DEPOSIT. A deposit or suitable guarantee equal to approximately twice the average water bill monthly may be required of any customer before water service is supplied. The District may at its option return the deposit plus six percent (6%) annual interest to the customer after one year. Upon termination of service, deposit and interest may be applied by the District against any unpaid bills of the customer, and if any balance remains after such application is made, said balance shall be refunded to the customer. Upon demand by the customer, the District will pay or credit bill of customer with interest at the end of each year from date of deposit, providing demand is made by the customer for payment or credit. In the absence of such demand interest continues to run, but the company may voluntarily credit the bill with interest.

NONSTANDARD SERVICE. Customer shall pay the cost of any special installation necessary to meet his peculiar requirements for service other than standard water tap.

SCOPE. This Schedule of Rules and Regulations is a part of all contracts for receiving water service from the District, and applies to all service received from the District whether the service is based upon contract, agreement, signed application, or otherwise. A copy of this schedule, together with a copy of the District's Schedule of Rates and Charges, shall be kept open to inspection at the Office of the District.

DAMAGE TO DISTRICT'S WATER SYSTEM: No person shall maliciously, willfully, or negligently break, damage, destroy, uncover, deface, or tamper with any structure appurtenance, or equipment which is a part of the District's water works. Any person violating this provision shall be subject to discontinuation of water services and shall pay the cost of repairing or replacing the pipe or appurtenances as may be determined by a court of law having jurisdiction.

RELOCATION OF WATER FACILITIES. District may ~~at the request of customer,~~ relocate or change existing District-owned equipment. Customer shall reimburse District for such changes at actual cost including appropriate overhead.

REVISIONS. These Rules and Regulations may be revised, amended, supplemented, or otherwise changed from time to time by either of the two (2) following methods;

- a. By order of the Public Service Commission upon formal application by the District, and after hearing, as provided by Commission regulation set forth in KAR 807 5:011, Section 6.
- b. By issuing and filing on at least twenty (20) days notice to the Commission and the public all proposed changes in the Rules and Regulations set forth in 807 KAR 5:011, Section 8.

CONFLICT: In case of conflict between any provisions of any rate schedule and the Schedule of Rules and Regulations, the rate schedule shall apply.

BILL ADJUSTMENT. In conformity with 807 KAR 5:006, Section 9 of Commission regulations, whenever a meter in service is found upon periodic request or complaint test to be more than two percent (2%) fast or two percent (2)% slow, then the customer's bill will be recomputed for the period in which the meter error occurred. If the period in which the meter error existed is unknown, then the bill will be recomputed for one-half (1/2) of the elapsed time since the last previous test, but in no case to exceed twelve (12) months. When a meter is tested and it is found necessary to make a refund or back bill a customer, the customer shall be given written notification of the date, location, and results of the test, as well as the amount to be deducted from or added to his regular bill.

All extensions to the system's transmission or service mains required to service a private development shall be subject to a Line Extension Agreement executed between the Developer and the Water District. The form of this Agreement is filed with and made part of this tariff.

FIRE HYDRANTS. The District may contract with fire protection districts, volunteer fire departments, developers and others to install and maintain fire hydrants and supply water for fire protection; provided, however, that (1) such users cannot use pumps to pull water from the hydrants, and (2) use of hydrants be strictly limited to authorized periodic drill purposes and emergency (i.e., fire fighting) use only.

PURCHASED WATER ADJUSTMENT CLAUSE. The District will implement upon PSC approval a purchased water adjustment designed to recover the increased costs of water purchased due to the fact that the District is not financially able to absorb the increased costs from its supplier.

The following charges for special services shall be made:

1. Service Connection Charge. A charge of \$10.00 shall be made for all reconnections made during regular working hours, except there shall be no connection charges made for service on the original installation of facilities. If service is reconnected other than during regular working hours, the charge shall be \$15.00.

2. Delinquent Service Charge. A charge of \$10.00 shall be made for a trip to disconnect a delinquent account. A reconnection charge of \$10.00 shall be made if reconnection is made during regular working hours. If reconnected after regular working hours, the charge shall be \$15.00.

3. Meter Reading Recheck Charge. A charge of \$10.00 shall be made for a trip to recheck a meter reading when the customer requests the meter to be rechecked for a correct reading and the meter was not misread.

4. Meter Test Request. Upon request and payment of \$15.00 a customer may have his meter tested provided request by the customer is not more frequent than once each twelve months. If such test shows the meter to be more than two percent fast, a refund of the \$15.00 shall be made and the bill adjusted accordingly.

5. PSC Meter Test Complaint. Any customer of the District may request a meter test by written application to the Commission.

6. Service Investigation Charge. A charge of \$10.00 per trip shall be made for service investigation during regular working hours if interruption of service is not caused by failure of District's facilities. The charge for investigation after working hours will be \$15.00 per trip. Any maintenance and repair of facilities beyond District's delivery point is the responsibility of the customer.

7. Contribution in Aid of Construction. The established hook-up fee is based on the size of metering equipment required as noted below.

Recreational uses other than those specified in Class 2.

Non-commercial washing of motor and other vehicles.

Air Conditioning (see also Class 2 purposes):

- refilling cooling towers after draining.

(d) "Base Entitlement" shall mean the monthly usage for a customer during the same month of the preceding calendar year or the average per customer usage for each class of service during the same month of the preceding year.

(e) "Curtailed Entitlement" shall mean the monthly usage for a customer after any curtailment percentage has been applied.

SERVICE COMMISSION

(f) "Curtailment" shall mean the reduction in entitlement by some percentage to meet anticipated water shortages.

(g) Water Shortage Response Phases:

"Advisory" shall mean that conditions exist which indicate the potential for serious raw or treated water supply shortages.

"Alert" shall mean the raw or treated water supplies are consistently below seasonal averages, and if they continue to decline, may not be adequate to meet normal needs.

"Emergency" shall mean that raw or treated water supplies are below the level necessary to meet normal needs and that serious shortages exist in the area.

"Rationing" shall mean that procedures must be established to provide for the equitable distribution of critically-limited raw or treated water supplies, in order to balance demand and limited available supplies, and to assure that sufficient water is available to preserve public health and safety.

Section 3. Applicability. The provisions of this Plan shall apply to all retail and wholesale customers of the Southside Water Assoc. District. When implemented, this Plan becomes Southside Water Assoc. Water Shortage Response Regulation.

Section 4. Entitlements. Entitlements shall be established for each customer by adjusting the base entitlement to reflect any known change in usage pattern.

Section 5. Determination of Water Shortage. Water supply and usage shall be monitored on a continuous basis. Unrestricted demand shall be projected from past records and adjusted for changes such as new developments and weather conditions on a regular basis. (Note: A sample calculation page is attached as Appendix A to assist in determining overall water levels. It is important that accurate water measurements be used.) Water shortages generally occur for two reasons, a reduction in available supplies or a system failure. Each of these has a distinct influence on the nature and duration of the conservation program implemented. Official declaration of a water shortage stage and implementation of the measures necessary to curtail water use shall be approved by the Lee Co Fiscal Court / Southside Water Assoc.

Section 6. Term of Water Shortage Declaration. Any water shortage declaration shall remain in effect until water supplies of service conditions have returned to normal. A final determination as to terminating a water shortage declaration shall be made by the Chairman of Southside Water Assoc.

Section 7. Water Shortage Stage, Criteria, Conservation and Curtailment Measures.

A. Advisory Stage:

- (1) Criteria: A water advisory shall be declared when the amount of treated water or raw water available for treatment is projected to be up to 3 % below demand, or there are periods of low water pressure in one or more areas of the distribution system due to system failure or inadequacies or the State Division of Water issues a Water Shortage Watch which includes the areas from which the Southside Water Assoc. draws water. (Note: Additional conditions may be added based on local conditions.)
- (2) Conservation and Curtailment Measures:
- (a) Declare a Water Shortage Advisory.
 - (b) Provide proper notice to all customers and to all local news media.
 - (c) Eliminate all water leaks.
 - (d) Request voluntary conservation of all non-essential (Class 3) water use.
 - (e) Request wholesale customers also issue request for voluntary conservation by their customers of all non-essential (Class 3) water use.

B. Alert Stage:

- (1) Criteria: A water alert shall be declared when the amount of treated water available is projected to be up to 10 % below demand, or raw water supplies are consistently below seasonal averages and if they continue to decline, may not be adequate to meet normal needs. (Note: Additional conditions may be added based on local conditions.)

Conservation and Curtailment Measures:

- (a) Declare Water Shortage Alert.
- (b) Provide proper notice to all customers and to all local news media.
- (c) Eliminate all water leaks.
- (d) Prohibit all non-essential (Class 3) water uses.

Section 8. Enforcement of Water Restriction. Any person who violates the provisions of this Plan, who fails to carry out the duties and responsibilities imposed by this Plan, or who impedes or interferes with any action undertaken or ordered pursuant to this Plan shall be subject to the following:

- (a) If the utility official charged with implementation and enforcement of this Plan learns of any violation of any water use restriction imposed, a written notice of the violation shall be affixed to the property where the violation occurred and mailed to the customer of record. Said notice shall describe the violation and order that it be corrected, cured, or abated immediately or within 48 hours.
- (b) The notice will inform the customer of his or her right to appeal by requesting a hearing before the utility's designee. If a hearing is requested by the customer, he or she shall be given full opportunity to be heard

before termination. The governing body shall make findings of fact and decide whether service should continue or terminate.

- (c) Any customer whose water service is terminated for violating provisions of this water curtailment plan shall be subject to the approved reconnection fee prior to reconnection of service.
- (d) The excess usage charge billing provisions of this Plan shall not be put in effect if a county or city ordinance containing penalty provisions is in effect to assist enforcement of this Plan.

Section 9. Request for Exception.

(a) Exception to water use restrictions: If compliance with any curtailment measure authorized herein would cause a customer to bear extraordinary hardship, that individual or entity may apply to the Southside Water Assoc. Inc. for an exception. For these purposes, "extraordinary hardship" shall be defined as a condition which may threaten health and safety, or cause property or economic losses, each of which must be shown to be substantially more severe than the sacrifices borne by other users. If extraordinary hardship is found to exist, then an exception shall be granted and a written waiver issued to the customer. If an appeal is made, water service shall be continued until a decision is announced. Any person aggrieved by the decision may file a complaint with the Public Service Commission.

(b) Exception to curtailment surcharge: Exceptions to excess use charges shall not be considered or granted.

Section 10. Severability. If any provision of this Plan is declared invalid by the courts, the remainder of the Plan and its applicability to other persons and circumstances shall not be affected by that declaration.

Section 11. Effective Date. This Plan shall take effect immediately upon approval by the Public Service Commission.
