If discontinuance is for nonpayment of bills, the customer shall be given at least 48 hours written notice, separate from the original bill, and cut-off shall be effected not less than twenty days after the mailing date of the original bill unless prior to discontinuance, a residential customer presents to Boonesboro a written certificate, signed by a physician, registered nurse, or public health officer, that such discontinuance will aggravate existing illness or infirmity on the affected premises, in which case discontinuance may not be effected until the affected resident can make other living arrangements or until not less than ten days have elapsed from the date of Boonesboro's notification. The member shall pay a security deposit not to exceed 2/12ths of the estimated annual bill. Deposits will earn interest at a rate no greater than BWA receives and at no time shall the interest payable exceed 6%. If a deposit is held for more than 18 months, it will, upon member request, be recalculated based on actual usage. If the amount on deposit differs by more than \$10.00 from 2/12ths of the actual usage than BWA will refund any over collection and may collect any underpayment. Refunds will be made by check or credit to the member's account. Deposits will be refunded at termination of this agreement or at BWA's discretion.

9. BWA shall test any meter upon the written request of the member provided such request is not made more frequently than once each twelve (12) months. If such tests show that the meter was not more than two (2) percent fast, the member agrees to pay a \$25.00 service charge.

10. The member agrees to comply with all rules and regulations of BWA.

11. The member will be charged \$10.00 for any returned check.

12. The member agrees to hold BWA harmless for any and all damages to the member or to his property as a result of a failure of BWA or BWA's supplier of water to maintain continuity of flow or as a result of temporary or sustained contamination of the water supply when the cause of said failure or contamination is deemed to be a result of causes beyond the reasonable control of BWA and/or its employees, officers and directors. Likewise, when the member also receives sewer service from BWA, the member agrees to hold BWA harmless for any and all damages that may be incurred to the member or to his property as a result of a temporary or sustained failure of the sewage collection lines and/or treatment plant when the cause of such failure is deemed to be a result of causes beyond the reasonable control of BWA and/or its employees, officers and directors.

13. Cost of maintenance or replacement of a member's service line is the sole responsibility of the member.

14. In those instances where a backflow preventer is presently installed or will be installed, to avoid any possible damage that may occur to the member's service line, fittings, and/or equipment as a result of thermal expansion, BWA recommends that the member seek professional advice regarding the installation of appropriate safety devices related to such thermal expansion and that member holds harmless and absolves BWA of any liability or responsibility relating to any such damage that may occur.
