to 2/12 of the average annual bill.

RULES AND REGULATIONS

6. Point of Delivery The point of delivery is the point where the meter is located on the customer's premises. All water lines, plumbing, and equipment beyond the meter shall be installed and maintained by the customer.
7. Termination of Contract by Customer Customers who have fulfilled their contract terms and wish to discontinue service must give at least three (3) days notice in person, in writing or by telephone to that effect, unless contract specified otherwise. Notice to discontinue service prior to expiration of contract term will not relieve customer from any minimum or guaranteed payment under any contract or rate.
8. Customer's Service Line All service lines beyond the metering point should be installed of material consisting of copper, galvanized, or PVC pipe with rating of not less than 160 psi. The size of service line beyond the point of delivery should not be less the 3/4"; however, a larger size may be needed to provide adequate service. If the customer's point of use is at a higher elevation than the point of delivery, the customer should consult with a reputable engineering firm to size the service line from the point of delivery.
9. Right of Access The customer must agree to permit the District to lay, maintain, repair, or remove such water lines which is the property of the District located on the customer's property with the right of ingress and egress over customer's property. The District's duly authorized representative and/or other duly authorized employee of the State Health Department bearing proper credentials and identification shall be permitted to enter upon all properties for the purpose of inspection, observation, measurement, sampling, and testing, in accordance with the provisions of these Rules and Regulations.
10. Interruption of Service The District will use reasonable diligence in supplying water service, but shall not be liable for breach of contract in the event or for loss, injury, or damage to persons or property resulting from interruptions in service, excessive or inadequate water pressure, or otherwise unsatisfactory service, whether or not caused by negligence.

RULES AND REGULATIONS

- 11. Additional Load The service connection supplied by the District for each customer has a definite capacity, and no addition to the equipment or load connected thereto will be allowed except by consent of the District. Failure to give notice of additions or changes in load, and to obtain the District's consent for same, shall render the customer liable for any damage to any of the District's lines or equipment caused by the additional or changed installation.
- 12. Notice of Trouble Customer shall notify the District immediately should the service be unsatisfactory for any reason, or should there be any defects, trouble or accidents affecting the supply of water. Such notices, if verbal, should be confirmed in writing.
- 13. Nonstandard Service Customer shall pay the cost of any special installation necessary to meet his peculiar requirements for service other than standard water tap.
- 14. Scope This Schedule of Rules and Regulations is a part of all contracts for receiving water service from the District, and applies to all service received from the District whether the service is based upon contract, agreement, signed application, or otherwise a copy of this schedule, together with a copy of the District's Schedule of Rates and Charges, shall be kept open to inspection at the office of the District.
- 15. Damage to District's Water System No person shall maliciously, willfully, or negligently break, damage, destroy, uncover, deface, or tamper with any structure appurtenance, or equipment which is a part of the District's water works. Any person violating this provision shall be subject to immediate arrest and discontinuation of water service and shall pay the cost of repairing or replacing the pipe or appurtenances.
- 16. Relocation of Water Facilities District may, at the request of customer, relocate or change existing District-owned equipment. Customer shall reimburse District for such changes at actual cost including appropriate overhead.

- 17. Revisions These Rules and Regulations may be revised, amended, supplemented, or otherwise changed from time to time by either of the two (2) following methods:
  - a. By order of the Public Service Commission upon formal application by the District, as provided by Commission regulation set forth in 807 KAR 5:011 Section 6 (3)(b).
  - b. By issuing and filing on at least thirty (30) days notice to the commission and the public all proposed changes in the Rules and Regulations, as provided by commission regulations set forth in 807 KAR 5:011 Section 6 (3)(b).
- 18. Conflict In case of conflict between any provisions of any rate schedule and the schedule of Rules and Regulations, the rate schedule shall apply.
- 19. Bill of Adjustment Bill adjustments will be made in accordance with 807 KAR 5:006 Sections 10.
- 20. Monitoring of Customer Usage At least once annually the Company will monitor the usage of each customer according to the following procedure:
  - 1. The customer's annual usage for the most recent 12-month period will be compared with the annual usage for the 12 months immediately preceding that period.
  - 2. If the annual usage for the two periods are substantially the same or if any difference is known to be attributed to unique circumstances, such as unusual weather conditions, common to all customers, no further review will be done.

3. If the annual usages differ by 50 percent or more and cannot be attributed to a readily identified common cause, the Company will compare the customer's monthly usage records for the 12-month period with the monthly usage for the same months of the preceding year.
4. If the cause for the usage deviation cannot be determined from analysis of the customer's meter reading and billing records, the Company will contact the customer by telephone or in writing to determine whether there have been changes such as different number of household members or work staff, additional or different appliances, changes in business volume, or known leaks in the customer's service line.
5. Where the deviation is not otherwise explained, the Company will test the customer's meter to determine whether it shows an average error greater than 2 percent fast or slow.
6. The Company will notify the customers of the investigation, its findings, and any refunds or back billing in accordance with 807 KAR 5:006, Section 10(4) and (5).

In addition to the annual monitoring, the Company will immediately investigate usage deviations brought to its attention as a result of its on-going meter reading or billing processes or customer inquiry.

21. Budget Payment Plan The Company has a budget payment plan available for its residential customers whereby a customer may elect to pay a monthly amount for the budget year in lieu of monthly or bimonthly billings for actual usage. The monthly budget payment will be determined by the Company based, under normal circumstances, on a minimum of one-twelfth of the estimated annual usage, subject to review and adjustment during the budget year. The normal budget year for all residential customers is the 12 months from February to January with January being the settlement month.

The customer's account may be adjusted through a series of leveled adjustments on a monthly basis if usage indicates that the account will not be current upon payment of the last budget amount.

The following charges for special services shall be made:

1. Turn-on Charge A turn-on charge of \$25 shall be made for a new service turn-on, seasonal turn-on or temporary service, during regular working hours. A turn-on charge shall not be made for initial installation of service where a tap-fee is applicable. If service is turned on other than during regular working hours, the charge shall be \$30.
2. Reconnect Charge A reconnect charge of \$25 shall be made to reconnect a service which has been terminated for non-payment of bills or violation of the utility's rules or commission regulations. If reconnected after regular working hours, the charge shall be \$30.
3. Termination or Field Collection Charge A charge of \$25 shall be made for a trip to the premises of a customer for the purpose of terminating service. The charge shall be assessed if the utility representative actually terminates service or if, in the course of the trip, the customer pays the delinquent bill to avoid termination. The charge shall be made if the utility representative agrees to delay termination based on the customer's agreement to pay the delinquent bill by a specific date. The utility may make a field collection charge only once in any billing period.
4. Meter Test Charge A charge of \$25 plus actual cost of the meter test, shall be assessed if a customer requests the meter be tested pursuant to Section 18 of the regulation, and the test shows the meter is not more than two percent (2%) fast. No charge shall be made if the test shows the meter is more than two percent (2%) fast.
5. Special Meter Reading Charge A charge of \$25 shall be assessed when a customer requests that a meter be reread, and the second reading shows the original reading was correct.
6. Meter Resetting Charge A charge of \$25 per trip shall be made for resetting a meter if the meter has been removed at the customer's request.
