

SERVICE REGULATIONS

C 5-80

SECTION I — SERVICE AGREEMENTS

1. Form and Execution of Service Agreements.

Upon execution of a service agreement on an appropriate Company form by Customer and Company, gas service will be supplied in accordance with Company's rates and regulations on file with the Public Service Commission of Kentucky and the provisions of the Service Agreement. Unless otherwise provided, Service Agreements are to continue in effect for an initial period of one year and thereafter until cancelled.

2. Customer's Right to Cancel Service Agreement or to Suspend Service.

Except as otherwise provided in the Service Agreement, Rate Schedules or elsewhere in these Service Regulations, Customer may give Company ten days' notice of desire to cancel the Service Agreement whenever he no longer requires any gas service for the purposes mentioned in said Agreement. Company will accept such notice as a cancellation of the Service Agreement upon being satisfied that Customer no longer requires any such service.

3. Company's Right to Cancel Service Agreement or Suspend Service.

Company in addition to all other legal remedies, may terminate the Service Agreement or suspend supply of service for any of the following reasons:

1. Default or breach of a Service Agreement or these Service Regulations by Customer.
2. Non-Payment of bills when due.
3. Fraudulent representation or concealment in relation to use of gas.
4. Use of gas by the Customer in manner such that it is detrimental to the service rendered others.
5. When made incompatible, unreasonable or unlawful by any order of the Public Service Commission of Kentucky, ordinances or resolutions of any municipality, laws of the Commonwealth of Kentucky or any political subdivision thereof or of the Federal Government or any of its agencies.

Failure of Company to exercise any of its rights in these instances does not affect its rights to resort thereafter to any such remedies for the same or any future default or breach by Customer.

4. Change of Address of Customer.

When Customer changes his address he should give notice thereof to Company prior to the date of change. Customer is responsible for all service supplied to the vacated premises until such notice has been received and Company has had a reasonable time, but not less than three days, to discontinue service.

If Customer moves to an address at which he requires gas service for any purposes specified in his Service Agreement, and at which address Company has such service available under the same Rate Schedule, the notice is considered as Customer's request that Company transfer such service to the new address, but if Company does not have such service available at the new address the old Service Agreement is considered cancelled. If Company has service available at the new address to which a different Rate Schedule applies, a new Service Agreement including the applicable Rate Schedule is offered to Customer. Company makes transfer of service as promptly as reasonably possible after receipt of notice.

5. Successors and Assigns.

The benefits and obligations of the Service Agreement shall inure to and be binding upon the successors and assigns, survivors and executors or administrators, as the case may be, of the original parties thereto, for the full term thereof; provided that no assignment hereof shall be made by Customer without first obtaining Company's written consent.

SECTION II — SUPPLYING AND TAKING OF SERVICE

6. Character of Service.

The Company by its present franchise requirements has agreed to furnish natural gas of the kind and quality produced in the natural gas fields from which its supply is procured (subject, however, to the removal of oil and gasoline vapors); except as said natural gas may be supplemented with manufactured gas, provided, however, that the heat unit quality of the gas supplied by the Company will, at no time, be less than 800 British Thermal Units to the cubic foot, as furnished at the point of consumption.

At present the Company is distributing gas of approximately 1050 B.T.U. per cubic foot, at a pressure of 4 ounces, subject to tolerance allowed by the Public Service Commission.

7. Supplying of Service.

Service is supplied only under and pursuant to these Service Regulations and any modifications or additions hereto lawfully made, and such applicable Rate Schedules and Riders as may from time to time be lawfully fixed. Service is supplied under a given Rate Schedule only at such points of delivery as are adjacent to facilities of Company adequate and suitable, for the service desired; otherwise, special agreements between Customer and Company may be required.

Service will not be supplied to any premises if at the time of application for service the applicant is indebted to Company for service previously supplied at the same or other premises until payment of such indebtedness shall have been made.

SECTION II — SUPPLYING AND TAKING OF SERVICE (Cont'd)

C5-80

8. Information Relative to Service.

Information relative to the service that will be supplied at a given location should be obtained from Company. Company will not be responsible for mistakes of any kind resulting from information given orally or over the telephone. Such information must be confirmed in writing.

9. Continuity of Service.

The Company shall make reasonable provision to supply satisfactory and continuous service, but does not guarantee a constant or uninterrupted supply of gas and shall not be liable for any damage or claim of damage attributable to any interruption caused by unavoidable accident or casualty, extraordinary action of the elements, action of any governmental authority, litigation, or by any cause which the Company could not have reasonably foreseen and made provision against.

10. Suspension of Service for Repairs and Changes.

When necessary to make repairs to or changes in Company's plant, transmission or distribution system, or other property, Company may, without incurring any liability therefor, suspend service for such periods as may be reasonably necessary, and in such manner as not to inconvenience Customer unnecessarily.

11. Use of Service.

(a) Service is supplied directly to Customer through Company's own meter and is to be used by Customer only for the purposes specified in and in accordance with the provisions of the Service Agreement and applicable Rate Schedule. Service is for Customer's use only and under no circumstances may Customer or Customer's agent or any other individual, association or corporation install meters for the purpose of reselling or otherwise disposing of service supplied Customer.

(b) Customer will not install pipes under a street, alley, lane, court or avenue or other public or private space in order to obtain service for adjacent property through one meter even though such adjacent property be owned by Customer. Consent may be given when such adjacent properties are operated as one integral unit under the same name and for carrying on parts of the same business.

(c) In case of unauthorized remetering, sale, extension or other disposition of service, Company may immediately discontinue the supplying of service to Customer until such unauthorized act is discontinued and full payment is made for all service supplied or used, billed on proper classification and Rate Schedule, and reimbursement in full made to Company for all extra expenses incurred, including expenses for clerical work, testing and inspections.

12. Customer's Responsibility.

Customer assumes all responsibility on Customer's side of the point of delivery (outlet side of Company's pipe where connected to the curb valve) for the service supplied or taken, as well as for the installation, appliances and apparatus used in connection therewith, and will save Company harmless from and against all claims for injury or damage to persons or property occasioned by or in any way resulting from such service or the use thereof on Customer's side of the point of delivery.

13. Right-of-Way.

Customer, without reimbursement, will make or procure conveyance to Company of right-of-way satisfactory to it across the property owned or controlled by Customer for Company's mains or extensions thereof necessary or incidental to the supplying of service to Customer.

14. Access to Premises.

The properly authorized agents of the Company shall at all reasonable hours have free access to the premises for the purpose of inspecting the Customer's installation and of examining, repairing or removing the Company's meters, or other property, reading of meters and all other purposes incident to the supplying of service, and for such purpose the Customer authorizes and requests his landlord, if any, to permit such access to the premises.

SECTION III — CUSTOMER'S INSTALLATION

15. Nature and Use of Installation.

All equipment in the premises or connecting the premises with Company's service, furnished by the Customer, shall be suitable for the purposes thereof, and shall be maintained by Customer at all times in conformity with the safety requirements of the accredited agency having jurisdiction and with the rules, regulations and requirements of Company in force from time to time.

16. Materials—Fittings—Tests.

The piping and fittings for the distribution of gas after it has passed the meter, may be installed by any competent gas fitter employed by the customer or proprietor of the premises, subject, however, to the inspection and approval of the Company which requires an inspection and test of all such piping.

An application for inspection and test must be made to the Company when the piping work has been completed, but prior to its concealment by plastering, flooring or other material.

17. Construction.

All piping shall be installed in accordance with applicable building codes and the rules and regulations of the Company.

ENGINEERING DIVISION

SECTION III — CUSTOMER'S INSTALLATION (Cont'd) C5-80

18. Changes in Installations.

As Company's facilities used in supplying service to Customer have a limited capacity, Customer should give notice to Company, and obtain Company's consent, before making any material changes or increases in his installation. Company as promptly as possible after receipt of such notice will give its written approval to the proposed change or increase, or will advise Customer upon what conditions service can be supplied for such change or increase.

SECTION IV — COMPANY'S INSTALLATION

19. Installation and Maintenance.

Except as otherwise provided in these Service Regulations, in Service Agreements or Rate Schedules, Company will install and maintain its lines and equipment on its side of the point of delivery, but shall not be required to install or maintain any lines or equipment, except meters and service regulators on Customer's side of the point of delivery without cost to Customer. Only Company's agents are authorized to connect Company's service to Customer's service piping.

20. Gas Service Piping.

The gas service pipe shall be installed by the Company from the Company's main in the street to the curb line at its own expense and from the curb line to the meter, including curb box and valve, at the Customer's expense, subject to the Company's rules, regulations and existing prices, upon execution of an application and provided that an adequate distribution main exists in front of the Customer's building. The service piping from the curb to the meter, including street box and valve, installed at the expense of the Customer, shall be maintained at the expense of the Customer. No connections or work of any kind shall be done on a gas main or service piping up to the outlet of the meter by anyone who is not an authorized employee of the Company. However, if gas is leaking from any part of the gas supply system, a fitter not in the employ of the Company may make necessary temporary repairs and notify the Company of the condition.

Only one gas service will be installed in any building, or individual dwelling, regardless of the number of customers. The service pipe will be laid on a direct straight line, whenever possible, from the street main to the meter location approved by the Company. Should the distance between the curb and the Customer's building be in excess of 150 feet or involved other special conditions, a suitable meter location, approved by the Company, will be selected.

Service pipe will not be laid in ditches that are occupied by other utilities. A minimum of three feet will be allowed between gas service pipe and other utilities.

Service piping will end at the inlet connection of the meter which will be set at the point and entry of the service. If it is necessary to extend the service pipe beyond the point of entry, such exposed service piping in the building under flooring, through walls, coal bins, etc., shall be properly protected and the expense thereof borne by the customer.

Branch services will not be run. In case of more than one building on a lot, a separate service will be run direct from the main to each building except in cases where the building nearest the Company's main extends the full width of the lot. In such cases the meter will be placed on the service in the nearest building and the customer must make his own extension to the other building.

21. Company's Property and Protection Thereof.

All meters and equipment furnished by and at the expense of Company, which may at any time be in said premises, shall, unless otherwise expressly provided herein, be and remain the property of Company, and Customer shall protect such property from loss or damage, and no one who is not an agent of Company shall be permitted to remove or handle same.

SECTION V — METERING

22. Installation of Meters.

Gas will be measured by a meter or meters to be installed by Company upon Customer's premises at a point most convenient for Company's service, and upon the registration of said meters all bills will be calculated.

23. Meter Tests.

All meter tests shall be made in accordance with rules issued by the Public Service Commission of Kentucky.

SECTION VI — BILLING AND PAYMENT

24. Billing Periods — Time and Place for Payment of Bills.

Bills ordinarily are rendered regularly at monthly intervals, but may be rendered more or less frequently at Company's option. Non-receipt of bills by Customer does not release or diminish the obligation of Customer with respect to payment thereof.

The word "month" as to any Customer shall mean the period of approximately thirty days between meter readings, as fixed and made by Company. Meters are ordinarily read at monthly intervals but may be read more or less frequently at Company's option. Company shall have the right to establish billing districts for the purpose of reading meters and rendering bills to customers at various dates. A change or revision of any Rate Schedule shall be applicable to all bills on which the initial monthly meter reading is taken on or after the effective date of such change or revision, except as otherwise ordered by The Public Service Commission of Kentucky.

Bills are due on the date indicated thereon as being the last date for payment of the net amount, and bills are payable only at the Company's offices or authorized agencies for collection. If a partial payment is made, the amount will be applied to items of indebtedness in the same order as they have accrued.

ENGINEERING DIVISION

SECTION VI - BILLING (Cont'd.)

The Company may issue interim bills based on average normal usage instead of determining actual usage by reading the meter. Interim bills may also be used when access to Company's meter cannot be obtained or emergency conditions exist.

Interim bills will be considered payable by the due date and if not then paid will be handled in the same manner as all other bills; provided however, partial payment of at least one-half of the interim bill, in addition to full payment of any unpaid service charges previously billed and other billed items, will avoid the delayed payment charge on the interim bill.

The Company will continue monthly meter reading upon a customer's request.

25. Charge for Restoring Service for Non-Payment of Bill and Unlawful Use of Service

(T) Company may charge and collect in advance the sum as specified on Tariff Sheet "Charge For Reconnection of Service" for reconnecting a customer's service after service is disconnected because of non-payment of bill when due or when service is discontinued because of fraudulent use.

26. Temporary Discontinuance of Service.

(T) If any residential customer, because of absence or otherwise, shall notify Company in writing to discontinue service, Company will make no minimum charge for any full meter reading period during the period of discontinuance; provided however, that company may charge and collect the sum as specified on Tariff Sheet "Charge For Reconnection of Service" prior to reconnecting a service which was discontinued at customer's request within the preceding twelve months.

SECTION VII - DEPOSITS

27. Deposits.

Company maintains the right at any time to require customer to make a reasonable deposit in advance to secure the prompt payment of bills, as provided by law.

SECTION VIII - APPLICATION

28. Application of Service Regulations and Rate Schedules.

All Service Agreements at present in effect or that may be entered into in the future are made expressly subject to these Service Regulations and any modifications hereof that may be lawfully made, and subject to all applicable existing Rate Schedules and any lawfully made changes therein, substitutions therefor or additions thereto.

29. Agents Cannot Modify Agreement.

No agent has the right to amend, modify or alter the application rates, terms, conditions, rules or regulations as filed with the Energy Regulatory Commission of Kentucky, or to make any promise or representation not contained in the Company's schedules, supplements thereto and revisions thereof, lawfully filed with said Commission.

SECTION IX - GAS SPACE HEATING REGULATIONS

30. Gas Space Heating Regulations.

a. The Company shall not be required to supply gas for new or additional space heating equipment installed from and after the effective date hereof unless the consumer present or prospective, makes written application to the Company for such supply at a specific address and receives written approval from the Company therefor. An approval for the use of gas for space heating is not transferable from one premise to another except by written approval from the Company.

b. If any consumer fails to install gas-fired space heating equipment pursuant to said approval within one year from the date of issuance thereof fails to demonstrate to the Company's satisfaction before the expiration of said period that he intends to avail himself of the use of such gas under such approval with due diligence, the Company may cancel, nullify and void such approval.

c. The Company need not issue an approval for the utilization of gas for space heating purposes in a commercial or industrial building for new or additional heating equipment having a total rated input capacity in excess of 1,000,000 Btu per hour, unless the applicant shall install standby facilities having a capacity satisfactory to the Company and shall agree in writing with the Company to use such standby facilities and discontinue the use of gas for space heating when and for such periods of time as the Company may request. In the event the use of gas for space heating by such consumer is not promptly discontinued at the request of the Company, the latter, upon discovery thereof, is authorized to discontinue all gas service to such consumer until such time as the gas space heating equipment has been disconnected. Where such action is necessary on the part of the Company it may cancel, nullify and void such approval.

d. Should any consumer fail to comply with these gas space heating regulations, the Company, upon discovery thereof, and after giving ten days notice to such consumer, is authorized to disconnect his gas service until such time as these regulations are complied with.

SECTION X - AVAILABILITY OF GAS SERVICE

(N) 31. Gas Service to New and Increased Loads.

- a. All new customers with new structures for which gas service is rendered after May 18, 1979 shall certify to the Company that they have complied with the Company's insulation requirements.
- b. New customers with existing structures for which gas service is rendered after May 18, 1979 shall comply with the Company's insulation requirements when economically and physically feasible.
- c. All new customers after May 18, 1979 using more than 50 Mcf per day will be required to acknowledge notification of the desirability of installing alternate fuel capability.
- d. Natural gas service shall not be supplied for any new or increased boiler fuel or power generation load in excess of 300,000 cubic feet per day.
- e. Natural gas service shall not be supplied for gas torches, open flame flares or gas lights.
- f. Mains shall be extended to customers in accordance with the currently effective Rider X, Main Extension Policy, as contained within tariff E.R.C. Ky. No. 2.

BILL NO. 243

RATE GS
GENERAL SERVICE

AVAILABILITY

Available in communities indicated on Sheet 2 of this tariff where distribution mains are adjacent to the premise to be served.

APPLICABILITY

Applicable to gas service required for any purpose by an individual customer on one premise when supplied at one point of delivery.

NET MONTHLY BILL

Computed in accordance with the following charges:

	<u>Base Rate</u>		<u>Gas Cost Adjustment</u>		<u>Temporary Refund Adjustment</u>		<u>Total Rate</u>
(I) First 1,000 cubic feet at	44.55¢	plus	7.66¢	minus	0.15¢	equals	52.06¢ per 100 cu.ft.
Next 1,000 cubic feet at	31.97¢	plus	7.66¢	minus	0.15¢	equals	39.48¢ per 100 cu.ft.
Next 4,000 cubic feet at	29.03¢	plus	7.66¢	minus	0.15¢	equals	36.56¢ per 100 cu.ft.
Next 144,000 cubic feet at	28.07¢	plus	7.66¢	minus	0.15¢	equals	35.58¢ per 100 cu.ft.
Additional cubic feet at	27.41¢	plus	7.66¢	minus	0.15¢	equals	34.92¢ per 100 cu.ft.

The "Gas Cost Adjustment," as shown above, is an adjustment per 100 cubic feet determined in accordance with "Gas Cost Adjustment" set forth on Sheet No. 9 of this tariff.

Minimum Bill: \$3.65 per month.

When bills are rendered less frequently than monthly the time related units such as cubic feet blocks, minimum or other charges, will be billed in accordance with the number of billing months in the meter reading interval.

PAYMENT

Payment of the Net Monthly Bill must be received in the Company's office within twenty-one (21) days from the date the bill is mailed by the Company. When not so paid, the Gross Monthly Bill, which is the Net Monthly Bill plus 3%, is due and payable.

TERM OF SERVICE

One year, terminable thereafter on ten (10) days written notice by either customer or Company.

SERVICE REGULATIONS

The supplying of, and billing for, service and all conditions applying thereto, are subject to the jurisdiction of the Energy Regulatory Commission of Kentucky, and to Company's Service Regulations currently in effect, as filed with the Energy Regulatory Commission of Kentucky, as provided by law.

Computed in accordance with the following charges:

	<u>Base Rate</u>		<u>Gas Cost Adjustment</u>		<u>Temporary Refund Adjustment</u>		<u>Total Rate</u>
(R) First 1,000 cubic feet at	44.55¢	plus	7.99¢	minus	0.00¢	equals	52.54¢ per 100 cu. ft.
Next 1,000 cubic feet at	31.97¢	plus	7.99¢	minus	0.00¢	equals	39.96¢ per 100 cu. ft.
Next 4,000 cubic feet at	29.05¢	plus	7.99¢	minus	0.00¢	equals	37.04¢ per 100 cu. ft.
Next 144,000 cubic feet at	28.07¢	plus	7.99¢	minus	0.00¢	equals	36.06¢ per 100 cu. ft.
Additional cubic feet at	27.41¢	plus	7.99¢	minus	0.00¢	equals	35.40¢ per 100 cu. ft.

The "Gas Cost Adjustment," as shown above, is an adjustment per 100 cubic feet determined in accordance with "Gas Cost Adjustment" set forth on Sheet No. 9 of this tariff.

Minimum Bill: \$3.55 per month.

When bills are rendered less frequently than monthly the time related units such as cubic feet blocks, minimum or other charges, will be billed in accordance with the number of billing months in the meter reading interval.

PAYMENT

Payment of the Net Monthly Bill must be received in the Company's office within twenty-one (21) days from the date the bill is mailed by the Company. When not so paid, the Gross Monthly Bill, which is the Net Monthly Bill plus 5%, is due and payable.

TERM OF SERVICE

One year, terminable thereafter on ten (10) days written notice by either customer or Company.

SERVICE REGULATIONS

The supplying of, and billing for, service and all conditions applying thereto, are subject to the jurisdiction of the Energy Regulatory Commission of Kentucky, and to Company's Service Regulations currently in effect, as filed with the Energy Regulatory Commission of Kentucky, as provided by law.

Computed in accordance with the following charges:

	<u>Base Rate</u>		<u>Gas Cost Adjustment</u>		<u>Temporary Refund Adjustment</u>		<u>Total Rate</u>
(R) All Firm Use	25.54¢	plus	5.25¢	minus	3.45¢	equals	27.34¢ per 100 cu. ft.

Plus or minus an adjustment per Mcf determined in accordance with the "Gas Cost Adjustment" set forth on Sheet No. 9 of this tariff.

Minimum: Twenty-five (25) percent of the cost of the customer's firm use of gas as defined in the Service Agreement, or \$1,950 whichever is larger, for seven (7) months following the initial meter reading taken on or after April 1, of any year.

PAYMENT

The Net Monthly Bill is payable within fourteen (14) days from delivery date which is indicated as "Last Day to Pay Net Amount" on the bill. When not so paid, the Gross Monthly Bill, which is the Net Monthly Bill plus 5%, is due and payable.

TERM OF SERVICE

One year, terminable thereafter on thirty (30) days written notice by either customer or Company.

SERVICE REGULATIONS

The supplying of, and billing for, service and all conditions applying thereto, are subject to the jurisdiction of the Energy Regulatory Commission of Kentucky, and to Company's Service Regulations currently in effect, as filed with the Energy Regulatory Commission of Kentucky, as provided by law.
