CLASSIFICATION OF SERVICE

PURCHASED GAS ADJUSTMENT CLAUSE

Company during the said twelve-month period. The unit charge or credit so determined, expressed in cents per cubic feet, shall be the Purchased Gas Adjustment.

- (3) The new supplier rate shall become the Base Supplier Rate to be used in measuring the effect of any subsequent supplier rate change. Each such subsequent change shall be treated in the same manner as set forth above for the establishment of a new Purchased Gas Adjustment and for the establishment of a new Base Supplier Rate.

In the event that the Company receives from its supplier a refund of amounts paid to such supplier in respect of a prior period, the Company will apply to the Commission for authority and upon receipt thereof make adjustments on the amounts charged to its customers under this provision, as follows:

- (1) The "Refundable Amount" shall be the amount received by the Company as a refund. Such Refundable Amount shall be divided by the number of cubic feet of gas that Company estimates it will sell to its customers during the four-month period commencing with the first day of the month following receipt of the refund, thus determining a "Refund Factor."
- (2) Effective with meter readings taken on and after the first day of the second month following receipt of the refund, the Company will reduce by the Refund Factor so determined any Purchased Gas Adjustment that would otherwise be applicable during such period. Provided, however, that the period of the reduced Purchased Gas Adjustment will be adjusted, if necessary, in order to refund as nearly as possible the Refundable Amount.
- (3) In the event of any large or unusual refunds, the Company may apply to the Public Service Commission of Kentucky for the right to depart from the refund procedure herein set forth.

LARGE VOLUME RATE 3-A

Stand-by or Auxiliary Equipment and Fuel:

It shall be the responsibility of the customer to provide and maintain at all times such adequate stand-by, auxiliary equipment and fuel as may be required or necessary, at the customer's discretion, to protect its fuel requirements and best interest, and to assure its continuous operations.

Curtailment:

(a) **High Priority Service:**

The Company shall have the right at any time, without liability to the customer, to curtail or to discontinue the delivery of gas entirely to the customer for any period of time when such curtailment or discontinuance is necessary to protect the requirements of domestic and commercial customers; to comply with any restriction or curtailment as may be imposed by any governmental agency having jurisdiction over the Company or its supplier, or to comply with any restriction or curtailment as may be imposed by the Company's supplier; to protect and assure the operation of the Company's underground storage system; or for any causes due to force majeure (which includes acts of God, strikes, lockouts, civil commotion, riots, epidemics, landslides, lightning, earthquakes, fires, storms, floods, etc.) so that the Company may maintain the operating efficiency of its system in a safe and orderly manner.

(b) **Interruptible Service:**

In addition to the reasons listed above under "High Priority Service", the Company shall have the right to curtail or discontinue the delivery of gas entirely to the customer in order to avoid an increased Maximum Daily Demand in the Company's gas purchases, to avoid excessive peak load and demands upon the gas transmission or distribution system, and for any other necessary or expedient reason, at the discretion of the Company.

(c) **Curtailement Order**

All curtailments or interruptions for both "High Priority" and "Interruptible" service shall be in accordance with and subject to the Company's "Curtailement Order" as contained in Section 29 of its Rules and Regulations as filed with and approved by the Public Service Commission.

Character of Service:

- (a) Natural gas having approximately 1,000 Btu content per cubic foot.
- (b) High Priority service is not subject to curtailment or interruption except in cases of emergency as provided for in Section 7(a) and in Rule 29 of the Company's Rules and Regulations.
- (c) Interruptible service is subject to curtailment or complete interruption when deemed necessary to protect service under firm and High Priority service or other rates providing for higher priced deliveries, and in accordance with Section 7(b) and Rule 29 of the Company's Rules and Regulations.

Penalty for Unauthorized Overrun:

- (a) In the event a customer fails in part, or in whole, to comply with a Company curtailment order, either as to time or volume of gas used, or uses a greater quantity in excess of any special temporary authorization, whether a curtailment order is in effect or not, the customer shall pay for the unauthorized gas so used at the rate of \$32.85 per Mcf, which rate shall be revised to reflect any increase or decrease in the Demand Charges which Seller has to pay its supplier. (See Section (d)).

If the necessary billing data is available, the amount of the penalty shall be billed, due and payable with the regular bill for that month, otherwise, it will be billed, due and payable with the regular bill for the following month.

- (b) In addition to this penalty payment, the regular applicable rates shall be billed by the Company and paid for by the customer for any and all gas used.
- (c) Also, when customer uses any volume of unauthorized gas, as defined in Section (a) above, the customer shall pay, in addition to the penalty payments as specified above, any special penalty payments which are imposed on the Company by its supplier of gas by reason of such acts of the customer.
- (d) The payments as specified above shall be assessed against and paid by the customer only in the event the Company has to pay increased Demand Charges and/or a special penalty to its supplier, by reason of the customer's unauthorized overrun as defined in Section (a) above.
- (e) Any payment by the customer of the penalty for Demand Charges or of the special penalty payments shall not be deemed as giving the customer any right to use any gas to which it is not otherwise specifically entitled to use under this rate schedule and the related contract, nor shall any such payment serve or tend to relieve the customer of any other obligations resulting from its using any unauthorized gas at any time or from its failure to comply with such other curtailment orders which may be in effect in the future.

Measurement Base:

The unit of measurement shall be an Mcf at a pressure base of 14.65 psia, a temperature of 60° F, and 0.60 specific gravity.

Special Provisions:

(a) A written contract with a minimum term of one year shall be required. Such contract shall specify the maximum hourly, daily and monthly contract volumes, mutually agreeable to the Company and the customer.

In certain cases where the Company makes a substantial investment in facilities or incurs other obligations for the specific purpose of rendering service to a customer, the Company may require a longer term contract, a higher minimum bill, or a supplementary contract, with terms and conditions which are equitable in the circumstances.

(b) The Rules, Regulations and Orders of the Public Service Commission of the Company, and the Company's general terms and conditions applicable to industrial sales, shall apply to this rate schedule and all contracts thereunder.

(c) No gas delivered under this rate schedule and related contract shall be available for resale.

Definitions:

As used herein the following definitions shall apply:

(a) "Base Load" is the quantity of gas which is normally used throughout the entire year on approximately a 100% load factor basis.

(b) A "day" as used herein for the purpose of determining and assessing the penalty as provided for herein (Section 9 (b)) shall mean the 24-hour period starting with and immediately following the date and time of day the particular curtailment order became effective.

Applicable:

In service areas of the Company where the gas supply is purchased from its supplier on a Demand and Commodity Charge Basis in zone locations and under Rate Schedules as follows:

Supplier: Texas Gas Transmission Corporation

In their Zone 2 under Rate Schedule G-2
 In their Zone 3 under Rate Schedule G-3
 In their Zone 4 under Rate Schedule G-4

Supplier: Tennessee Gas Pipeline Company

In their Zone 2 under Rate Schedule G-2

Availability of Service:

- (a) Available to large industrial customers, in service areas and locations as specified above, for any use as approved by the Company and individually metered service, other than auxiliary or stand-by service, where the customer requires, contracts for, and uses for Base Load purposes not less than 500 Mcf per day, subject to suitable service being available from existing transmission and/or distribution facilities and where an adequate supply of gas is available to the Company under its purchase contract with its pipeline supplier.

If a customer contracts for gas under this rate schedule and fails to meet the minimum requirements of 500 Mcf per day for Base Load purposes, the contract shall be subject to cancellation, and gas deliveries thereafter shall be billed at the lowest available rate for which the customer qualifies, or, if the customer elects, it may discontinue the use of gas entirely.

- (b) The supply of gas provided herein shall be sold primarily on an interruptible basis, however, in certain cases and under certain conditions, provision may be made for a quantity of High Priority gas limited to quantities and uses which, in the Company's judgment, requires and justifies such service.
- (c) The contract for service under this rate schedule may include High Priority Service, Interruptible Service, or a combination of High Priority and Interruptible Service, however, the Company reserves the right to limit the quantity of High Priority Service available to any one customer.

Delivery Volumes:

- (a) The volume of gas to be sold and purchased under this rate schedule and the related contract shall be established separately for each class of service, on a daily basis, and the customer shall specify in advance the volume desired for inclusion in the contract.

(b) High Priority Service

The volume for High Priority Service shall be established on a High Priority Daily Contract Demand basis which shall be the specific volume the Company is obligated to deliver and the customer is obligated to receive in any one day, subject to other provisions of this rate schedule and the related contract.

(c) Interruptible Service

The volume for Interruptible Service shall be established on an Interruptible Daily Contract Demand basis which shall be the maximum daily volume the Company is obligated to deliver and which the customer may receive, subject to other provisions of this rate schedule and the related contract.

CLASSIFICATION OF SERVICE

LARGE INDUSTRIAL RATE 4

Minimum Monthly Bill:

No minimum monthly bill will apply to any class of service under this rate schedule.

Minimum Annual Bill:

A minimum annual bill shall apply to each class of service as provided for in this rate schedule, which is to be computed as follows:

(a) High Priority Service:

An amount equivalent to the product of 80% of the Daily Contract Demand times the number of customers normal days of gas utilization in the year times the rate per Mcf, less an allowance for any time that gas was not available.

This allowance shall be computed on a basis of the Daily Contract Demand times the number of days, or fractions thereof, on which gas was not available.

The minimum annual bill on High Priority service is not subject to being waived, except at the Company's sole discretion, and without obligation.

(b) Interruptible Service:

An amount equivalent to the product of 25% of the Daily Contract Demand times the number of customer's normal days of gas utilization in the year times the rate per Mcf, less an allowance for any time that gas was not available.

This allowance shall be computed on a basis on the Daily Contract Demand times the number of days or fraction thereof on which gas was not available.

WESTERN KENTUCKY GAS COMPANY

Name or Issuing Corporation

CLASSIFICATION OF SERVICE

LARGE INDUSTRIAL RATE 4

(a) (continued)

If the necessary billing data is available, the amount of the penalty shall be billed, due and payable with the regular bill for that month, otherwise, it will be billed, due and payable with the regular bill for the following month.

(b) In addition to this penalty payment, the regular applicable rates shall be billed by the Company and paid for by the customer for any and all gas used.

(c) Also, when customer uses any volume of unauthorized gas, as defined in section (a) above, the customer shall pay, in addition to the penalty payments as specified above, any special penalty payments which are imposed on the Company by its supplier of gas by reason of such acts of the customer.

(d) The payments as specified above shall be assessed against and paid by the customer only in the event the Company has to pay increased Demand Charges and/or a special penalty to its supplier, by reason of the customer's unauthorized overrun as defined in section (a) above.

(e) Any payment by the customer of the penalty for Demand Charges or of the special penalty payments shall not be deemed as giving the customer any right to use any gas to which it is not otherwise specifically entitled to use under this rate schedule and the related contract, nor shall any such payment serve or tend to relieve the customer of any other obligations resulting from its using any unauthorized gas at any time or from its failure to comply with such other curtailment orders which may be in effect in the future.

WESTERN KENTUCKY GAS COMPANY

Name or Issuing Corporation

CLASSIFICATION OF SERVICE

LARGE INDUSTRIAL RATE 4

Curtailment:

(a) High Priority Service:

The Company shall have the right at any time, without liability to the customer, to curtail or to discontinue the delivery of gas entirely to the customer for any period of time when such curtailment or discontinuance is necessary to protect the requirements of domestic and commercial customers; to comply with any restriction or curtailment as may be imposed by any governmental agency having jurisdiction over the Company or its supplier, or to comply with any restriction or curtailment as may be imposed by the Company's supplier; to protect and assure the operation of the Company's underground storage system; or for any causes due to force majeure (which includes acts of God, strikes, lockouts, civil commotion, riots, epidemics, landslides, lightning, earthquakes, fires, storms, floods, etc.); so that the Company may maintain the operating efficiency of its system in a safe and orderly manner.

(b) Interruptible Service:

In addition to the reasons listed above under "High Priority Service", the Company shall have the right to curtail or to discontinue the delivery of gas entirely to the customer in order to avoid an increased Maximum Daily Demand in the Company's gas purchases, to avoid excessive peak load and demands upon the gas transmission or distribution system, to comply with suppliers volume limitations, and for any other necessary or expedient reason, at the discretion of the Company.

(c) Curtailment Order:

All curtailments or interruptions for both "High Priority and "Interruptible" service shall be in accordance with and subject to the Company's "Curtailment Order" as contained in Section 29 of its Rules and Regulations as filed with and approved by the Public Service Commission.

Stand-by or Auxiliary Equipment and Fuel:

It shall be the responsibility of the customer to provide and maintain at all times such adequate stand-by, auxiliary equipment and fuel as may be required or necessary, at the customer's discretion, to protect its fuel requirements and best interests, and to assure its continuous operations, with the interruptible terms and conditions of this rate schedule and the applicable contract being duly considered.

Measurement Base:

The unit of measurement shall be an Mcf at a pressure base of 14.65 Psia, at a temperature of 60 °F, and 0.60 specific gravity.

Special Provisions:

- (a) A written contract with a minimum term of one year shall be required.

In certain cases where the Company makes a substantial investment in facilities or incurs other obligations for the specific purpose of rendering service to a customer, the Company may require a longer term contract, or a supplementary contract, with terms and conditions which are equitable in the circumstances.

- (b) The Rules, Regulations and Orders of the Public Service Commission and of the Company, and the Company's general terms and conditions applicable to industrial sales, shall apply to this rate schedule and all contracts thereunder.

- (c) No gas delivered under this rate schedule and applicable contract shall be available for resale.

Definitions:

As used herein the following definitions shall apply:

- (a) "Base Load" is the quantity of gas which is normally used throughout the entire year on approximately a 100% load factor basis.
- (b) A "Day" as used herein for the purpose of determining and assessing the penalty as provided for herein (Section 9 (b)) shall mean the 24-hour period starting with and immediately following the date and time of day the particular curtailment order became effective.
- (c) A "Year" as used herein shall mean the twelve months' period from the date of the first delivery of gas to the customer, and, thereafter, the anniversary date of such initial delivery.

CLASSIFICATION OF SERVICE

PURCHASED GAS ADJUSTMENT CLAUSE

FOR CHANGES IN WHOLESALE COST OF NATURAL GAS

Applicable to:

Gas Tariffs in effect for the service area of the Company as designated in the particular tariff.

Purchased Gas Adjustment Clause:

(Conformed excerpt from an Order issued by the Kentucky Public Service Commission on September 17, 1975, in Case No. 6241.

The rates authorized herein (Case No. 6241 - September 17, 1975) are based upon the wholesale cost of gas to the Applicant as computed upon rates of its wholesale suppliers then currently in effect under Federal Power Commission tariffs for interstate business or under wholesale tariffs of this Commission. For the purpose of this purchased gas adjustment clause, these rates shall be considered as the base rate for purchased gas. In the event there is an increase in this base rate, the Applicant shall within thirty days from the time it receives notice of the proposed change file with this Commission the following information:

- (1) A copy of the Federal Power Commission tariff or wholesale tariff at this Commission effecting the change in the base rate and a statement relative to the effective date of such proposed change.
- (2) A statement setting out the details of gas purchased under the provision of the base rate for the previous twelve months showing billing under the base rate and under the proposed revised rate applicable to this service.
- (3) A balance sheet as of the end of the latest twelve months period and a statement of operating expenses and revenues in the same detail as reported to this Commission in the Utility's Annual Report.
- (4) Such other information as this Commission may request for a proper determination of the Purchased Gas Adjustment.

CLASSIFICATION OF SERVICE

PURCHASED GAS ADJUSTMENT CLAUSE

Upon receipt of this information this Commission will review the effect of the revised rate on the operation of the Applicant and will prior to the effective date of the revised base rate, but not less than thirty days from the date of the filing of the above prescribed information issue its Order setting out the purchased gas adjustment that the Utility shall apply to its rates.

In the event there is a decrease in purchased gas costs or refund, the Applicant shall file the information required in 1, 2, and 4 above.

Upon receipt of this information the Commission shall review the proposed reductions and within thirty days from receipt of the information required, issue its Order setting out the proper refund and/or the revised rates.

The maximum amount of the adjustment so prescribed shall not produce revenue adjustments based upon the actual preceding twelve months period, greater than the difference between the purchased gas billed at the then existing rates and the purchased gas billed at the revised rate.

On and after the effective date of this rate schedule, if any increase or decrease is made in the rate at which Company's gas suppliers sell gas to Company, the unit charges of the aforesaid rate schedule shall be increased or decreased by a Purchased Gas Adjustment determined as follows:

(1) Gas purchases by the Company under supplier's applicable rate schedule during a period of twelve calendar months ending within two months preceding the month of the effective date of the supplier rate change will be determined. Such purchases shall be priced:

- (a) At the Base Supplier Rate
- (b) At the New Supplier Rate

(2) The difference between the amounts so determined shall be divided by the number of cubic feet of gas sold by

Company during the said twelve-month period. The unit charge or credit so determined, expressed in cents per cubic feet, shall be the Purchased Gas Adjustment.

- (3) The new supplier rate shall become the Base Supplier Rate to be used in measuring the effect of any subsequent supplier rate change. Each such subsequent charge shall be treated in the same manner as set forth above for the establishment of a new Purchased Gas Adjustment and for the establishment of a new Base Supplier Rate.

In the event that the Company receives from its supplier a refund of amounts paid to such supplier in respect of a prior period, the Company will apply to the Commission for authority and upon receipt thereof make adjustments on the amounts charged to its customers under this provision, as follows:

- (1) The "Refundable Amount" shall be the amount received by the Company as a refund. Such Refundable Amount shall be divided by the number of cubic feet of gas that Company estimates it will sell to its customers during the four-month period commencing with the first day of the month following receipt of the refund, thus determining a "Refund Factor."
- (2) Effective with meter readings taken on and after the first day of the second month following receipt of the refund, the Company will reduce by the Refund Factor so determined any Purchased Gas Adjustment that would otherwise be applicable during such period. Provided, however, that the period of reduced Purchased Gas Adjustment will be adjusted, if necessary, in order to refund as nearly as possible the Refundable Amount.
- (3) In the event of any large or unusual refunds, the Company may apply to the Public Service Commission of Kentucky for the right to depart from the refund procedure herein set forth.

CLASSIFICATION OF SERVICE

PURCHASED GAS ADJUSTMENT CLAUSE

Production Gas Adjustment
Applicable to Local Production Contracts
Subsequent to May 1, 1975

1. The base rate shall be the commodity price of the pipe-line supplier in the affected zone.
2. The production price shall be the delivered price of local production gas which shall include transportation payments for delivery to the facilities of the Company.
3. Thirty days prior to each February 1, and August 1, the Company shall file a purchased gas adjustment to recover excess local production cost incurred during the preceding six month period and estimated to be incurred during the subsequent six month period. This adjustment shall be computed as follows:
 - a. The cost of production gas at the base rate in effect during the preceding six month period shall be subtracted from the local production cost actually incurred during this period to determine the unrecovered production cost incurred during this period. Net increase in revenue produced from the Unrecovered Production Gas Adjustment in effect during the period shall be deducted from the unrecovered cost incurred to determine the net excess or deficiency in production gas cost for the previous six month period.
 - b. The estimated cost of production gas at the base rate in effect during the subsequent six month period shall be subtracted from the estimated production gas cost that will be incurred during this period to determine the estimated unrecovered production gas cost for the subsequent six month period.
 - c. The excess or deficiency in production gas cost for the previous six month period shall be added to the estimated unrecovered production gas cost for the subsequent six month period to determine the production gas cost to be recovered in the subsequent six month period.
