DEPOSITS

The Company may require a minimum cash deposit or other guaranty to secure payment of bills except for customers qualifying for service reconnection pursuant to 807 KAR 5:006, Section 15, Winter Hardship Reconnection. Service may be refused or discontinued for failure to pay the requested deposit. Interest, as prescribed by KRS 278.460, will be paid annually either by refund or credit to the customer's bill, except that no refund or credit will be made if the customer's bill is delinquent on the anniversary date of the deposit.

The deposit may be waived upon a customer's showing of satisfactory credit or payment history, and required deposits will be returned after on (1) year if the customer has established a satisfactory payment record for that period. If a deposit has been waived or returned and the customer fails to maintain a satisfactory payment record, a deposit may then be required. The Company may require a deposit in addition to the initial deposit if the customer's classification of service changes or if there is a substantial change in usage. Upon termination of service, the deposit any principal amounts, and any interest earned and owing will be credited to the final bill with any remainder refunded to the customer.

In determining whether a deposit will be required or waived, the following criteria will be considered:

1. Previous payment history with the Company. If the customer has no previous history with the Company, statements from other utilities banks, etc. may be presented by the customer as evidence of good credit.
2. Whether the customer has an established income or line of credit
3. Length of time the customer has resided or been located in the area.
4. Whether the customer owns property in the area.
5. Whether the customer has filed bankruptcy proceedings within the last seven years.
6. Whether another customer with a good payment history is willing to sign as a guarantor for an amount equal to the required deposit.

If a deposit is held longer than 18 months, the deposit will be recalculated at the customer's request based on the customer's actual usage. If the deposit on account differs from the recalculated amount by more than \$10.00 for a residential customer or 10 percent for non-residential customer, the Company may collect any underpayment and shall refund any overpayment by check or credit to the customer's bill. No refund will be made if the customer's bill is delinquent at the time of the recalculation.

Water districts should substitute KRS 74.050 and water association should substitute KRS 273.392 since these statutes govern the rate of interest to be paid by water districts and associations.

RULES AND REGULATIONS

1. Residential and commercial service shall consist of a 3/4 inch off 3 inch connection to the districts main, a 3/4 inch service line and a meter setter enclosed on a concrete or clay box with a metal cover. Services of a larger size may be installed of the customers expected water use will justify such installation.
2. Meters will be installed in the service at the customers request provided the required deposit and service installation costs (if any) have been made or terms of payment have been agreed to.
3. Service and installations to a location where no service line has previously been installed will be paid for at actual cost by the customer. This cost will consist of labor and materials as determined by the water superintendent. Estimates of the costs will be furnished to the customer prior to installation, but the amount so estimated is subject to adjustment based upon costs actually incurred by the district. No cost will be incurred by the district until the customer has entered into a contract whereby he accepts the obligation to pay such costs.
4. Main extentions will be considered of their individual merit. The district will not pay for any main extentions beyond 50 feet for a single customer. Costs beyond 50 feet will be paid by the customer or customers. Costs for service lines are in addition to main extentions.
5. Customers will be billed for service at the rate currently in effect for the district on or about the first of each month based on meter readings obtained during the previous month. Such bills shall be on a form which clearly shows the present and previous meter registrations of the customers meter, the gallons of water consumed, and the amount of service charge, the amount of Kentucky Sales Tax, and use tax, any penalties then due, and the total amount to be paid.
6. Customer billings not paid on or before the 10th day of each month shall be subject to the addition to a 10% penalty charge. Customer billings not paid within 15 days thereafter shall be cause for removal of the meter and discontinuance of waterservice.

RULES AND REGULATIONS

7. Meters, meter boxes, covers, valves, and fire hydrants as well as all other facilities of the Water Districts Plant and Distribution System are classified as private property under Kentucky Law. Anyone tampering with a meter or damaging any unit of the Districts property shall be subject to prosecution under the Law. All costs incurred by the district in making repairs to or replacement of such damaged property shall be paid by the offender.

8. The District assumes no responsibility for payment of water bills to a person not authorized to receive such payment by the District.

9. Each district meter is to serve only one residence, one commercial building, or other structure which cannot be classified as a multiunit water consumer.

10. Extension of customer service lines from any point on the customers side of a meter or delivery of water in any manner to a location other than to the customer in whose name the meter is registered shall be considered a violation of the Districts Operating Rules.

11. The customer or property owner whose name in which the meter is registered shall be responsible for payment of the amount of water consumed each month.
