SHEET NO. 1

**RULES AND REGULATIONS**

1. These rules and regulations are in addition to the rules of the Kentucky Public Service Commission, hereinafter referred to as the "Commission".
  2. Any resident of the WEST DAVIESS COUNTY WATER DISTRICT is eligible for water service from the District. The applicant shall be responsible for the cost of any main line extension in excess of 50 feet which is required to provide the requested service.
  3. Any customer desiring service terminated or changed from one address to another shall give the utility three (3) working days notice in person, in writing, or by telephone, provided such notice does not violate contractual obligations or tariff provisions. The customer shall not be responsible for charges for service beyond the three (3) day notice period if the customer provides reasonable access to the meter during the notice period. If the customer notifies the utility of his request for termination by telephone, the burden of proof is on the customer to prove that service termination was requested if a dispute arises.
- All applications for service, where the extension required for service does not exceed 50 feet, shall be accompanied by the sum of \$300.00 for a 3/4" meter as a contribution in aid of construction, which is not refundable; larger meters will require a larger non-refundable deposit. (1" = \$500.00, 1 1/2" = 1,150.00, 2" = 1,400.00)
5. Extension of service. (1) Normal Extension. An extension of fifty (50) feet or less shall be made by the District to its existing distribution main without charge for a prospective customer who shall apply for and contract to use service for one (1) year or more and provides a guarantee for such service. (2) Other Extensions: (a) When an applicants to more than fifty (50) feet per applicant, the District may, if not inconsistent with its filed tariff, require the total cost of the excessive footage over fifty (50) feet per customer to be deposited with the District by the applicant or applicants, based on the average estimated cost per foot of the total extension. (b) Each customer receiving service under such extensions will be reimbursed under the following plan: Each year for a period of not less than ten (10) years, which for the purpose of this rule shall be the refund period, the

**RULES AND REGULATIONS**

District shall refund to the customer or customers who paid for the excessive footage the cost of fifty (50) feet of the extension in place for each additional customer connected during the year whose service line is directly connected to the extension installed and not to extensions or laterals therefrom, but in no case shall the total amount refunded exceed the amount paid the District. After the end of the refund period, no refund will be required to be made. (3) An applicant desiring an extension to a proposed real estate subdivision may be required to pay the entire cost of the extension. Each year for a period of not less than ten (10) years, the utility shall refund to the applicant who paid for the extension a sum equivalent to the cost of fifty (50) feet of the extension installed for each additional customer connected during the year but in no case shall the total amount refunded exceed the amount paid to the District. After the end of the refund period from the completion of the extension, no refund will be required to be made. (4) Nothing contained herein shall be construed as to prohibit the District from making extensions under different arrangements that have been approved by the Commission. (5) Nothing contained herein shall be construed as to prohibit the District making at its expense greater extensions than herein prescribed, should its judgement so dictate, provided like free extensions are made to other customers under similar conditions. (6) Upon complaint to and investigation by the Commission, the District may be required to construct extensions greater than fifty (50) feet upon a finding by the Commission that such extension is reasonable 807 KAR 5:066, Section 11(6).

6. Where the customer's property is not contiguous to the main water line right-of-way, as in the case of being down a lane there from, the point of service shall be located as near the customer's property line as practicable. Prior to installation of the meter, the utility shall consult with the customer as to the most practical location.
7. All meters, service connections and other equipment shall be and remain the property of the District. Customers shall provide a space for, and exercise proper care to protect the property of the District on its premises, and in the event of loss or damage to the District's property arising from the neglect of the customer to care for same, the cost of necessary repairs or replacement shall be paid by the customer.

- 8. The point of delivery of water is the point where the meter is located. All water lines, plumbing and equipment beyond the meter shall be maintained by the customer.
- 9. The District may require from any customer or applicant for service a minimum cash deposit or other guarantee to secure payment of bills of an amount not to exceed 2/12's of the estimated annual bill of the customer or applicant where the bills are rendered monthly or an amount not to exceed 3/12's of an estimated annual bill of such customer or applicant where bills are rendered bimonthly or an amount not to exceed 4/12's of the estimated annual bill of such customer or applicant where bills are rendered quarterly. (2) The District shall issue to every customer from whom a deposit is received a certificate of deposit, showing the name of the customer, location of the initial premises occupied, date and amount of the deposit.

If a deposit is held longer than 18 months, the deposit will be recalculated at the customer's request based on the customer's actual usage. If the deposit on the account differs from the recalculated amount by more than \$10.00 for a residential customer or 10 percent for a non-residential customer, the District may collect any underpayment and shall refund any overpayment by check or credit to the customer's bill. No refund shall be made if the customer's bill is delinquent at the time of the recalculation.

- 11. Interest on deposits will be paid annually either by refund or credit to the customer's bill, except that no refund or credit will be made if the customer's bill is delinquent on the anniversary date of the deposit.
- 12. Upon termination of service, the deposit, any principal amounts, and any interest earned and owing will be credited to the final bill with any remainder refunded to the customer.
- 13. Meters will be read and bills rendered monthly.
- 14. All bills are payable at any branch of the National City Bank, Owensboro, Kentucky; any branch of Liberty National Bank, Owensboro, Kentucky; or at the water district office at \_\_\_\_\_ Owensboro, Kentucky,

**RULES AND REGULATIONS**

**Delayed Payment Charge:**

Fifteen days will be allowed for payment of a bill. Five days after due date (due date shown on the billing card) 10 percent penalty will be added to the bill. The penalty may be assessed only once on any bill for rendered service.

**Delinquent Procedure:**

After due date, and upon ten days written notice, water service will be discontinued for non-payment of water service bill. (a) After service is discontinued, the customer shall pay his delinquent account plus \$30.00 service charge to reconnect service during regular office hours.

**Bill Adjustment Procedure:**

(1) If test results on a customer's meter show an average error greater than two (2) percent fast or slow, the utility shall immediately determine the period during which the error has existed, and shall recompute and adjust the customer's bill to either provide a refund to the customer or collect an additional amount of revenue from the underbilled customer. The utility shall readjust the account based upon the period during which the error is known to have existed. If the period during which the error cannot be determined with reasonable precision, the time period shall be estimated using such data as elapsed time since the last meter test, if applicable, and historical usage data for the customer. If that data is not available, the average usage of similar customer loads shall be used for comparison purposes in calculating the time period. In all instances of customer overbilling, the customer's account shall be credited or the overbilled amount refunded at the discretion of the customer within thirty (30) days after final meter results. A utility shall not require repayment of any underbilling to be made over a period shorter than a period coextensive with the underbilling except that no customer shall be liable for unbilled service after two (2) years from the date of the service unless the customer obtained the service through fraud, theft, or deception. (See exception in subsection (3) of this section).

(2) It shall be understood that when a meter is found to have an error in excess of two (2) percent fast or slow, the figure for calculating the amount of the refund or the amount to be collected shall be that of the District shall be that

percentage of error as determined by the test, i.e., it is the duty of the District to maintain the accuracy of its measuring devices as nearly 100 percent as is commercially practicable. Therefore, percent error shall be that difference as between 100 percent and that amount of error as is indicated by the test.

(3) The burden of maintaining measuring equipment so that it will register accurately is upon the District; therefore, if meters are found upon test to register fast, the refund shall be specified in subsection (1) of this section. However, the Commission may relieve the District from this requirement in any particular case in which it is shown that the failure to make periodic test was due to causes beyond the District's control.

(4) The District shall make a reasonable attempt to determine if the amount of consumption for the current billing period for each customer is unduly excessive. If a comparison of consumption indicates a necessity therefore a test of the customer's meter shall be made and if the meter is found to register incorrectly to the customer's more than two (2) percent, the District shall recalculate the customer's bills in accordance with the forgoing provisions.

(5) When a meter is tested and it is found necessary to make a refund or back bill a customer, the customer shall be notified in substantially the following form:

"On \_\_\_\_\_, 19\_\_\_\_, the meter bearing identification number \_\_\_\_\_ installed in your building located at \_\_\_\_\_ (street and number) in \_\_\_\_\_ (city) was tested at \_\_\_\_\_ (on premises or elsewhere) and found to register \_\_\_\_\_ (percent fast or slow). The meter tested on \_\_\_\_\_ (periodic, request, complaint) test. Based upon this, we herewith \_\_\_\_\_ (charge or credit) you with the sum of \$ \_\_\_\_\_ which amount has been noted on your regular bill. If you desire a refund, rather than a credit to your account of the amount overbilled, you must notify this office in writing within (7) days of the date of this notice."

DAVIESS COUNTY WATER DISTRICT

**RULES AND REGULATIONS**

Meters will be tested by the Water District for a \$10.00 meter test charge. This will be done on a customer complaint test where the meter is tested and found to be within the Public Service Commission bounds of accuracy. This test is done by taking the meter out and placing it in series with a meter tested by the Public Service Commission testing laboratory.

After having first obtained a test from the utility, any customer of the utility may request a meter test by the Commission upon written application. Such request shall not be made more frequently on one meter than once each twelve (12) months. The meter is then sent to a licensed state testing facility. If this meter test proves accurate, then the customer is required to pay for the test. If the meter is wrong, then an adjustment will be made.

MONITORING OF CUSTOMER USAGE

PURSUANT TO 807 KAR 5:011,  
SECTION 9 (1)

BY: Jordan C. Neal  
FOR THE PUBLIC SERVICE COMMISSION

At least once annually the District will monitor the usage of each customer according to the following procedure:

1. The customer's annual usage for the most recent 12-month period will be compared with annual usage for the 12 months immediately preceding that period.
2. If the annual usage for the two periods are substantially the same or if any difference is known to be attributed to unique circumstances, such as unusual weather conditions, common to all customers, no further review will be done.
3. If the annual usages differ by 50% or more and cannot be attributed to a readily identified common cause, the Company will compare the customer's monthly usage records for the 12-month period with the monthly usage for the same months of the preceding year.
4. If the cause for the usage deviation cannot be determined from analysis of the customer's meter reading and billing records, the District will contact the customer by telephone or in writing to determine whether there have been changes such as different number of household members or work staff, additional or different appliances, changes in business volume, or known leaks in the customer's service line.
5. Where the deviation is not otherwise explained, the District will test the customer's meter to determine whether it shows an average error greater than 2 percent fast or slow.
6. The District will notify the customers of the investigation, its findings, and any refunds or backbillings in accordance with 807 KAR 5:006, Section 10 (4) and (5).

In addition to the annual monitoring, the District will immediately investigate usage deviations brought to its attention as a result of its on-going meter reading or billing processes or customer inquiry.
