DEPOSITS

The Company may require a minimum cash deposit or other guaranty to secure payment of bills except for customers qualifying for service reconnection pursuant to 807 KAR 5:006, Section 15, Winter Hardship Reconnection. Service may be refused or discontinued for failure to pay the requested deposit. Interest, as prescribed by KRS 278.460,¹ will be paid annually either by refund or credit to the customer's bill, except that no refund or credit will be made if the customer's bill is delinquent on the anniversary date of the deposit.

The deposit may be waived upon a customer's showing of satisfactory credit or payment history, and required deposits will be returned after one (1) year if the customer has established a satisfactory payment record for that period. If a deposit has been waived or returned and the customer fails to maintain a satisfactory payment record, a deposit may then be required. The Company may require a deposit in addition to the initial deposit if the customer's classification of service changes or if there is a substantial change in usage. Upon termination of service, the deposit, any principal amounts, and any interest earned and owing will be credited to the final bill with any remainder refunded to the customer.

In determining whether a deposit will be required or waived, the following criteria will be considered:

1. Previous payment history with the Company. If the customer has no previous history with the Company, statements from other utilities, banks, etc. may be presented by the customer as evidence of good credit.

2. Whether the customer has an established income or line of credit.

3. Length of time the customer has resided or been located in the area.

4. Whether the customer owns property in the area.

5. Whether the customer has filed bankruptcy proceedings within the last seven years.

6. Whether another customer with a good payment history is willing to sign as a guarantor for an amount equal to the required deposit.

If a deposit is held longer than 18 months, the deposit will be recalculated at the customer's request based on the customer's actual usage. If the deposit on account differs from the recalculated amount by more than \$10.00 for a residential customer or 10 percent for a non-residential customer, the Company may collect any Buidder ger monthis and shall refund any overpayment by check or credit to the customer (KN Didk). No refund will be made if the customer's bill is delinquent at the FEDER FORM

Water districts should substitute KRS 74.050 and water automications should substitute KRS 273.392 since these statutes governmer of interest to be paid by water districts and associations.

SPECIAL CHARGES

Late Payment Penalty: Bills for service are due on the 15th of each month. A late payment penalty of 10 percent will be assessed on all bills not paid by the due date. When a penalty is assessed, any payment received will first be applied to the bill for services rendered. Additional penalty charges on subsequent bills will not be assessed on unpaid penalty charges.

Deposits: Where actual usage data is available, the deposit shall be calculated using the customer's average bill for the most recent 12 month period. If actual usage data is not available, the deposit shall be based on the average bills of similar customers and premises in the system.

<u>In great on Deposits</u>: Interest in the amount of 6 percent will be paid annually on customer deposits. If interest is paid or credited to the customer's bill prior to 12 months from date of deposit, the payment or credit shall be on a prorated basis.

Reconnection Charge: A reconnection charge of \$75 shall be paid before service is restored following disconnection for nonpayment of bills. The charge will also be assessed to customers who request disconnection of service and subsequently reestablish service at the same premise within 12 months.

Connections: A charge of \$75 will be made to install a meter at an existing connection.

Service Charge: A charge of \$15 will be made for a unnecessary field service trip that is requested by the customer. This includes rereading a meter that was found to be read correct. The charge will also be made to collect a delinquent bill after a delinquent notice has been sent to the customer. Only one such trip will be made during a billing period.

Monitoring of Customer Usage

Peoples Gas

The Company will monitor the usage of each customer according to the following procedures.

If the annual usage for two periods are substantially the same or if any difference is known to be attributed to unique circumstances, such as unusual weather conditions common to all customers, no further review will be done.

If the usages differ according to the table below and cannot be attributed to a readily identified common cause, the Company will compare the customer's monthly usage records for the 2 month period with the monthly usage for the same months of the preceding year.

If the cause for the usage deviation cannot be determined from analysis of the ustomer's meter reading and billing records, the Company will contact the customer telephone or in writing to determine whether there have been changes such as dirferent number of household members or work staff, additional or different appliances, changes in business volume, or known leaks in the customer's service line.

Where the deviation is not otherwise explained, the Company will test the customer's meter to determine whether it shows an average error greater than 2 percent fast or slow.

The Company will notify the customer of the investigation, its findings, and any refund or backbilling in accordance with 807 KAR 5:006, Section 10(4) and (5).

In addition to the routine monitoring, the Company will immediately investigate usage deviations brought to its attention as a result of its on-going meter reading or billing processes or customer inquiry.

The monthly Budget payment of customers joining the plan after September 1 will be determined by dividing the estimated use during the succeeding 6 months by 7, based on past experience if available.

- b. The monthly budget payment will be adjusted by the amount of any wholesale rate change made after the first application. the adjustment will be determined by multiplying the average use times the change in the wholesale rate. this amount shall be added to the monthly Budget payment.
- c. The billings in the months of July and August shall be "catch up" months during which any balance or overpayment will be adjusted so that the carry over to the September billing is Zero.
- 2. A budget customer shall be a twelve (12) month customer.
- 3. Any customer in arrears shall not be eligible for this budget plan until all past due accounts are paid in full.
- 4. Any customer failing to make all of his budget payment each month shall be subject to cancellation of his budget payment plan with the full amount of any unpaid balance due immediately. Any subsequent billing will be on a regular customer basis.

Determination of GCRR

Peoples Gas Name of Issuing Corporation

The Company shall file a quarterly report with the Commission which shall contain an updated Gas Cost Recovery Rate (GCRR), as calculated in accordance with the provisions set forth in the Definitions Section hereinafter, and which shall be filed at least 30 days prior to the beginning of each calendar quarter. The GCRR shall become effective for billing for service rendered on or after the first day of each calendar quarter.

Billing

Gas Cost Recovery Rate to be applied to bills of customers shall equal the ... of the following components:

GCRR = EGCA + ACA + RA.

The GCRR will be added to or subtracted from the base rates prescribed by the Commission Order on the Company's latest general rate case and will be included in the tariff rates stated on each applicable rate sheet within this tariff.

Definitions

For purposes of this tariff:

- a. The "Gas Cost Recovery Rate" (GCRR) represents the adjustment calculated quarterly at a time 30 days prior to the beginning of the next calendar quarter and which is to be used for all gas sales during the next calendar quarter. It is the sum of the Expected Gas Cost Component plus the Actual Cost Adjustment plus the Supplier Refund Adjustment as defined and calculated as follows in (b) (e) hereinafter; i.e., GCRR = EGCA + ACA + RA.
- b. The "Expected Gas Control C

the next calendar quarter based on 12 months of actual usage. The average expected cost is the cost of purchased gas which results from the application of supplier rates currently in effect, or reasonably expected to be in effect during the calendar quarter, on purchased volumes for the most recently available 12-month period, divided by the corresponding sales volume. In the event that line loss exceeds 5 percent, purchased volumes for the 12-month period shall be calculated as: sales volumes \div .95. Where the calculations require the use of volumes used during a given period, and those volumes did not exist for a particular source for the entire period, or the Company expects the volumes to change substantially, the Company may make appropriate adjustments to its calculations. Any adjustment of this type shall be described in the quarterly Gas Cost Recovery Rate application.

c. The "Actual Cost Adjustment" (ACA) on a dollar-per-Mcf basis compensates for differences between previous quarters' expected gas cost and the actual cost of gas. The ACA shall equal the sum of the ACA for the reporting period and for the 3 preceding calendar quarters. This may also be used to compensate for any over- or under-recoveries remaining from previous actual or refund adjustments after a 12-month period.

d. The "Supplier Refund Adjustment" (RA) on a dollar-per-Mcf basis reflects the refunds received from suppliers during the reporting period, plus interest at a rate equal to one-half of one percent below the average 90-day Commercial Paper Rate for the 12-month period. In the event of any large or unusual refunds, the Company may apply to the Public Service Commission for the right to depart from the refund procedure herein set forth.

e. "Calendar Quarter(s)" means each of the four 3-month periods of Solar May, June and July; (2). August Section ber and October; Of Reverber, December and January; (2). August Section ber and April. Effective
