RULES AND REGULATIONS

DISCONTINUANCE OF SERVICE: The utility shall refuse or discontinue service to an applicant or customer, after proper notice for failure to comply with its rules and regulations or state and municipal rules and regulations when a dangerous condition is found to exist on the customer's premises, when a customer refuses or neglects to provide reasonable access to the premises, for fraudulent or illegal use of service, or for nonpayment of bills. If discontinuance is for nonpayment of bills, the customer shall be given at least ten (10) days written notice, separate from the original bill, and cut-off shall be effective not less than twenty-seven (27) days after the mailing date of the original bill unless, prior to discontinuance, a residential customer presents to the utility a written certificate, signed by a physician, registered nurse, or public health officer, that such discontinuance will aggravate an existing illness or infirmity on the affected premises, in which case discontinuance may be effected not less than thirty (30) days from the date the utility notifies the customer, in writing, of state and federal programs which may be available to aid in payment of bills and the office to contact for such possible assistance.

SERVICE TO MOBILE HOMES: An applicant requesting service to a trailer may be required to pay all costs of connecting service incidental to the installation of service except for the meter and regulator. In addition to the deposit and service charge that already applies to any customer. If service is provided for twelve (12) months at the same location any installation fees in excess of the deposit and service charge will be refunded.

BUDGET BILLING

The purpose of this plan is to permit any customer, on an optional basis, the opportunity to equalize payments of natural gas bills rendered during the year.

This plan is available to any customer after satisfying the following conditions:

1. A budget customer shall make application and sign payment agreement acknowledging monthly budget payment amount and average usage.
 - a) The average usage shall be determined by dividing the twelve (12) month usage ending June by 10. The average usage shall be billed at current rates. This shall be the monthly Budget payment. This amount shall be first billed on or about September 1, of each year.

The monthly Budget payment of customers joining the plan after September 1 will be determined by dividing the estimated use during the succeeding 6 months by 7, based on past experience if available.

- b) The monthly budget payment will be adjusted by the amount of any wholesale rate change made after the first application. The adjustment will be determined by multiplying the average use times the change in the wholesale rate. This amount shall be added to the monthly Budget payment.

- c) The billings in the months of July and August shall be "catch up" months during which any balance or overpayment will be adjusted so that the carry over to the September billing is Zero.

 RATES AND TARIFFS

2. A budget customer shall be a twelve (12) month customer
3. Any customer in arrears shall not be eligible for this budget plan until all past due accounts are paid in full.
4. Any customer failing to make all of his budget payment each month shall be subject to cancellation of his budget payment plan with the full amount of any unpaid balance due immediately. Any subsequent billing will be on a regular customer basis.

PURCHASED GAS COST ADJUSTMENT CLAUSE

Determination of GCRR

The Company shall file a quarterly report with the Commission which shall contain an updated Gas Cost Recovery Rate (GCRR), as calculated in accordance with the provisions set forth in the Definitions Section hereinafter, and which shall be filed at least 30 days prior to the beginning of each calendar quarter. The GCRR shall become effective for billing for service rendered on or after the first day of each calendar quarter.

Billing

The GCRR to be applied to bills of customers shall equal the sum of the following components:

$GCRR = EGCA + ACA + RA.$

The GCRR will be added to or subtracted from the base rates prescribed by the Commission Order on the Company's latest general rate case and will be included in the tariff rates stated on each applicable rate sheet within this tariff.

Definitions

For purposes of this tariff:

- a. The "Gas Cost Recovery Rate" (GCRR) represents the adjustment calculated quarterly at a time 30 days prior to the beginning of the next calendar quarter and which is to be used for all gas sales during the next calendar quarter. It is the sum of the Expected Gas Cost Component plus the Actual Cost Adjustment plus the Supplier Refund Adjustment as defined and calculated as follows in (b) - (e) hereinafter; i.e., $GCRR = EGCA + ACA + RA.$
- b. The "Expected Gas Cost Adjustment" (EGCA), on a dollar-per-Mcf basis, represents the average expected cost of purchased gas for

the next calendar quarter based on 12 months of actual usage. The average expected cost is the cost of purchased gas which results from the application of supplier rates currently in effect, or reasonably expected to be in effect during the calendar quarter, on purchased volumes for the most recently available 12-month period, divided by the corresponding sales volume. In the event that line loss exceeds 5 percent, purchased volumes for the 12-month period shall be calculated as: sales volumes ÷ .95. Where the calculations require the use of volumes used during a given period, and those volumes did not exist for a particular source for the entire period, or the Company expects the volumes to change substantially, the Company may make appropriate adjustments to its calculations. Any adjustment of this type shall be described in the quarterly Gas Cost Recovery Rate application.

- c. The "Actual Cost Adjustment" (ACA) on a dollar-per-Mcf basis compensates for differences between previous quarters' expected gas cost and the actual cost of gas. The ACA shall equal the sum of the ACA for the reporting period and for the 3 preceding calendar quarters. This may also be used to compensate for any over- or under-recoveries remaining from previous actual or refund adjustments after a 12-month period.
- d. The "Supplier Refund Adjustment" (RA) on a dollar-per-Mcf basis reflects the refunds received from suppliers during the reporting period, plus interest at a rate equal to one-half of one percent below the average 90-day Commercial Paper Rate for the 12-month period. In the event of any large or unusual refunds, the Company may apply to the Public Service Commission for the right to depart from the refund procedure herein set forth.
- e. "Calendar Quarter(s)" means each of the four 3-month periods of (1) May, June and July; (2) August, September and October; (3) November, December and January; (4) February, March and April.
