**PUBLIC SERVICE  
COMMISSION**

To whom it may concern:

This letter is to inform you that Liberty Wireless, LLC, a Wyoming corporation, is no longer in business. Even though it may have been registered, it never launched and generated \$0 revenue. It was set up as a company to facilitate signing customers up in the Affordable Connectivity Program. However, the program was never refunded by the Government. As such, please shut this account down and advise as to what next steps we need to take to insure a proper closing of this entity with your Commission.

Regards,
