Louisville Water Company

**RATES AND CHARGES**

4. Rates and Payments

LWC agrees to charge LWC's wholesale rate identified in Rule 6.03 of the Board of Water Works Rules and Regulations of \$1.75 plus \$.30 elevated service area surcharge for a total of \$2.05 per thousand gallons of water, plus a flat monthly service charge of \$254.40, and \$593.60 per month. This wholesale rate will increase, effective July 1, 2014 to \$1.80 plus \$.30 elevated service area surcharge for a total of \$2.10 per thousand gallons of water, plus a flat monthly service charge of \$277.50, and \$647.50 per month. The parties acknowledge that LWC's wholesale water rate may be adjusted annually by the Board of Water Works. The parties acknowledge the LWC wholesale rate is determined by LWC's rate-making methodology, and that LWC's rate-making methodology is a reasonable basis for the annual rate adjustments both NNWD and LWC expect during the term of this wholesale water contract. That methodology requires that the wholesale rate be determined by allocating the following components:

- a) Operating Expenses:
- b) Depreciation Expenses:
- c) Return on Plant Investment:

Less expenses common to only retail customers.
