RULES AND REGULATIONS

I N T R O D U C T I O N

Green River Electric Corporation, hereinafter referred to as "Green River", is a nonprofit, member-owned and member-controlled electric distribution corporation, organized and existing pursuant to Chapter 279 of the Kentucky Revised Statutes, its objective being to serve its member-customers with an adequate and dependable supply of electricity at the lowest cost consistent with sound business methods and in accordance with applicable rules and regulations of governing authorities.

Green River supplies electric power to all of Hancock County and portions of Daviess, McLean, Ohio, Hopkins, Henderson, Webster, Muhlenberg and Breckinridge Counties in Kentucky. Its certified service area is bounded on the north by the Ohio River and the service area of Owensboro Municipal Utilities Co.; on the east by Meade County RECC; on the south by Kentucky Utilities Company, Pennyrite RECC and Warren County RECC; and on the west by Henderson-Union RECC.

Green River purchases its electric power and energy at wholesale rates from the Big Rivers Electric Corporation of Henderson, Kentucky.

RULES AND REGULATIONS

maintained by the consumer.

29. AREA LIGHTING

Area lighting can be made available within Green River's service area upon execution of an appropriate contract.

(a) YARD LIGHTING. Green River will furnish, install, operate and maintain a photocell-operated and controlled outdoor lighting unit. Yard light units can be leased for a minimum term of one year. The rates for such lighting service shall be in accordance with Green River's applicable tariff, provided existing facilities can be utilized.

In the event existing facilities cannot be utilized, customer will be required to make an advance contribution equal to the estimated cost of labor and materials in excess of the cost to install the lighting unit on existing facilities.

Customer shall be responsible for losses due to vandalism.

(b) STREET LIGHTS. Normally, street lighting fixtures and facilities are furnished and maintained by Green River at the rates specified in its applicable tariff. Special situations may, however, require that service terms and conditions be negotiated individually and mutually agreed upon.

(T) Street lighting for subdivision street lighting districts or similar entities created by a county fiscal court pursuant to KRS 179.470 will be coordinated with the appropriate county fiscal court. The rates for such service shall be in accordance with Green River's applicable tariff. Agreements for street lighting service with a county fiscal court and a street lighting district may (1) provide for advance collection of charges for street lighting service and (2) provide that service to a street lighting district will not be disconnected for nonpayment as long as the fiscal court of the county in which the street lighting district is located assesses the property within the street lighting district for the expense of street lighting on the terms provided in this tariff, collects the assessment in accordance with the customary procedures for collecting county ad valorem real property taxes, and within a reasonable time, pays Green River any amounts so collected.

(c) CUSTOMER-OWNED LIGHTING FIXTURES AND FACILITIES. Green River will furnish electric service only to customer's private lighting system in accordance with an appropriate contract. If lighting is metered, individually or collectively, service will be installed in accordance with Paragraph 27(d) hereinabove. If lighting is unmetered, the provisions of Paragraph 27(e) shall apply.

SECRETARY OF THE COMMISSION

Applicable

To all electric rate schedules except direct served smelter and large industrial customers served under special contract.

Consolidation Credit

The monthly billing amount computed under each of the rate schedules which this credit is applicable shall be reduced by 4% before application of the school tax, sales tax, landfill fee or other similar items.

Term

The base rates of the applicable rate schedules along with the consolidation credit rider will be in effect from September 2, 1999 through August 31, 2004, absent the incurrence of extraordinary circumstances or flow-through of changes in rates from wholesale supplier; provided, however, there will not be any adjustment in said rates or credit rider without prior approval of the Commission.
