LATE PAYMENT CHARGE

Payment of the Net Monthly Bill must be received in the Company's office within twenty-one (21) days from the date the bill is mailed by the Company. When not so paid, the Gross Monthly Bill, which is the Net Monthly Bill plus 5%, is due and payable.

TERM OF SERVICE

One year, terminable thereafter on thirty (30) days written notice by either the customer or Company.

SERVICE REGULATIONS

The supplying of, and billing for, service and all conditions applying thereto are subject to the jurisdiction of the Kentucky Public Service Commission, and to Company's Service Regulations currently in effect, as filed with the Kentucky Public Service Commission, as provided by law.

BILL NO. 218

RATE TS
TRANSPORTATION SERVICE

AVAILABILITY

Available in communities indicated on Sheet No. 2 of this tariff.

APPLICABILITY

Applicable to gas customers who have purchased natural gas pursuant to the rules and regulations of the Federal Energy Regulatory Commission and request the Company to transport such gas. Any such transportation service shall be accomplished through displacement and delivered on a "best efforts" basis and shall be subject to the terms and conditions set forth herein. The Company reserves the right to decline requests to initiate such service whenever, in the Company's judgment, rendering the service would be detrimental to the operation of the Company's system or its ability to supply gas to its customers receiving service under the provisions of its standard general service or off peak service tariffs. (C)

NET MONTHLY BILL

Computed in accordance with the following charges:

The charge shall be \$0.70 per MCF of transported gas except as specified in the "ALTERNATIVE FUELS" provision.

LATE PAYMENT CHARGE

Payment of the Net Monthly Bill must be received in the Company's office within twenty-one (21) days from the date the bill is mailed by the Company. When not so paid, The Gross Monthly Bill, which is the Net Monthly Bill plus (5%), is due and payable.

ALTERNATIVE FUELS

The Company may charge a lower rate than that specified in the "NET MONTHLY BILL" provision to meet competition from alternate fuels without prior Commission approval. The decision to charge a lower rate will be made on a case by case basis, supported by a statement in the customer's current affidavit that absent such lower rate, customer would utilize an alternate fuel source.

TERMS AND CONDITIONS

The Customer shall enter into a written agreement with the Company. Such agreement shall set forth specific arrangements as to volumes to be transported as well as any other circumstances relating to the individual customer.

The Customer must be receiving gas service pursuant to the provisions of the Company's Off Peak rate and the volume of Off Peak Gas specified in the written Service Agreement is the maximum volume to be transported by the Company.

The Customer shall be responsible to make all necessary arrangements and secure all requisite regulatory or governmental approvals, certificates or permits to enable the gas transported to be delivered to the Company's system.

The Company's "best effort" basis is defined as the right, at any time, to curtail or interrupt the delivery or transportation of gas under this tariff when, in the judgment of the Company, such curtailment or interruption is necessary to enable the Company to maintain deliveries to residential and other high priority customers or to respond to any emergency.

The term of contract shall be contained within the written Service Agreement.

SERVICE REGULATIONS

The supplying of, and billing for, service and all conditions applying thereto, are subject to the jurisdiction of the Kentucky Public Service Commission, and to Company's Rules and Regulations currently in effect, as filed with the Kentucky Public Service Commission, as provided by law.

RATE CF

INTERRUPTIBLE COMPETITIVE FUEL SERVICE

APPLICABILITY

Applicable to current and new off peak sales service customers who have alternative fuel capabilities, or for whom the Company was providing service under its Off Peak rate schedules as of October 21, 1987, and request the Company to purchase and transport natural gas for their use at one point of delivery where distribution mains are adjacent to the premises to be served. Any such transportation service shall be accomplished through displacement and delivered on a "best efforts" basis and shall be subject to the terms and conditions set forth herein. On or before the fifth day of the month preceding delivery, a customer who wishes to receive service under this rate schedule must submit an affidavit to the Company which contains its nomination of transportation volumes to be purchased for the month of delivery. The Company reserves the right to decline requests to initiate such service whenever, in the Company's judgment, rendering the service would be detrimental to the operation of the Company's system or its ability to supply gas to its customers receiving service under the provisions of its standard sales service tariffs.

(C)

(T)

NET MONTHLY BILL

Computed in accordance with the following charges for each point of delivery:

\$0.75 per 1,000 cubic feet (MCF) of gas delivered, plus the cost per MCF which would assure that the lowest purchased cost of supply would be used for system requirements; i.e., for customers served under the provisions of Rates GS, General Service; F, Special Contract-Firm Use; and OP, Off Peak.

(C)

In the event the customer uses natural gas in excess of the nominated volumes, the excess volume shall be billed in accordance with the provisions of Rate OP if additional gas is unavailable under this tariff, as specified in the written agreement.

(T)

Minimum: The minimum charge shall be the minimum volume specified in the written agreement and billed under the provisions of Rate OP.

(T)

LATE PAYMENT CHARGE

Payment of the Net Monthly Bill must be received in the Company's office within twenty-one (21) days from the date the bill is mailed by the Company. When not so paid, the Gross Monthly Bill, which is the Net Monthly Bill plus 5%, is due and payable.

VOLUME OF GAS SOLD TO CUSTOMER

Whenever it is necessary to restrict gas supplied under this tariff, the Company will provide due notice of such restriction in a reasonable manner as determined by the Company. If a customer, at any time after due notice of restriction has been given, takes gas in excess of the amount made available by such notice, and if such usage either adversely affects gas supply to all other customers or causes the Company to incur a penalty charge from its pipeline suppliers, then the customer shall be billed for such excess gas at the rate of ten dollars (\$10) per MCF in addition to the charges specified under the Net Monthly Bill provision as stated above. The Company, at its sole discretion, shall have the right to waive any penalty for unauthorized use of gas.

PUBLIC SERVICE COMMISSION

GAS COST CREDIT

A Gas Cost Credit (GCC) based upon a rate of \$0.05 per MCF, shall be calculated monthly and credited to the Company's booked cost of gas. The GCC shall be included in the determination of the Gas Cost Recovery Rate provision set forth on Sheet No. 19 of this Tariff.

RATE FT

FIRM TRANSPORTATION SERVICE

(N)

APPLICABILITY

Applicable to any gas customer who purchases natural gas from another supply source and who requests the Company to transport such gas, on a firm basis, to one point of delivery where distribution mains are adjacent to the premise to be served. Should the need for curtailment arise on the Company's system due to inadequate capacity, service under Rate Schedules GS, F and FT will be given priority over service under the Company's off peak sales and interruptible transportation rate schedules. The customer's required monthly volume shall be nominated prior to February 1 for deliveries commencing for the seven (7) month period beginning April 1 and prior to September 1 for deliveries commencing for the five (5) month period beginning November 1 of each year. In addition, the customer must enter into a written service agreement which specifies, among other terms and conditions, the maximum volume of natural gas to be transported by the Company.

NET MONTHLY BILL

Computed in accordance with the following charges:

Administrative Charge per month \$250.00
Transportation Charge at 23.00 cents per 100 cubic feet of gas transported

PURSUANT TO 807 KAR 5:011,
SECTION 9 (1)

BY: *George L. Hill*
PUBLIC SERVICE COMMISSION MANAGER

Minimum: The minimum charge per month under this rate schedule shall be the administrative charge plus a transportation charge equal to the cost of 1,000 MCF delivered. Such minimum bill shall be in addition to charges pursuant to the provisions of any other of the Company's rate schedules.

In the event the customer uses natural gas in excess of the nominated volumes, the excess volume shall be billed in accordance with the provisions of Rate GS, if volumes are available, or at a rate equivalent to that charged by the Company's pipeline suppliers, in addition to the Rate FT transportation charges.

LATE PAYMENT CHARGE

Payment of the Net Monthly Bill must be received in the Company's office within twenty-one (21) days from the date the bill is mailed by the Company. When not so paid, the Gross Monthly Bill, which is the Net Monthly Bill plus 5%, is due and payable.

PIPELINE SUPPLIER DEMAND COMPONENT

The transportation charge, as stated above, shall be increased or decreased from a base cost of 8.80 cents per 100 cubic feet based upon the Company's demand cost of gas purchased from its pipeline suppliers as determined from the Company's quarterly Gas Cost Adjustment as follows:

$$\text{Demand Cost Component} = \frac{\text{Demand Cost}}{\text{Total Firm Retail MCF Sales}} - \$0.88/\text{MCF}$$

A Demand Cost Credit (DCC) shall be calculated monthly and credited to the Company's booked cost of gas and included in the quarterly determination of the Gas Cost Adjustment Clause set forth on Sheet No. 19 of the Company's tariff. The DCC shall be based upon the total demand cost recovered through the volume of gas sold pursuant to the provisions of this tariff at a rate of \$0.88/MCF plus or minus the Demand Cost Component.

EXCESS GAS

The transportation service offered pursuant to this rate schedule is provided on a best efforts basis. In the event the customer fails to interrupt deliveries under this rate schedule when the Company directs it to do so, and causes the Company to incur additional charges from its pipeline suppliers, such deliveries will be designated excess gas. All excess gas shall be billed at a rate of ten dollars (\$10) per MCF in addition to the charges set forth under the Net Monthly Bill provision of this rate schedule.

TERMS AND CONDITIONS

The Customer shall enter into a written service agreement with the Company. Such agreement shall set forth specific arrangements as to volumes to be transported, as well as, any other circumstances relating to the individual customer.

C 3-89

TERMS AND CONDITIONS (Cont'd.)

The Customer shall be responsible to make all necessary arrangements and secure all requisite regulatory or governmental approvals, certificates or permits to enable the transportation gas to be delivered to the Company's system.

The customer shall balance monthly volumes of gas delivered to the service premises with the volumes of gas delivered into the Company's system on the customer's behalf. The Company reserves the right to terminate deliveries under the provisions of this rate schedule if, in the Company's judgment, the customer abuses the service by failing to control imbalances.

The term of contract shall be contained within the written agreement but not less than twelve (12) months.
