RULES AND REGULATIONS

Discontinuance of Service

The utility may refuse or discontinue service to an applicant or customer, after proper notice for failure to comply with its rules and regulations or state and municipal rules and regulations. Service shall be discontinued when a dangerous condition is found to exist on the customer's or applicant's premises, when a customer or applicant refuses or neglects to provide reasonable access to premises, for fraudulent or illegal use of service, or for nonpayment of bills. If discontinuance is for nonpayment of bills, the customer shall be given at least ten (10) days written notice, separate from the original bill, and cut-off shall be effected no less than twenty-seven (27) days after the mailing date of the original bill unless, prior to discontinuance, a residential customer presents to the utility a written certificate, signed by a physician, registered nurse, or public health officer, that such discontinuance will aggravate an existing illness or infirmity on the affected premises, in which case discontinuance may be effected not less than thirty (30) days from the date the utility notifies the customer, in writing, of state and federal programs which may be available to aid in payment of bills and the office to contact for such possible assistance.

Deposit Requirements

The required deposit will be 2/12 of the annual bill. (Total of the previous 12 months bills divided by 12 X 2) If no prior service has been available at a particular residence, an estimated deposit will be required based on the connected load.

The deposit must be paid in full prior to turning on gas service.

A receipt of deposit showing the name of the customer, location of the premises occupied, date and amount of deposit will be given at time of deposit payment.

Interest in the amount of 6% per annum is paid on all deposits from the date of deposit.

Budget Billing

Pursuant to 807 KAR 5:011, Section 9(1)

Customers have an opportunity to sign agreements with the company for spreading billing evenly over a twelve month period. The billing is based on estimated consumption made by a company representative. In May, the end of the twelve month period, the difference between payments and actual usage is adjusted by adding or crediting the difference of the regular gas service bill. A copy of the agreement is made a part of the Company's Rules and Regulations.
