Definition: "Nominated Volume" or "Nomination" - The level of daily volume in Mcf (1,000 cubic feet) as requested by the customer to be transported and delivered by the Company.

Such nomination request shall be made by the customer to the Company on a monthly basis a minimum of ten (10) days prior to commencement of the billing period; such nomination may be adjusted prospectively from time to time during the billing period as may become necessary. However, the Company retains the right to limit the number of nomination adjustments during the billing period.

5. Special Provisions:

It will be the responsibility of the customer to pay all costs for additional facilities and/or equipment which may be required as a result of receiving transportation service.

GAS COST ADJUSTMENT CLAUSE

1. Applicable to:

Gas Tariffs in effect for the entire Service Area of the Company as designated in the particular tariff.

2. Gas Cost Adjustment (GCA):

(a) The Company shall file a Quarterly Report with the Commission which shall contain an updated Gas Cost Adjustment (GCA) at least thirty (30) days prior to the beginning of each quarter. The GCA shall become effective for meter readings on and after the first day of each Quarter.

(b) "Quarter" means each of the four (4) three-month periods of (1) August, September and October; (2) November, December and January; (3) February, March and April; and (4) May, June and July.

PUBLIC SERVICE COMMISSION
OF KENTUCKY
EFFECTIVE

3. Determination of GCA

The monthly amount computed under each of the rate schedules to which this GCA is applicable shall be increased or decreased at a rate per Mcf calculated for each three-month period in accordance with the following formula as applicable to each rate class:

PURSUANT TO 207 KAR 5.011,
SECTION 9.11
BY *[Signature]*
WITH SECT. 9.11

$$GCA = (EGC - BCOG) + GCAA + GCBA + RF$$

where:

EGC is the Expected Average Cost per Mcf of gas supply which results from the application of supplier rates currently in effect, or reasonably expected to be in effect during the quarter, based on purchased volumes for the most recent actual 12-month period, normalized for weather, transported volumes, or any other volume adjustments. Such adjustments are necessary in order for the GCA to track as accurately as possible the actual gas costs incurred during the effective Quarter.

GAS COST ADJUSTMENT CLAUSE

GCBA is the Gas Cost Balance Adjustment per Mcf which compensates for any under- or over-collection which has occurred as a result of prior adjustments. This GCBA will be a 'true-up' account for all Gas Cost Actual Adjustments (GCAA) after the GCAA has been in effect for four quarters. The balance in this account will be divided by an estimate of sales for the succeeding three-month period in each quarterly filing.

RF is the sum of any Refund Factors filed in the current and three preceding quarterly filings. The current Refund Factor reflects refunds received from suppliers during the reporting period. The refund factor will be determined by dividing the refunds received, by the annual sales used in the Quarterly Filing less transported volumes. After a refund factor has remained in effect for four quarters, the difference in the amount received and the amount refunded will be rolled into the next refund calculation. The refund account will be operated independently of the GCBA and only added as a component to the GCA in order to obtain a net GCA. In the event of any large or unusual refunds, the Company may apply to the Commission for the right to depart from the refund procedure herein set forth.

5. Owners Consent to Occupy:

In case the customer is not the owner of the premises or of the intervening property between the premises and the Company's service connection, it shall be the customer's responsibility to obtain from the property owner or owners the necessary consent to install and maintain in, on or over said premises all such piping and other equipment as are required or necessary for supplying gas service to the customer whether the piping and equipment be the property of the customer or the Company.

6. Security Deposits:

The Company may require from all customers as a guaranty or security a cash deposit not to exceed two-twelfths (2/12) of the estimated annual bill of such customer who is to be billed on a monthly basis. Such deposit less any unpaid amounts for service rendered the customer shall be returned upon the discontinuance of service.

Where the monthly bills are in excess of the deposit, or where the customer has delinquent bills, the Company may require the deposit to be increased, but such deposit shall not exceed two-twelfths (2/12) of the estimated annual bill. Interest will be paid at the rate of six percent (6%) annually. Residential deposits may be recalculated after eighteen (18) months in accordance with the Kentucky Public Service Commission Regulations if requested by the customer.

18. Character of Service:

The Company will normally supply natural gas having a heating value of approximately one thousand (1,000) Btu per cubic foot and a specific gravity of approximately six tenths (0.6), however, when necessary to supplement the supply of natural gas, the Company reserves the right, at its discretion, to supply an interchangeable mixture of vaporized liquefied petroleum gas and air, or a combination of same with natural gas.

19. Assignment of Contract:

The benefits and obligations of any service application or contract shall begin when the Company commences to supply gas service and shall inure to and be binding upon the successors and assigns, survivors and executors or administrators, as the case may be, of the original parties thereto, respectively, for the full term thereof, provided, however, that no application, agreement or contract for service may be assigned or transferred without the written consent or approval of the Company.

When the gas supply has been disconnected for non-payment of bills or other violation of the Company's Rules and Regulations the service will not be restored at the same location, or connected at another location, for the same or related occupants under a different contract or name when it is evident the change of name is a subterfuge design to defraud or penalize the Company.

24. Refusal of Service:

The Company will not render service to any customer unless the customer's service line, housepiping, appliances and equipment are properly installed and in safe operating condition, or where the customer continually fails to comply with the Company's Rules and Regulations.

The Company will not furnish service to any applicant who owes the Company any past due bill or a delinquent account for service furnished either at the same or other location, until such indebtedness shall have been paid in full.

The Company reserves the right to refuse or to defer full service to an applicant where the existing mains are inadequate to serve the applicant's requirements without adversely affecting the service to customers already connected and being served.

25. Notice of Escaping Gas or Unsafe Conditions:

Immediate notice must be given by the customer to the office or employees of the Company if any escaping gas or unsafe conditions are detected or any defects or improper installations are discovered in piping and equipment of either the Company or the customer which are on the customer's premises.

No flames or lights are to be taken near any escape of gas and the gas must be shut-off at the meter cock or valve until the hazard is eliminated and the gas service is not to be turned on again except by a Company employee.

The Company will not be responsible or assume any liability for any injury, loss or damage which may arise from the carelessness or negligence of the customer or his agent or representatives.

The gas service may be turned off at the meter when justified by the customer or his agent or any constituted authorities but no person, unless in the employ of the Gas Company or having permission from the Gas Company, shall turn the gas on or restore service.

27. Special Provisions - Large Volume Customers:

Industrial, Commercial or other Customers using large volumes of gas on a varying basis shall install and maintain at their expense adequate piping and suitable regulating and control equipment to provide reasonable and practical limitation of intermittence or fluctuation in the pressure, volume or flow of gas, and shall so regulate and control their operations and the use of gas hereunder so as not to interfere with gas service being furnished to them or to any other customers, or with the proper and accurate metering of gas at their or any other location.

28. Special Rules for Customers Served from Transmission Mains:

In addition to the Standard Rules and Regulations the following special Rules and Regulations shall apply to all customers served directly from a high pressure transmission main which is the property of the Company or one of its suppliers:

(a) All service connections to a high pressure transmission line shall be subject to the special requirements, consent and approval of the owner of said line. In case the connection is to a line not the property of the Company, proper approval must be obtained from both the owner and the Company.

(b) A special form application and service contract or agreement shall be executed by the customer and approved and accepted by both the owner of the transmission line and the Company prior to the time the tap or connection is made. If the transmission line is owned by the Company only the approval and acceptance of the Company is necessary.

Priority 2. Small commercials (less than 50 Mcf per day).

Priority 3. Large commercials (over 50 Mcf per day) not included under lower priorities.

Priority 4. Industrials served under General Service Rate G-1.

Priority 5. Customers served under Interruptible Service Rate G-2 and Large Volume Interruptible Service Rate G-3, other than boilers included in Priority 6.

Priority 6. Boiler loads shall be curtailed in the following order.

- (a). Boilers over 3,000 Mcf per day.
- (b). Boilers between 1,500 Mcf and 3,000 Mcf per day.
- (c). Boilers between 300 Mcf and 1,500 Mcf per day.

3. Penalties

If, at the end of any seasonal period, a Buyer exceeds its Adjusted Seasonal Volumes for that period, the Buyer shall pay a penalty of \$15 per Mcf for all volumes taken in excess of 102% of its adjusted seasonal volume, such penalty to be in addition to the regular applicable rate but no such penalty shall be payable for any season in which the excess volume is less than 100 Mcf. The Company, at its sole discretion, may reduce the Buyer's Adjusted Seasonal Volume in the succeeding seasonal period by an amount equal to the excess volume taken. The payment of penalty charges shall not be considered as giving any customer the right to take unauthorized volumes of gas, nor shall such penalty charges be considered as a substitute for any other remedy available to the Company.

34. Budget Payment Plan Availability:

The Company has a budget plan available for the convenience of its residential customers. The plan is designed to help equalize payment for gas service over a period of months, normally May through April. However, a residential customer may elect to enter the plan at any time during the year. On the last month of the budget payment period (April), appropriate adjustments shall be made relative to any difference in the customer's total payments and actual usage billing amounts. Any resultant overpayment shall be refunded on the April bill. Any resultant underpayment shall appear on the April bill and be due with the payment of such bill. The customer's account will be reviewed periodically and the monthly payment amount may be adjusted during the budget period.

To be accepted as a budget customer, the account balance must be paid in total before the customer is put on budget billing. It is understood that this budget billing plan will continue until the customer notifies the Company in writing or by telephone to discontinue the plan or the customer defaults in payment of such plan.
