RULES AND REGULATIONS

These Rules and Regulations govern the furnishing of water service by Lawrence County Water District hereinafter referred to as the District and apply to all service received from the District. No employee or individual Commissioner of the District is permitted to make an exception to these Rates, Rules, or Regulations. These Rules and Regulations are to be in effect so long as they are not in conflict with the Kentucky Public Service Commission's Rules and Regulations (807 KAR 5:001 - 5:076). The District is subject to all Rules and Regulations of the Kentucky Public Service Commission even though not Contained herein.

1. SCOPE

This Schedule of Rules and Regulations is a part of all contracts for receiving water service from the District, and applies to all service received from the District whether the service is based upon contract, agreement, signed application, or otherwise. A copy of this schedule, together with a copy of the District's Schedule of Rates and Charges shall be kept open to inspection at the office of the District. The Rules are promulgated under direction and authority granted pursuant to Chapter 5 of Kentucky Administrative Regulations (807 KAR 5). The aforesaid rules and regulations are hereby adopted and included the same as if herein written.

2. REVISIONS

These Rules and Regulations May be revised, amended supplemented or otherwise changed from time to time by either of the two (2) following methods:

- A. By order of the Kentucky Public Service Commission upon formal application by the District, and after hearing **PUBLIC SERVICE COMMISSION OF KENTUCKY** by Commission Regulation set forth in 807 KAR 5:017 **EFFECTIVE**

B. By issuing and filing on at least twenty (20) days notice to the Kentucky Public Service Commission all proposed changes in the Rules and Regulations, as provided by Commission Regulations set for in 807 KAR 5:011.

3. CONFLICTS

In case of conflict between any provisions of any rate schedule and the schedule of rules and regulations, the rate schedule shall apply. Also, should the rules contained herein conflict with rules in effect under 807 KAR 5, the provisions of 807 KAR 5 shall take precedence over those contained herein.

4. APPLICATION FOR SERVICE

Any person, firm, agency or governmental entity within the current boundary of the District may request service. Applications for service must be in writing on a form approved by the District.

Each applicant for service shall be required to execute and sign the District's standard application for water service before service is supplied by the District. Under Kentucky Public Service Commission order, dated September 1, 1981, Case No. 8248, a 5/8" X 3/4" meter shall be the standard customer service meter and should be installed at all points of service unless the customer provides sufficient justification for the installation of a larger meter.

C
3/14/2000

5. NON-STANDARD SERVICE

Each prospective customer requiring a non-standard service (i.e., other than a 5/8" X 3/4" meter) shall present to the District sufficient justification for same. Insofar as prospective customer requirement may meet those of standard service presently in effect by District same be applied.

6. POINT OF DELIVERY

The point of delivery is the point where the meter or vault is located on the customer's premises. All water lines, plumbing, and equipment beyond the meter shall be installed and maintained by the customer. The District reserves the right to determine the location of point of delivery with full regard to those wishes of the prospective customer.

7. CUSTOMER'S SERVICE LINE

All service lines beyond the metering point should be installed of material consisting of copper, galvanized, PVC or PE pipe with rating not less than 200 psi. The size of service line beyond the point of delivery should not be less than 3/4".

Should an applicant for service desire a higher pressure due to his location or need, he may make provision for an individual pressure booster system. The manner of connection, location cross-connection protection and type is subject to approval by the District. The District reserves the right to require discontinuance and disconnection should the private booster system have a detrimental effect on the District's system.

8. OWNERSHIP OF MAINS, SERVICES & APPURTENANCES

All mains, fire hydrants, valves, crossings and other appurtenances are and shall remain the property of the District, whether installed by the District or the customer.

All service lines from main to meter with appurtenances shall be and remain the property of the District, whether installed by the District or the customer.

9. **DISCONTINUANCE OF SERVICE BY DISTRICT**

Water service may be discontinued by the District for any violation of any rule, regulation, or condition, and especially for any of the following reasons:
(after proper notification)

- a. Misrepresentation in the application or contract as to the property or fixtures to be supplied or additional use to be made of water, with 10 days notice.
- b. Resale of water.
- c. Waste or misuse of waste due to improper or imperfect service pipes and/or failure to keep such pipes in a suitable state of repair.
- d. Tampering with meter, meter seal, service, or valves, or permitting such tampering by others, pursuant to Section 14(3)(g).
- e. Connection, cross-connection, or permitting the same, of any separate water supply to premises which receive water from the District.
- f. Non-payment of bills, pursuant to Section 14,(2).
- g. When a dangerous condition is found to exist on the customer's or applicant's premises, with reference to the continuation of water service, water service shall be cut off without notice or shall be refused, provided the District shall notify the customer or applicant immediately of the reasons for the discontinuance or refusal and the corrective action to be taken by the applicant or customer before service can be restored.

10. BILLING

Bills and notices relating to the conduct of the business of the District will be mailed to the customer at the address listed on the "User's Agreement" unless a change of address has been filed in writing with the District; and then District shall not otherwise be responsible for delivery of any bill or notice nor will the customer be excused from the payment of any bill or any performance required in said notice.

Bills for water service are due and payable at the office of the District, or to any designated agent on the date of issue. The past due date shall be the twentieth (20th) day after the date of issue. Bills will be dated and mailed on or about the twenty-third (23rd) of each month.

A bill not paid on or before the past due date shall be deemed delinquent. When a bill has been delinquent for a period of twenty days, the District shall serve the delinquent customer a written final notice of said delinquency, and of the intent of the District to discontinue service ten days after the date of such notice unless such bill is paid prior to the expiration of such ten days. If a delinquent bill is not paid within ten days after date of such final notice (thirty days from the past due date), the water supply to the customer may be discontinued without further notice; provided, however, if, prior to discontinuance of service, there is delivered to the District, or its employee empowered to discontinue service, a written certificate signed by a physician, a registered nurse, or a public health officer that, in the opinion of the certifier, discontinuance of service will aggravate an existing illness or infirmity of the affected premises, service shall not be discontinued until the affected resident can make other living arrangements or until thirty (30) days elapse from the time of the District receipt of said certification, which ever occurs first.

11. DISCONTINUANCE OF SERVICE BY CUSTOMER

Any customer having fulfilled their contract terms and desiring to discontinue the water service to his premises for any reason must give notice of discontinuance in writing at the business office of the District at least three (3) days prior to the date on which the customer desires to discontinued service. If such notice in writing is not given, a customer shall remain liable for all water used and service rendered to his premises by the District until said notice is received by the District. Notice may also be given in person or by phone.

12. RECONNECTION FEE

Where the water supply to the customer has been discontinued for non-payment of delinquent bills, a charge of \$15.00 will be made for reconnection of water service, but the reconnection will not be made until all delinquent bills and other charges, if any, owed by the customer to the District have been paid.

13. DEPOSIT

The District reserves the right to require that a nominal amount be placed on deposit with the District for the purpose of establishing or maintaining any customer's credit. The deposit will be \$35.00 for residential customers and \$100.00 for commercial customer. Upon payment of deposit, the District shall issue to the customer a certificate of deposit, showing the name of the customer, the location of the initial premises occupied by the customer, and the date and amount of the deposit.

RULES AND REGULATION

Interest will be paid on deposits as required by law, on an annual basis either by refund or credit to the customer's bill, except that no refund or credit will be made if the customer's bill is delinquent on the anniversary date of the deposit.

14. ADJUSTMENT RELATIVE TO ERRONEOUS METER

If upon periodic test, request test, or complaint test, a meter in service is found to be more than two percent fast, additional tests shall be made to determine the average error of the meter. Said tests shall be made in accordance with commission regulations applicable to the type of meter involved.

- a. If test results show an average error greater than two percent fast or slow, or if a customer has been incorrectly billed for any other reason the utility shall immediately determine the period during which the error has existed, and shall recompute and adjust the customer's bill to either provide a refund to the customer or collect an additional amount of revenue from the underbilled customer. The utility shall readjust the account based upon the period during which the error is known to have existed. If the period during which the error existed cannot be determined with reasonable precision, the time period shall be estimated using such data as elapsed time since the last meter test, if applicable, and historical usage data for the customer. If that data is not available, the average usage of similar customer loads shall be used for comparison purposes in calculation the time period. If the customer and the utility are unable to agree on an estimate of the time period during which the error existed, the commission shall determine the issue. In all instances of overbilling the customer's account shall be credited or the overbilling amount refunded at the discretion of the customer within 30 days after final meter test results. Customer repayment of under-billing will not be made over a period shorter than a period coextensive with the underbilling.

- b. If the result of such tests shows an average error greater than 2% slow, the customer's bill for the period during which the meter error is known to have existed, shall be recomputed and the account adjusted on the basis of the test. If the period during which the meter error existed cannot be determined, then the bill will be adjusted pursuant to 807 KAR 5:006, Section 10.
- c. If the result of such tests necessitates making a refund or back billing a customer, the customer shall be notified in writing of the percentage of error, fast or slow, the date(s) of testing, and the amount of charge or credit to be shown on the next bill of the customer.

15. **METERS**

All meters shall be installed, renewed, and maintained at the expense of the District, and the District reserves the right to approve the size and type of meter used. It shall be the policy of the District to test each water meter pursuant to Public Service Commission Regulation 807 KAR 5:066 Section 16. In addition, upon written request of any customer, the meter servicing such customer shall be tested by the District, pursuant to Public Service Commission Regulation 807 KAR 5:006, Section 20.

16. **FAILURE OF WATER METER**

Where a meter is found to be in error, the customer's bill will be adjusted in accordance with Section 14 herein per Kentucky Public Service Commission Regulation 807 KAR 5:006, Section 10. Where a meter has ceased to register, the District will estimate the monthly bill of the customer for the month that the meter is replaced. The estimated bill will be based upon the previous six month's usage.

17. RIGHT OF ACCESS

The customer must agree to permit the District to lay, maintain, repair, or remove its water lines that are located on the customer's property with the right of ingress-and-egress over customer's property. The District's duly authorized representative and/or other duly authorized employee of the State Health Department bearing proper credentials and identification shall be permitted to enter upon all properties for the purpose of inspection, observation, measurement, sampling and testing in accordance with the provisions of these Rules and Regulations.

18. INTERRUPTION OF SERVICE

The District will use reasonable diligence in supplying water service, but shall not be liable for loss, injury, or damage to persons or property resulting from interruptions in service excessive or inadequate water pressure. The District does hereby explicitly state that its system is one for rural domestic consumption and that its allowance of connections to its system for fire protection whether by design or implication is only for such benefit as a customer may be able to derive from such connection.

The District shall in no event be held responsible for any claim made against it by reason of breaking of any mains or service pipes or by reason of any other interruption of the supply of water caused by the failure of machinery or stoppage for necessary repairs. No person shall be entitled to damages nor for any portion of a payment refunded for any interruption of service which in the opinion of the District may be deemed necessary.

807 KAR 5:066. WATER

Section 1. Extension of Service.

(1) Normal Extension:

An extension of fifty (50) feet or less shall be made by a utility to its existing distribution main without charge for a prospective customer who shall apply for contract to use service for one (1) year or more provides a guarantee for such service.

(2) Other Extensions:

(a) When an extension of the utility's main to serve an applicant or group of applicants amounts to more than fifty (50) feet per applicant, the utility may if not inconsistent with its filed tariff require the total cost of the excessive footage over fifty (50) feet per customer to be deposited with the utility by the applicant or the applicants, based on the average estimated cost per foot of the total extension.

(b) Each customer receiving service under such extension will be reimbursed under the following plan: Each year for a period of not less than ten (10) years, which for the purpose of this rule shall be the refund period, the utility shall refund to the customer or customers who paid for the excessive footage the cost of fifty (50) feet of the extension in place for each additional customer connected during the year whose service line is directly connected to the extension

(h) "RATIONING" shall mean that procedures must be established to provide for the equitable distribution of critically-limited raw or treated water supplies, in order to balance demand and limited available supplies, and to assure that sufficient water is available to preserve public health and safety.

Section 3. Applicability. The provisions of this Plan shall apply to all retail and wholesale customers of the District. When implemented, this Plan becomes Lawrence County Water District Water Shortage Response Regulation.

Section 4. Entitlements. Entitlements shall be established for each customer by adjusting the base entitlement to reflect any known change in usage pattern.

Section 5. Determination of Water Shortage. Water supply and usage shall be monitored on a continuous basis. Unrestricted demand shall be projected from past records and adjusted for changes such as new development and weather conditions on a regular basis. Water shortages generally occur for two reasons, a reduction in available supplies or a system failure. Each of these has a distinct influence on the nature and duration of the conservation program implemented. Official declaration of a water shortage stage and implementation of the measures necessary to curtail water use shall be approved by the commissioners.

RULES AND REGULATIONS

MONITORING OF CUSTOMER USAGE

At least once annually the Company will monitor the usage of each customer according to the following procedure:

1. The customer's annual usage for the most recent 12-month period will be compared with the annual usage for the 12 months immediately preceding that period.
2. If the annual usage for the two periods are substantially the same or if any difference is known to be attributed to unique circumstances, such as unusual weather conditions, common to all customers, no further review will be done.
3. If the annual usages differ by 3.0 percent or more and cannot be attributed to a readily identified common cause, the Company will compare the customer's monthly usage records for the 12-month period with the monthly usage for the same months of the preceding year.
4. If the cause for the usage deviation cannot be determined from analysis of the customer's meter reading and billing records, the Company will contact the customer by telephone or in writing to determine whether there have been changes such as different number of household members or work staff, additional or different appliances, changes in business volume, or know leaks in the customer's service line.
5. Where the deviation is not otherwise explained, the Company will test the customer's meter to determine whether it shows an average error greater than 2 percent fast or slow.
6. The Company will notify the customers of the investigation, its findings, and any refunds or back-billing in accordance with 807 KAR 5:006, Section 10 (4) and (5).

C
3/14/2000

In addition to the annual monitoring, the Company will immediately investigate usage deviations brought to its attention as a result of its on-going meter reading or billing processes or customer inquiry.

RULES AND REGULATIONS

REQUIREMENT'S FOR SERVICE LINE FROM THE METER TO YOUR RESIDENCE OR PLACE OF BUSINESS

1. Service lines should be at least thirty (30) inches in depth. The first six (6) inches of back-fill should be minus of rock.
2. All service tubing will be at least 3/4" in size and at least 200 PSI. If a larger line needs to be run, the Water District has the right to explain the reason and purpose of such.
3. A cut off valve will be installed outside the meter vault for your use. The valve inside the valve is for Water District Personnel only.
4. A Watts no.7 Back Flow Preventer is to be placed on your line at any connection's for yard hydrant or service lines to other fixtures. These back-flow preventers are to protect your hot water heater elements from burning out in case of a leak or shut off of the District line's and to protect you from any contamination that may happen on your premises.
5. Brass fittings will be used when connecting to the meter, valves and regulator. The regular is an option that we leave up to you the customer. We are required to furnish 30 PSI at the meter connection, not to exceed 150 PSI. A water employee can give you the approximate pressure at your location.
6. The service line shall be left open for the inspection of the Water District and the Lawrence County Plumbing Inspector.
7. Any deviation from these rules must be approved by the Water District and the Plumbing Inspector of Lawrence County.
8. After the proper inspection's have been approved the water meter will be placed in the meter vault.
