GAS COST ADJUSTMENT CLAUSE

The rates authorized herein are based upon the wholesale cost of gas to Johnson County Gas as computed using rates of its wholesale supplier currently in effect. In the event there is an increase or decrease in wholesale gas cost, Johnson County Gas shall file with this Commission the following information within 30 days:

1. A copy of the contract or wholesale supplier notification effecting the change in rate and a statement relative to the effective date of such proposed change.
2. A statement setting out gas sales for the most recent 12 months.
3. A statement setting out the details of gas purchases for the most recent 12 months showing billing from the supplier under the most recent rates and under the proposed supplier rate. The difference between the amounts so determined shall be divided by Johnson County Gas sales for the most recent 12 months, provided Johnson County Gas line loss for the same 12 month period does not exceed 5%. If line loss exceeds 5%, the difference shall be divided by allowable sales calculated as (purchases x .95).
4. A signed and dated tariff sheet showing Johnson County Gas proposed rates for service based on the change in supplier rate. An increase in rates shall not be effective with less than 30 days notice unless a waiver is requested and granted.
5. Such other information as this Commission may request for a proper determination of the purchased gas adjustment.

In the event that Johnson County Gas receives from its supplier a refund, bill adjustment, or credit of amount paid to such supplier in respect of a prior period, Johnson County Gas will apply to the Commission within 30 days for authority to make adjustment on the rates charged to its customers under this provision as follows:
