RATES AND CHARGES

§ 51.060 BASIS FOR CHARGES.

The sewerage service charge for "normal" strength sewage is based on the water discharged to the sewer system as measured by the public water supply meter or meters, and/or by any supplementary meter, meters or other means as hereinafter provided. The basic sewerage service charge shall be determined upon the metered flow and at rates as provided by ordinance of the City Council set forth in § 51.051.

(Ord., passed 7-13-87)

§ 51.061 WATER AND SEWER RATE SCHEDULE.

(B) Sewer charges shall be and are hereby fixed at 65% of the total water charge and shall be added to the charges and billed to all users of these services on one billing.

(C) (1) All persons connecting to the water system shall henceforth pay a tap fee of \$500.00 for a ¾-inch meter and a meter deposit of \$50.00 shall be paid prior to the providing of water service.

(2) A property owner may request the termination of water service to a property and thereby avoid the monthly fee, minimum or otherwise. When and if that property is reconnected to the water system a new reconnection fee will be required as stated herein.

(D) All connections to the water system requiring 1 inch or larger meter shall be charged the cost of installation of such meter plus 10% of the total cost, and a meter deposit of \$50.00 shall be required to be paid prior to the providing of this service.

(E) All persons connecting any type of building to the sewer system shall pay a connection fee of \$400.00 at the time connection is made and service provided.

(F) There will be imposed and collected a fee in the amount as set forth in § 51.058(C).

(G) Upon adequate notice from the water and sewer customer, a water and sewer bill may be adjusted to reflect the use of large quantities of water for swimming pools only and said adjustment may reflect nonuse of the sewer system for that volume of water.

(H) Water sold to the Gallatin County Water District, in bulk, shall be sold at a rate of \$1 per thousand gallons.

of a permit is sufficient grounds for termination of service.
(Ord., passed 7-13-87)

§ 81.037 PERMIT REQUIRED PRIOR TO FILLING OPERATIONS.

(A) Any person owning or having possession, charge, or management of any lot or parcel of real estate in which there exist public or private wastewater treatment works and on which a fill or partial fill is to be made, shall, before making such fill, apply to the city for a permit authorizing the same to be made. His application shall state the location of the tract and the nature and dimensions of the fill proposed. If the city is satisfied that the proposed fill will not obstruct, damage, or interfere with any lawfully existing public or private wastewater treatment works, under his management, he shall issue permission authorizing the fill.

(B) In the event it becomes necessary to adjust, relocate, or otherwise modify any existing public or private wastewater treatment works as a result of placing the fill, the applicant authorized to make the fill shall, at his expense, make such adjustments, relocations or modifications, as required by the city, before or during the filling operation.

(C) The applicant shall post a bond, in an amount to be determined by the city, covering the replacement cost of the existing or modified wastewater treatment works and guaranteeing that the aforementioned fill will not damage the wastewater treatment works either as existing or modified. The bond shall be in force for a period of one year after the fill is completed.
(Ord., passed 7-13-87)

§ 81.038 TAMPERING WITH WASTEWATER TREATMENT WORKS.

No unauthorized person shall intentionally or wantonly break, damage, destroy, deface, cover, or tamper with any wastewater treatment works which is a part of the wastewater treatment system under the Operator's management. Any person violating this provision shall be subject to immediate arrest under a charge of criminal mischief.
