

**RULES AND REGULATIONS**

- C. Any customer desiring to discontinue the water service to his premises for any reason must give notice of discontinuance in writing at the business office of the District; otherwise, a customer shall remain liable for all water used and service rendered by the District until said notice is received by the District.
- D. Bills and notices relating to the conduct of the business of the District will be mailed to the customer at the address listed on the users agreement unless a change of address has been filed in writing with the District; and the District shall not otherwise be responsible for delivery of any bill or notice nor will the customer be excused from the payment of any bill or any performance required in said notice.
- E. 1. Bills for water service are due and payable at the office of the District, or to any designated agent, on the date of issue. The past due date shall be the tenth day after the date of issue. Bills will be dated and mailed on the first day of each month.  
 2. All bills not paid on or before the past due date shall be deemed delinquent. The district may serve a customer a written final notice of said delinquency. If delinquent bill is not paid within ten days after date of such final notice, the water supply to the customer may be discontinued without further notice.
- F. Where the water supply to the customer has been discontinued for nonpayment of delinquent bills, a charge of \$ 5.00 will be made for reconnection of water service, but the reconnection will not be made until after all delinquent bills and other charges, if any, owed by the customer to the District have been paid.
- G. The District reserves the right to request a nominal sum to be placed on deposit with the District for the purpose of establishing or maintaining any customer's credit.
- H. All meters shall be installed, renewed, and maintained at the expense of the District and the District reserves the right to determine the size and type of meter used.

**RULES AND REGULATIONS**

- I. Upon written request of any customer, the meter serving said customer shall be tested by the District. Such test will be made without charge to the customer if the meter has not been tested within twelve months preceding the requested test; otherwise, a charge of \$2.00 will be made and then only if the test indicates meter accuracy within the limits of 2%. If a meter is inaccurate in excess of 2%, adjustments shall be made for the twelve preceding months prior to test according to the inaccuracy in excess of 2%.
- J. Where a meter has ceased to register, or meter reading could not be obtained, the quantity of water consumed will be based upon an average of the prior twelve months consumption and the conditions of water service prevailing during the period in which the meter failed to register.
- K. The District shall make all reasonable efforts to eliminate interruption of service and when such interruptions occur will endeavor to reestablish service with the shortest possible delay. When the service is interrupted all consumers affected by such interruption will be notified in advance whenever it is possible to do so.
- L. The District shall in no event be held responsible for any claim made against it by reason of the breaking of any mains or service pipes or by reason of any other interruption of the supply of water caused by the failure of machinery or stoppage for necessary repairs. No person shall be entitled to damages nor for any portion of a payment refunded for any interruption of service which in the opinion of the District may be deemed necessary.
