EAST KNOX COUNTY WATER DISTRICT

RULES AND REGULATIONS

These Rules and Regulations govern the furnishing of water service by East Knox County Water District hereinafter referred to as the District and apply to all service received from the District. No employee or individual commissioner of the District is permitted to make an exception to these Rates, Rules, or Regulations. These Rules and Regulations are to be in effect so long as they are not in conflict with the Kentucky Public Service Commission's Rules and Regulations (807 KAR 5:001-5:0076). The District is subject to all Rules and Regulations of the Kentucky Public Service Commission.

1. Scope

This Schedule of Rules and Regulations is a part of all contracts for receiving water service from the District, and applies to all service received from the District whether the service is based upon contract, agreement, signed application, or otherwise. A copy of this schedule, together with a copy of the District's Schedule of Rates and Charges shall be kept open to inspection at the office of the District. The rules are promulgated under direction and authority granted pursuant to Chapter 5 of Kentucky Administrative Regulations (807 KAR 5). The aforesaid rules and regulations are hereby adopted and included the same as if herein written.

2. Revisions

These Rules and Regulations may be revised, amended, supplemented, or otherwise changed from time to time by either of the two (2) following methods:

- A. By order of the Kentucky Public Service Commission upon formal application by the District, and after hearing as provided by Commission Regulation set forth in 807 KAR 5:011.
- B. By issuing and filing on at least thirty (30) days notice to the Kentucky Public Service Commission and the public all proposed changes in the Rules and Regulations, as provided by Commission Regulations set forth in 807 KAR 5:011.

RULES AND REGULATIONS

3. Conflict

In case of conflict between any provisions of any rate schedule and the schedule of rules and regulations, the rate schedule shall apply. Also, should the rules contained herein conflict with rules in effect under 807 KAR 5, the provisions of 807 KAR 5 shall take precedence over those contained herein.

4. Application for Service

Any person, firm, agency or governmental entity within the current boundary of the District may request service. Applications for service must be in writing on a form approved by the District.

Each applicant for service shall be required to execute and sign the District's standard application for water service before service is supplied by the District. A 5/8"X3/4" meter shall be the standard customer service meter and should be installed at all points of service unless the customer provides sufficient justification for the installation of a larger meter.

5. Point of Delivery

The point of delivery is the point where the meter or vault is located on the customer's premises. All water lines, plumbing, and equipment beyond the meter shall be installed and maintained by the customer. The District reserves the right to determine the location of point of delivery with full regard to those wishes of the prospective customer.

6. Non-Standard Service

Each prospective customer requiring a non-standard service (other than a 5/8"X3/4" meter) shall present to the District sufficient justification for same.

7. Customer's Service Line

All service lines beyond the metering point should be installed of material consisting of copper, galvanized, or PVC pipe with rating not less than 200 psi. The size of the service line beyond the point of delivery should not be less than 3/4" except under unusual circumstances which shall be clearly defined. The District will not set a meter at a point that does not deliver 30 psi at the meter.

Should an applicant desire a higher pressure due to his location or need, he may make provision for an individual pressure booster system. The manner of connection, location cross-connection protection and type is subject to approval by the District. The District reserves the right to require discontinuance and disconnection should the private booster system have a detrimental effect on District's system.

8. Ownership of Mains, Services & Appurtenances

All mains, fire hydrants, valves, crossings and other appurtenances are and shall remain the property of the District, whether installed by the District or the customer.

All service lines from main to meter with appurtenances shall be and remain the property of the District, whether installed by the District or the customer.

The customer shall install, own and maintain his service line from meter and/or point of delivery as defined herein.

9. Discontinuance of Service by District

Water service may be discontinued by the District for any violation of any rule, regulation, or condition and especially for any of the following reasons.

- A. Misrepresentation in the application or contract as to the property or fixtures to be supplied or additional use to be made of water.

- B. Resale of water.
- C. Waste or misuse of water due to improper or imperfect service pipes and/or failure to keep such pipes in a suitable state of repair.
- D. Tampering with meter, meter seal, service, or valves, or permitting such tampering by others.
- E. Connection, cross-connection, or permitting the same, of any separate water supply to premises which receive water from the District.
- F. Non-payment of bills. as set out in 807 KAR 5:006, 11(3)(a).
- G. When a dangerous condition is found to exist on the customer's or applicant's premises, with reference to the continuation of water service, water service shall be cut off or refused, provided the District shall notify the customer or applicant immediately of the reasons for the discontinuance or refusal and the corrective action to be taken by the applicant or customer before service can be restored.

10. Billing

Bills and notices relating to the conduct of the business of the District will be mailed to the customer at the address listed on the "User's Agreement" unless a change of address has been filed in writing with the District; and the District shall not otherwise be responsible for delivery of any bill or notice nor will the customer be excused from the payment of any bill or any performance required in said notice.

Bills for water service are due and payable at the Office of the District, located on Hwy. 930 between Artemus and Himyar, Kentucky. The past due date shall be the tenth (10th) day after the date of issue. Bills will be dated and mailed on or about the last day of each month, with payment due by the tenth day of each month.

RULES AND REGULATIONS

The District shall serve the delinquent customer a written final notice of said delinquency, and of the intent of the District to discontinue service ten days after the date of such notice unless such bill is paid prior to the expiration of such ten days. If a delinquent bill is not paid within ten days after date of such final notice, the water supply to the customer may be discontinued without further notice; provided, however, if, prior to discontinuance of service, there is delivered to the District, or its employee empowered to discontinue service, a written certificate signed by a physician, a registered nurse, or public health officer that, in the opinion of the certifier, discontinuance of service will aggravate an existing illness or infirmity of the affected premises, service shall not be discontinued until the affected resident can make other living arrangements or until ten (10) days elapse from the time of the District's receipt of said certification, whichever occurs first.

11. Discontinuance of Service by Customer

Any Customer having fulfilled his/her contract terms and desiring to discontinue the water service to his/her premises for any reason must give notice of discontinuance in writing at the business office of the District at least three (3) days prior to the date on which the customer desires to discontinue service. If such notice in writing is not given, a customer shall remain liable for all water used and service rendered to his premises by the District until said notice is received by the District.

12. Reconnection Fee

Where the water supply to the customer has been discontinued for non-payment of delinquent bills, a charge of \$20.00 will be made for reconnection of water service, but the reconnection will not be made until all delinquent bills and other charges, if any, owed by the customer to the District have been paid.

13. Deposit

The Water District reserves the right to require that a nominal amount be placed on deposit with the District for the purpose of establishing or maintaining any customer's credit. The deposit will

Upon payment of deposit, the District shall issue to the customer a certificate of deposit, showing the name of the customer, the location of the initial premises occupied by the customer, and the date and amount of the deposit. The District will pay interest on the customer's deposit at the rate no greater than it receives and at no time shall the interest payable exceed six percent.

14. Adjustment Relative to Erroneous Meter

If a meter is inaccurate in excess of 2%, upon required periodic testing or upon requested testing, additional tests shall be made at once to determine the average error of the meter, and the adjustments shall be made in the customer's water bills as follows:

A. If the result of such tests shows an average error greater than 2% fast, the customer's bill for the period during which the meter error is known to have existed, shall be recomputed and the account adjusted on the basis of the test. If the period during which the meter error existed cannot be determined then the customer's bill shall be recomputed for one-half (1/2) of the elapsed time since the last periodic test, but in no event to exceed 12 months. If however, the time for a periodic test has overrun to the extent that half of the time elapsed since the last periodic test exceeds 12 months, the refund shall be for the 12 months specified above, plus those months exceeding the periodic test period. The Kentucky Public Service Commission may not require a refund for the overrun period if failure to make the periodic test was due to causes beyond the control of the District.

B. If the result of such tests show an average error greater than 2% slow, the customer's bill for the period during which the meter error is known to have existed, shall be recomputed and the account adjusted on the basis of the test. If the period during which the meter error existed cannot be determined, then the customer's bill shall be recomputed for one-half of the elapsed time since the last test, but in no event to exceed 12 months.

C. If the result of such tests necessitates public law a refund or

back billing a customer, the customer shall be notified in writing of the percentage of error, fast or slow, the date(s) of testing, and the amount of charge or credit to be shown on the next customer billing.

15. Meters

All meters shall be installed, renewed, and maintained at the expense of the District, and the District reserves the right to approve the size and type of meter used. It shall be the policy of the District to test each water meter pursuant to Public Service Commission Regulation 807 KAR 5:066. In addition, upon written request of any customer, the meter servicing such customer shall be tested by the District, pursuant to Public Service Regulation.

16. Failure of Water Meter

Where a meter is found to be in error, the customer's bill will be adjusted in accordance with Section 14 herein per Kentucky Public Service Commission Regulations. Where a meter has ceased to register, the District will estimate the monthly bill of the customer for the month that the meter is replaced. The estimated bill will be based upon the previous six month's usage.

17. Right of Access

The customer must agree to permit the District to lay, maintain, repair, or remove its water lines that are located on the customer's property with the right of ingress-and-egress over customer's property. The District's duly authorized representative and/or other duly authorized employee of the State Health Department bearing proper credentials and identification shall be permitted to enter upon all properties for the purpose of inspection, observation, measurement, sampling and testing in accordance with the provisions of these Rules and Regulations.

18. Interruption of Service

The District will use reasonable diligence in supplying water service, but shall not be liable for loss, injury, or damage to persons

or property resulting from interruptions in service, excessive or inadequate water pressure. The District does hereby explicitly state that its system is one for rural domestic consumption and that its allowance of connections to its system for fire protection whether by design or implication is only for such benefit as a customer may be able to derive from such connection.

The District system is not designed nor intended for use for fire protection in any manner whatsoever. Any customer using same for fire protection does so at his/her own full and sole responsibility.

The District shall in no event be held responsible for any claim made against it by reason of breaking of any mains or service pipes or by reason of any other interruption of the supply of water caused by the failure of machinery or stoppage for necessary repairs. No person shall be entitled to damages nor for any portion of a payment refunded for any interruption of service which in the opinion of the District may be deemed necessary.

The District shall make all reasonable efforts to eliminate interruption of service and when such interruption occurs will endeavor to restore service with the shortest possible delay. When the service is interrupted all consumers affected by such interruption will be notified in advance whenever it is possible to do so.

19. Backflow Preventors

Special services and fire connections shall have backflow preventors of a type approved by the District, installed at the cost of the customer or applicant for service.

20. Cross-Connection

Kentucky Department of Health, Kentucky Public Service Commission and these Rules and Regulations do hereby explicitly state that cross-connection of the District's system with any other source is hereby prohibited.

change or modify existing District owned equipment, mains or appurtenances. Same shall reimburse District for such changes at actual cost including appropriate legal, administrative, engineering and overhead costs.

22. Damage to District's Water System

No person shall maliciously, willfully, or negligently break, damage destroy, uncover, deface, or tamper with any structure appurtenance, or equipment which is a part of the District's water works. Any person violating this provision shall be subject to immediate arrest and/or discontinuation of water service and shall pay the cost of repairing or replacing the pipe or appurtenance.

Any person, firm or organization involved in work around or near the District's distribution mains or appurtenances may request the District to indicate location of same. However, indication by the District of same does not relieve such person of complete responsibility and liability for any and all damages, liability and loss resulting from any act of such person or his assigns and/or agent.

23. Additional Load

The service connection supplied by the District for each customer has a definite capacity, and no addition to the equipment or load connected thereto will be allowed except by consent of the District. Failure to give notice of additions or changes in load, and to obtain the District's consent for same, shall render the customer liable for any damage to any of the District's lines or equipment caused by the additional or changed installation.

24. Notice of Trouble

The customer shall notify the District immediately should the service be unsatisfactory for any reason, or should there be any defects trouble or accidents affecting the supply of water.

request in writing, in a form approved by the District, for such extension.

The District shall construct water main extensions under the authority and procedure stipulated in Public Service Commission Regulation 807 KAR 5:006 and any extension made under this option shall be subject to refund as outlined in said regulation.

The applicant must execute a contract and agreement for line extension on form approved by the District.

Extendor applicant is hereby notified that all other rules, rates and regulations pertaining to fees applicable to size and type of service requested shall be paid in addition to cost of extension.

26. Complaints

Complaints may be made to the operator of the system whose decision may be appealed to the District Managers. Such appeal shall be in writing within ten days of date of decision by operator, stating the nature of the complaint and supporting evidence. Decisions of the District's managers or operator may be brought before the Public Service Commission in accordance with 807 KAR 5. The Public Service Commission toll free number is 1-800-772-4636.

27. Sale of Water

Water furnished by the District may be used for domestic consumption by the customer's household or business, subject to special service agreements. The customer shall not sell, donate, give or allow use of such water to any authorized or unauthorized party.

28. Special Charges

Special charges may be assessed to the customer for returned checks, meter rereads, and meter tests at the specified charges shown below:

A. A charge of \$20.00 will be made for each check returned to the District by the bank.

B. A charge of \$20.00 will be made to reread a meter at the customer's request unless such reread reveals that the initial

29. Special User Agreements for Non-Standard Service

Each applicant for non-standard service shall execute to the District an agreement for special service.

30. Fire Hydrants

Customers desiring installation of a fire hydrant may contract with the District for installation at the customer's expense.

A monthly charge for a fire hydrant is \$15.00.

Water mains not designed to carry fire-flows shall not have fire hydrants connected to them. The District is not responsible for, nor does it guarantee, any minimum pressure at these hydrants, other than the minimum pressure required by the Public Service Commission for distribution lines. Any damage to the distribution lines, resulting from excessive pumping pressure applied by any fire fighting unit will be the liability of that unit.

RULES AND REGULATIONS (Continued from sheet 3)

8. Meters, meter boxes and covers, valves and fire hydrants as well as all other facilities of the Water District's plant and distribution system are classed as private property under Kentucky law. Anyone tampering with a meter or damaging any unit of District property shall be subject to prosecution under the law and all costs incurred by the District in making repair to or replacement of such damaged property shall be paid by the offender.

9. The District assumes no responsibility for payment of water bills to a person or persons not authorized to receive such payments by the District.

10. Each District meter is to serve only one residence, one commercial building or other structure which cannot be classified as a multiunit water consumer. A multiunit water consumer is any location/^{served} where there are two or more residential apartments, two or more businesses in the same building, or where there is any combination of residence and business in the same building. Each residence or business shall be considered as a separate customer. Extension of customer service lines from any point on the customer's side of meter or delivery of water in any manner to a location other than to the customer in whose name the meter is registered shall be considered a violation of the District's operating rules. Where separate meters for each family or water using unit cannot feasibly or economically be installed or the customer refuses to make such separation, the monthly meter reading will be divided by the number of water using units being served and the billing computed as if each user had a separate meter. The customer in whose name the meter is registered shall be responsible for payment of the total bill.

The foregoing rules and regulations shall be effective for all water service rendered on and after March 15, 1969 and will remain in effect until such time as written amendments thereto are published.
