RULES AND REGULATIONS

I. Rules and Regulations for the Government of gas utilities which may be adopted by the Public Service Commission of Kentucky, and all amendments thereto and modifications thereof which may be made by said Commission.

II. City of West Liberty, a private corporation,
West Liberty, Kentucky.

Service is given to the residents of West Liberty, Kentucky also to three customers about 200 feet in the northern environs of said town and to approximately thirteen customers just east of said town, but adjoining said town, and to four customers just west of town, who have furnished their own line, which lines are tied into our line.

The office hours of said Company are from 9:00 to 11:30 A.M. and 1:00 to 3:00 P.M. Monday through Friday. On Saturday the hours are from 9:00 to 11:30 only. When the 10th falls on a Sunday, the customers are not required to pay the penalty, if bill is paid the following Monday. All bills are dated the 30th of each month, preceding the month in which service is rendered.

Service is rendered to customers within 24 hours after service has been requested by a customer.

The policy of the Company is to run 100 feet from the pipe main nearest to the customer asking for service, if same is required to go to the property line of said customer.

The company asks that a new customer asking for service, uses pipe not less than 1" to complete the service leading from the 100 feet, run by said company, if it takes that to get to the property line of each customer, asking for service. Also that the property to be served is piped with the same size pipe. Also that suitable hangers are arranged upon which to hang said meters.

APPLICABLE:

Elam Utility Co. Inc., West Liberty, Kentucky

AVAILABILITY OF SERVICE:

We have only one rate for all types of service.

RATES:

First 2,000 Cu. ft. used per month 80¢ per Mcf.
Next 5,000 Cu. ft. used per month 65¢ per Mcf.
All over 7,000 Cu. ft. used per month 52¢ per Mcf.

MINIMUM CHARGES:

Minimum bill rendered will be \$1.60. This includes the first 2,000 Cu. ft. used.

DELAYED PAYMENT PENALTY:

The above tariff is net. On all accounts not paid in full by the 10th of the month, preceding that month in which service is rendered, or within ten days after the rendering of said bills a penalty of ten per cent (10%) will be added to the amount shown.

SERVICE CHARGE:

There is a service charge of \$2.00 required for the installation of a meter, or moving from one location to another, or if it requires the service man to read or remove a meter, other than at the regular meter reading time.

METER DEPOSIT:

On most meters installed and services rendered a deposit of \$5.00, other than in a section of town, where we found that a \$5.00 deposit would not take care of their bills, and as a result Utility lost approximately \$100.00 during the winter season on unpaid bills. A deposit of \$15.00 is required.
