RE: Kentucky-American Water Company Tariff Filing

Dear Mr. Derouen:

Kentucky-American Water Company (“KAWC”) is currently in the process of purchasing certain assets of the City of Millersburg’s (“Millersburg”) water and sewer systems that provide potable water and sewer services to customers located within Millersburg’s service area. Once the transaction closes, KAWC will provide water and sewer services to these customers.

With respect to water service, KAWC will serve these customers pursuant to its existing tariffed rates. With respect to sewer service, KAWC submits the enclosed proposed tariff for the Commission’s approval. The proposed tariff contains the rate currently charged by Millersburg for sewer service, which was enacted pursuant to Ordinance No. 2012-013, a copy of which is attached. In addition to the proposed tariff, KAWC is also submitting a revised cover page and table of contents that includes the new tariff. In revising the table of contents, KAWC discovered that its table of contents inadvertently omits Sheet No. 49.7, which pertains to KAWC’s delivered waste service in Owenton. The table of contents has been revised to include this tariff, but no changes to Sheet No. 49.7 are being proposed in this filing.

As a final matter, Millersburg currently sells water to the Harrison County Water Association and the Nicholas County Water District pursuant to water purchase contracts. KAWC will assume Millersburg’s rights and obligations under the contracts once the transaction closes. In accordance with 807 KAR 5:011, Section 13, please find enclosed copies of the water purchase contracts.
